

GOGEBIC COUNTY ROAD COMMISSION
2026 WEST END: PULVERIZING AND HMA PAVING SERVICES BID

Bid of _____ (hereinafter called "BIDDER"), organized and existing under the laws of the State of _____ doing business as _____*, to the Gogebic County Road Commission (hereinafter called "OWNER").

In compliance with your Advertisement for Bids, BIDDER hereby proposes to perform all work for the construction of **2026 West End: Pulverizing and HMA Paving Services Bid** in accordance with the Contract Documents, within the time set forth herein, and at the prices stated below.

1. NOTICE TO BIDDERS

GCRC Bidding Instructions

The intent of the bid is to include all mainline paving projects scheduled for work in Gogebic County. This includes areas of pulverizing and paving mainline roads that the road commission intends to complete in 2026. All work described below (including Measurement and Payment) shall be as described in the MDOT "2020 Standard Specifications for Construction" (Standard Specifications), except as modified herein.

Additional projects may be added to the proposal by the road commission as they arise throughout the summer. Negotiated cost will be agreed upon prior to any additional work being completed.

Successful Bidder shall execute the Contract for Construction of a Small Project with the GCRC, attached. Including insurance requirements, performance bond, payment bond, etc...

2. DESCRIPTION OF WORK (If different than the Standard Specifications)

Machine Grading, Modified

The work shall be completed in accordance with section 205 of the Standard Specifications for Construction. Except grading depth is expected to be 6 inches deep.

Approach, Special, Class II, 3 Inch

The work shall be completed in accordance with section 205 of the Standard Specifications for Construction. Except provide special gravel to match existing driveway material as directed by Engineer.

HMA, Approach

The work shall consist of HMA, Approach for paved intersections and driveway along project. The work shall be completed in accordance with section 501 of the Standard Specifications for Construction. Driveways shall be paved in one (1) course at depth equal to existing but no greater than 2.5 inches total. Intersections shall be paved in two (2) courses at a depth of 3 inches minimum. Overlays shall be paved in one (1) course at 2 inches total.

HMA driveways shall be sawcut at 6' from edge of metal. Roadway intersections shall be sawcut within 25' of edge of metal. As directed by Engineer.

HMA, 4EL

The work shall consist of HMA, 4EL as shown in the typical sections and per the 2020 MDOT Standard Specifications. The work shall begin at Station 0+00 and run the entire length of the project. The work shall be completed in accordance with section 501 of the Standard Specifications for Construction. Refer to Special provision for Local Paving Project as attached.

1. For mainline paving projects – HMA application rate shall be per Projects Plan paid by tons.
2. For overlay projects – HMA application rate shall be single lift at 220#/syd total paid by tons.
3. Performance Grade Asphalt shall be PG 58-28
4. Air Voids per MDOT Special Provision for Local Agency Projects 20SP-501I-01.

Manhole Adjust, Modified

The work shall be completed in accordance with section 403 of the Standard Specifications for Construction; except the manhole chimney rings will be supplied by the Owner.

Water Valve Adjust, Modified

The work shall consist of Water Valve Adjust, Modified as shown in the typical sections. The work shall be completed in accordance with section 823 of the Standard Specifications for Construction. Except the owner will supply the water valve riser material.

Maintaining Traffic, Minor Traffic Devices, Traffic Regulator Control, and Signage

Contractor shall be responsible for maintaining traffic, minor traffic devices, traffic regulator control and signage for the Contractor operation. Advance warning signage shall be in accordance with MDOT specification for lane closure or as authorized by the Engineer. Traffic Regulator Control shall be provided during the operation of work with minor traffic devices used during construction and after working hours to provide safe travelable roadway for the public.

3. PROGRESS CLAUSE

After award, start work on the date approved by the Engineer, which must be no earlier than **June 15, 2026**. In no case may any work be commenced prior to receipt of formal notice of award by the Engineer.

The approved low bidder(s) for the work covered by this proposal will be required to participate in a pre-construction meeting with local agency owner and/or department representatives to work out a detailed progress schedule. The Gogebic County Road Commission will arrange the time and place for the meeting.

No work shall be allowed onsite from 3:00 p.m. Thursday, July 2 through 6:00 a.m. Monday, July 6, 2026. Also, no work allowed from 3:00 p.m. Friday, September 4 through 6:00 a.m. Tuesday, September 8, 2026.

Final completion date September 25, 2026.

Liquidated damages will be assessed at a rate of \$600 per Calendar Day if the above detailed milestone is not met.

4. METHOD OF MEASUREMENT AND PAYMENT

Measurement and payment shall be on the basis of the measured square yard, load ticket tonnage or lump sum quantities. The contractor shall measure the area with the Road Commission and submit an invoice for agreed quantity upon completion of all work.

5. BID DEADLINE

Sealed bids for the 2026 West End: Pulverizing and HMA Paving Services will be received by the Gogebic County Road Commission, Courthouse Annex, Bessemer, MI 49911 until **10:00 a.m., central time on Wednesday, March 18, 2026**. All bids shall be publicly opened and read aloud at said office at that time.

The BIDDER agrees to perform all described work in the Contract Documents for the following unit and/or lump sum prices. The BIDDER further agrees that the unit and/or lump sum prices include the furnishing of all labor, materials, tool, equipment, utilities, transportation, taxes, fees, etc., required to complete the work in strict accordance with the Contract Documents.

By submission of this Bid, each party thereto certifies as to his/her own organization, that this Bid has been arrived at independently, without consultation, communication or agreement as to any matter relating to this Bid with any other Bidder or with any competitor.

The Board reserves the right to reject or accept any bid or all bids or to waive irregularities and to accept any bid that, in the opinion of the Board, is to the best interest and advantage of the County of Gogebic. The successful bidder shall comply with and execute the attached Contract for Construction of a Small Project and its associated documents with the GCRC.

The BIDDER acknowledges receipt of the following Addendum(s):

The BIDDER agrees to perform all described work in the Contract Documents for the following unit and/or lump sum prices. The BIDDER further agrees that the unit and/or lump sum prices include the furnishing of all labor, materials, tool, equipment, utilities, transportation, taxes, fees, etc., required to complete the work in strict accordance with the Contract Documents. The quantity shown in the Bid Schedule is an estimated minimum.
