## SPEAKERS AND TOPICS

### KIM KELLY — MSD Animal Health

- Is pre-lambing vaccination of ewes still relevant?
- The latest on Campylobacter:  
*Why annual boosters are important and abortions are just the tip of the iceberg*

### ROWAN CRAW — MSD Animal Health

- Flexolt®, a revolutionary new tool for lice control

### CALLUM MITCHELL — Cropmark Seeds

- The benefits of a pure clover pasture for both lactating ewes and finishing lambs; a South Otago case-study

### SAM LEWIS / ALISA MCDONALD — Clutha Vets

- Multifocal retinitis; a common, preventable cause of blindness in our working dogs

**Please contact your local Clutha Vets clinic to register for the event.**
