

ART AND MUSIC 'TOUCHING THE HEART'

Dianna Fowler has been a professional artist for the past 16 years. She has used numerous types of mediums but prefers oil on canvas.

Dianna is a self-taught artist, but she is always looking, reading and studying pictures of art.

Many know that when she lost her beloved son Kemp, at the encouragement of her mother, she began to paint. She soon realized that when she is painting, she thinks of nothing but the painting itself.

She won 1st place in the very first art competition she entered while a member of an art club in Washington, Missouri.

Her love of snow scenes quickly became her Forte, but in recent years she began painting beautiful horses, to her delight she discovered people loved her horse painting.

She thanks GOD for the gift of art and hides a cross in each of her paintings and always places a cross above of her signature.

GOD has blessed Dianna with many gifts. She plays a 12-string guitar, writes, composes and sings non-typical gospel music. She has been honored to sing at our capital in Jefferson City.

Her heart is 'moved' by morning sunrises, beautiful sunsets, full moons and quite moments of nature.

Her GOD, husband Don and her great big, beautiful family (4 children, 11 grandchildren and 25 great grandchildren) are the greatest treasures of her life.
