Battery Type	LiFePO4																																																																																										
Battery Cells Brand	TianNeng, Grade																																																																																										
Norminal Voltage	A, New 25.6V																																																																																										
Norminal Capacity	100Ah																																																																																										
Energy Capacity	2.56KWh																																																																																										
Product Size/Weight	484*410*98mm,																																																																																										
Packaging	2 ⁵ 3 ⁸ 0 ⁵ K ⁵ 9 ²⁰ *160 mm,																																																																																										
Size/Weight	26kg 15 units																																																																																										
Max. Parallel Unit	units																																																																																										
Cycle Life (+25°C)	6000																																																																																										
Warranty	5 Years																																																																																										
Battery Type	LiFePO4																																																																																										
Battery Cells Brand	TianNeng, Grade																																																																																										
Norminal Voltage	A, New 25.6V																																																																																										
Norminal Capacity	200Ah																																																																																										
Energy Capacity	5.12KWh																																																																																										
Product Size/Weight	484*410*178mm,																																																																																										
Packaging	4 ⁵ 1 ⁸ K ⁰ 9 ⁵²⁰ *260 mm,																																																																																										
Size/Weight	52kg 15 units																																																																																										
Max. Parallel Unit	units																																																																																										
Cycle Life (+25°C)	6000																																																																																										
Warranty	5 Years																																																																																										
Battery Type	LiFePO4																																																																																										
Battery Cells Brand	TianNeng, Grade																																																																																										
Norminal Voltage	A, New 51.2V																																																																																										
Norminal Capacity	100Ah																																																																																										
Energy Capacity	5.12KWh																																																																																										
Product Size/Weight	484*410*178mm,																																																																																										
Packaging	4 ⁵ 1 ⁸ K ⁰ 9 ⁵²⁰ *260 mm,																																																																																										
Size/Weight	52kg 15 units																																																																																										
Max. Parallel Unit	units																																																																																										
Cycle Life (+25°C)	6000																																																																																										
Warranty	5 Years																																																																																										
Battery Type	LiFePO4																																																																																										
Battery Cells Brand	TianNeng, Grade																																																																																										
Norminal Voltage	A, New 51.2V																																																																																										
Norminal Capacity	200Ah																																																																																										
Energy Capacity	10.24KWh																																																																																										
Product Size/Weight	484*590*178mm,																																																																																										
Packaging	7 ⁵ 5 ⁸ K ⁰ 9 ⁷¹⁰ *260 mm,																																																																																										
Size/Weight	85kg 15 units																																																																																										
Max. Parallel Unit	units																																																																																										
Cycle Life (+25°C)	6000																																																																																										
Warranty	5 Years

Wall-mounted Type LiFePO4 Battery	Pictures	Model	Key Specifications (For more details, please refer to datasheet)		Price
	 	LFW-24100 25.6V 100Ah	Battery Type	LiFePO4	P47,478
			Battery Cells Brand	TianNeng, Grade A,	
			Norminal Voltage	New 25.6V	
			Norminal Capacity	100Ah	
Energy Capacity	2.56KWh	P76,800			
Product Size/Weight	510*440*140mm,				
Packaging	3 ⁶ 1 ³ K ⁰ 9 ⁵⁰⁰ *210 mm,				
Size/Weight Max. Parallel Unit	38kg 15 units				
Cycle Life (+25°C)	6000				
Warranty	5 Years				
LFW-24200 25.6V 200Ah	Battery Type	LiFePO4	P76,800		
	Battery Cells Brand	TianNeng, Grade A,			
	Norminal Voltage	New 25.6V			
	Norminal Capacity	200Ah			
Energy Capacity	5.12KWh	P76,800			
Product Size/Weight	510*440*220mm,				
Packaging	5 ⁶ 3 ³ 0 ⁵ K ⁵ 9 ⁰⁰ *310 mm,				
Size/Weight Max. Parallel Unit	61kg 15 units				
Cycle Life (+25°C)	6000				
Warranty	5 Years				
LFW-51100 51.2V 100Ah	Battery Type	LiFePO4	P134,661		
	Battery Cells Brand	TianNeng, Grade A,			
	Norminal Voltage	New 51.2V			
	Norminal Capacity	100Ah			
Energy Capacity	5.12KWh	P134,661			
Product Size/Weight	510*440*220mm,				
Packaging	5 ⁶ 3 ³ 0 ⁵ K ⁵ 9 ⁰⁰ *310 mm,				
Size/Weight Max. Parallel Unit	61kg 15 units				
Cycle Life (+25°C)	6000				
Warranty	5 Years				
LFW-51200 51.2V 200Ah	Battery Type	LiFePO4	P134,661		
	Battery Cells Brand	TianNeng, Grade A,			
	Norminal Voltage	New 51.2V			
	Norminal Capacity	200Ah			
Energy Capacity	10.24KWh	P134,661			
Product Size/Weight	690*530*215mm,				
Packaging	9 ⁶ 8 ⁰ 9 ⁶²⁵ *310 mm,				
Size/Weight Max. Parallel Unit	105kg 15 units				
Cycle Life (+25°C)	6000				
Warranty	5 Years
