

HIGH SCHOOL WORKSHOP SERIES

Our workshops help students understand themselves, build interpersonal skills, nurture their potential, and lay a strong foundation for future success. Through dynamic, interactive sessions, students embark on a transformative journey that cultivates confidence in both their personal and post-secondary lives. Each workshop is designed to meet students where they are, helping them unlock their true potential and step boldly into their futures. The Liberated Success Workshop Series includes 10 consecutive workshops available in flexible formats to meet your school's needs. Our workshops can be embedded into the school day, offered as an afterschool program, or delivered online.

Investment: \$9,500 for the full 10-week workshop series.

***Each workshop series can be adapted for up to 16 weeks at a rate of \$925 per workshop**

POWER SKILLS

This employment readiness workshop series is a comprehensive, skills-based program designed to bridge the gap between the classroom and the workplace. Students develop critical competencies in communication, professional conduct, and job search strategy, all within a supportive, culturally responsive learning environment. Each session builds upon the last, ensuring students graduate from the series with the tools, mindset, and confidence to transition into post-secondary employment or career pathways successfully. Aligned with Future Ready, Career Readiness, and Modern Youth Apprenticeship (CRMYA) and Portrait of A Graduate standards, this series supports schools in meeting key benchmarks for college and career readiness.

DIFFERENTLY ABLED, INFINITELY CAPABLE

This transition planning workshop series is a comprehensive, student-centered program designed to equip students with disabilities with the knowledge, skills, and confidence needed to navigate the transition from school to adult life successfully. Each session is intentionally structured to address the critical milestones and decisions students face as they move toward greater independence, self-determination, and meaningful participation in their communities. Themes include transitioning to adulthood, understanding the world of adult services, independent living, disability awareness, and disability disclosure.

COLLEGE 101

This workshop series is designed to prepare students for the academic demands and social realities of college life and to equip them with the practical tools, mindset, and self-awareness needed not only to arrive at college, but to persist, thrive, and succeed once they get there. Each session is intentionally designed to address the academic and social challenges students commonly face in their college years, ensuring they enter higher education feeling informed, confident, and equipped. Workshop themes include self-advocacy, time management, financial literacy, and utilizing campus resources, giving students a well-rounded foundation for navigating every dimension of the college experience.
