## Discussion

---

John Cox stated that Wakefield Township has \$50,000 of matching money for projects. He gave an update on the multi-use trail near Pikka Road. He added that the loggers are happy with the winter maintenance and that he has not received many complaints.

Steve Boyd asked about a deadline on the selection of gravel placement locations. Phil Strong stated that this list can be finalized during the spring road tours. Steve also commented on the great job the workers are doing on snow removal.

Discussion took place on the continuation of the Township Discussion Meetings. Further discussion will take place at the next MTA meeting. An update will be given.
