

MEYYA

TRANSFORM WITH MUSIC

WE LEVERAGE THE POWER OF MUSIC TO HELP YOU  
ACHIEVE YOUR GOALS AND IMPROVE MENTAL HEALTH

## **Introduction: What we do**

**A form of true self-expression, music is often the first place we turn to for refuge and healing amid our chaotic daily routines. MEYA harnesses these powerful impacts of music and psychoacoustic as a form of alternative therapy with various mindfulness and personal growth practices.**

**Our tracks are recorded at 432hz and other healing frequencies, to induce relaxation and stimulate a feeling of harmony, improving mood, mental alertness and memory, whilst reducing stress and anxiety.**

**We capitalise on these benefits and leverage them to your advantage, merging them with multi-level brainwave entrainment in order to lure you into a deeply meditative state and calm state.**

**Now we are looking for individuals and businesses to work with and spread the MEYA benefits to as many people as possible...**
