## 550W Waterproof Moving Head Beam Light

The waterproof design of IP66 is suitable for outdoor use, baptized by wind and rain, and honed with perseverance. The product adopts imported original OSRAM professional foam, with a 1.2 degree beam angle design. The beam feeling is full, robust, and powerful, with a maximum projection distance of 1500 meters. The XN axis adopts a three-phase motor design, which runs faster and smoother. The built-in 8-prism, 16-prism, or peak and nest prism are optional, and can be combined with the Fantasy Colorful Disc to generate strange special beam effects. Adopting high-precision optical lens design, precise patterns are clearly formed.

### Product Effects

Pattern disc+color disc+rotary disc

### Parameter

Power supply: AC100V-240V, 50Hz/60Hz  
 Light source: OSRAM 550W lamp  
 Power consumption: 800W  
 Light source life: 1500H  
 Color temperature: 7700K  
 Channel mode: 16/21H  
 Control mode: DMX 512, master-slave mode  
 Beam angle: 1.2 degrees  
 Display screen: LCD display, touch screen control, more user-friendly and convenient operation process, built-in Chinese and English display interface switching, intelligent 180 degree flip upside down.  
 Color: 14+white with half color rainbow effect  
 Pattern: 14+white pattern with shake and flowing water effect  
 Prism: 8 prisms, 16 prisms, and honeycomb prisms. Optional light effects can be reversed  
 Rotate pattern wheel: 9+white can be rotated independently  
 Stroboscopic: Double chip stroboscopic (0.3-13 times/second)  
 Atomization: 0-100% linear atomization effect  
 Scanning range: Pan 540 degrees ,Tilt 270 degrees (resolution: 8Bit/16Bit)  
 Fan control: fan adaptive intelligent control  
 Automatic error correction: photoelectric reset system is used for both horizontal and vertical positions, and automatic retrieval and reset can be performed if there is an occasional error  
 Bubble Point System: Designed as a remote bulb control system, it can remotely and intelligently control the brightness and closing of the bulb through the console, effectively extending the service life of the bulb  
 Over temperature protection: temperature intelligent protection  
 Heat conduction method: Heat dissipation and auxiliary heat dissipation using aluminum alloy, with high thermal conductivity and stable heat dissipation performance.  
 Lamp hook: integrated with lamp hook  
 Protection grade: IP65  
 Housing: All aluminum housing  
 Product dimension: 363.6 x 431 x 826mm  
 Packing size: 895x530x1200mm (Fly Case 2PCS/CTN)  
 N W: 49.5Kg  
 G W : 77kg (Fly Case 2PCS/CTN)

## Waterproof Moving Head Beam Light

The KA500 is a new waterproof beam light specially designed by Night Sun Company for the outdoor cultural and tourism performance market. This product has multiple utility model patent certificates and excellent functional performance. The IP55 waterproof design is suitable for outdoor use and is fearless of wind and rain. The product adopts imported original OSRAM 600W S+long-life professional foam, with a beam angle design of 0-1.5 degrees, which makes the beam feel full and robust, with a maximum projection distance of 1000 meters. The X-axis adopts a three-phase motor design, which runs faster and smoother. Equipped with an 8-story mirror and a dreamy colorful disc, it can be stacked and used together to generate strange special beam effects. Adopting high-precision optical lens design, precise patterns are clearly formed.

## Parameter

Power supply: AC100V-240V±10%, 50/60Hz  
 Power consumption: 550W  
 Light source: OSRAM SIRIUS HRI 371W S  
 Color temperature: 7500K,  
 Bulb's life time: 3000h  
 DMX channel: 16/21 channels  
 Control mode: DMX512, master-slave  
 Display: LCD display, touch screen + knob control, built-in Chinese and English display interface switching, intelligent 180° flip inverted.  
 Gobo wheel: 14 gobos + white light, with water and jitter effect.  
 color wheel: 12 colors+ rainbow + white light; half color, two-way flow, color conversion and rainbow effect.  
 Prism: A 8 prism can be rotated clockwise or anti-clockwise for two-way rotation,fast/slow optional  
 Pan: 540°, resolution 8Bit/16Bit,  
 Tilt: 270°, resolution 8Bit/16Bit,  
 Focus: electronic focus, ultra-smooth adjustment of focal length  
 Atomization: 0-100% uniform soft light atomization effect  
 Strobe: two-plate strobe, strobe speed 0.3-13 times/second  
 Protection rate: IP55  
 Working environment: -20°C~50°C  
 Appearance: Injection molding of alloy corrosion-resistant engineering plastics

## WSF400C4-V2

### 96×10W+96×5050 RGB LED Light

Power supply: AC100-240V, 50/60Hz  
 Light Source: 96×10W CREE CW LEDs + 96×RGB 5050 LEDs  
 Power consumption: 1000W  
 Control modes: Auto, DMX512, Master-slave, Wireless control  
 Channel: 6CH/8CH/11CH  
 Life time: greater than 50000 hours  
 Strobe: Independent electronic strobe design, random strobe  
 Color Temperature: 5600K  
 Beam angle: 60°

Control panel: LCD panel  
 DMX Interface: DMX512, RDM  
 Dimming: 0-100% independent electronic linear dimming, 16 Bit PWM curve linear dimming  
 Protection Rate: IP65  
 Working environment: up to 40°C  
 Surface Material: Cast Aluminum  
 Dimension: 560×220×324 mm  
 Packing Size: 590×290×400 mm  
 N.W: 11.8kg  
 G.W: 12.5kg

## WSF100ZC4

### 60W 4-IN-1 Waterproof LED PAR Light with Zoom

Power supply: AC100-240V, 50/60Hz  
 Power consumption: 88W  
 Beam angle: 5--55°  
 LED: 1×60W OSRAM 4-in-1 LED  
 Channel: 8CH/12CH  
 Working environment: -10°~40°  
 Housing material: die-casting  
 Protection Rate: IP65  
 Packing Size: 270x70x280mm

580x580x310mm(4PCS/CTN)  
 N.W: 4.9kg  
 G.W: 5.2kg 21.8kg(4PCS/CTN)

# WSF20LPR

## 20W Waterproof Laser Star + Sky Light

Power supply: AC100-240V/50-60Hz  
 Power consumption: 20W  
 Light source: RGB laser, red 500mw, green 500mw, blue 1000mw  
 Leakage current: < 10mA  
 Insulation resistance: > 2m Ω  
 Safety grade of electrical appliances: class I  
 Main functions: RGB mixed color gradual change, monochromatic bright, positive and negative rotation, speed regulation  
 Light angle: 60 °  
 Control protocols: DMX512, RDM  
 Data connection: 3p-XLR/ input / output  
 Control mode: DMX512/ manual mode control / auto mode / offline mode  
 Automatic mode: single machine self-programming does not need console, can edit effect program on lamp display board according to need, save independent memory after saving  
 Fixture protection: light source overheating / overcurrent / overvoltage protection / air valve release protection  
 Installation mode: vertical hanging, side hanging, inverted hanging  
 Heat dissipation mode: profile aluminum + fan heat dissipation  
 Shell material: die casting aluminum and profile aluminum  
 Fixture body color: dark gray coating, customizable other colors  
 Working temperature: -30 °C ~ 45 °C  
 Protection rate: IP65  
 Lamp body size: 220 × 240 × 270mm  
 Inner box size: 392 × 302 × 243mm  
 Outer box size: 618 × 404 × 268mm  
 N.W: 5.5KG  
 G.W: 6.0KG

# WSF20LFF

## 20W Waterproof Laser Firefly Light

Power supply: AC100-240V/50-60Hz  
 Power consumption: 20W  
 Light source: 9W white laser  
 Light pass: @ 2A:520LM  
 Color temperature: 8000K ± 100  
 Color tolerance: ≤ 3.1SDCM  
 Leakage current: < 10mA  
 Insulation resistance: > 2m Ω  
 Safety grade of electrical appliances: class I  
 Luminous color: a 4-color + white color disk, adjustable speed  
 Effect: near circular spot scattered and irregular, shaped like firefly, spot rotation, speed regulation.  
 Luminous half angle: 34 °  
 Optical system: high definition plating optical lens  
 Control protocols: DMX512, RDM  
 Data connection: 3p-XLR/ input / output IP67 waterproof power supply and signal connector, anti-UV core material  
 Channels: 4CH  
 Control mode: DMX512/ manual mode control / Auto mode / offline mode  
 Fixture protection: light source overheating / overcurrent / overvoltage protection / air valve release protection  
 Installation mode: vertical hanging, side hanging, inverted hanging  
 Heat dissipation mode: profile aluminum + fan heat dissipation  
 Shell material: full die casting aluminum  
 Fixture body color: dark gray coating, customizable other colors  
 Working temperature: -30 °C ~ 45 °C  
 Protection rate: IP65  
 Dimension size: 200\*268\*270mm  
 Packing size: 618\*404\*268mm  
 N.W: 5.5KG  
 G.W: 6.0KG

## WSF80PR 80W Pattern light

Power supply: AC100-240V 50/60Hz

Power consumption: 80 W

Light source: 80W integrated LED

Color temperature: 6500 K  $\pm$  100

CRI:  $\geq$  75

Color tolerance:  $\leq$  6.0 SDCM

Leakage current: < 10 mA

Extreme resistance: > 2 M $\Omega$

Electrical safety class: Class I

Rotate pattern plate: a single pattern plate, obverse and reverse rotation, adjustable speed

Focus: Manual focus

Beam angle: 18°, 22°, 30° optional (fixed focus)

Control mode: Auto, built-in dial control (3 speed optional)

Fixture protection: light source overheat / overcurrent / overvoltage protection / air valve release protection

Installation: flat, hanging, side hanging

Heat dissipation: aluminum radiator + fan cooling

Shell Material: Die Cast Aluminum and Profile Aluminum

Light Body Color: Dark Gray Coating, Other Colors Can Be Customized

Working environment: -30°C- 45°C

Protection rate: IP65

Product size: 153×220×224 mm

Packing size: 310×210×200 mm

N.W: 2.5kg

G.W: 3.0 kg

## WSF80PRW 80W Waterwave Light

Power supply: AC100-240V 50/60Hz

Power consumption: 80W

Light source: 80W integrated LED

Color temperature: 6500 K  $\pm$  100

Color rendering index: Ra  $\geq$  75

Color tolerance:  $\leq$  6.0 SDCM

Leakage current: < 10 mA

Extreme resistance: > 2 M $\Omega$

Electrical safety class: Class I

Focus: Manual focus

Optical angle: 21°, 24°, 33° optional (fixed focus)

Control mode: Auto, built-in dial control (3 speed optional)

Fixture protection: light source overheat / overcurrent / overvoltage protection / air valve release protection

Waterwave plate: double waterwave plate

Color: Single color (color optional)

Installation: flat, hanging, side hanging

Heat dissipation: profile aluminum radiator + fan cooling

Shell Material: Die cast aluminum and profile aluminum

Light Body Color: Dark gray coating, other colors can be customized

Working environment: -30°C ~ 45°C

Protection rate: IP65

Product size: 153×220×224 mm

Packing size: 310×210×200 mm

N.W: 2.5kg

G.W: 3kg

# WSF60PR

## 6×10W Water + Fire Light

Power supply: AC100-240V 50/60Hz

Power consumption: 60W

Light source: 6×10W RGBW 4-IN-1 LEDs

Leakage current: < 10mA

Insulation resistance: > 2mΩ

Safety grade of electrical appliances: class I

Dimming curve: built-in Dim0-Dim255 reset curve,

low DMX numerical dimming smooth, no jump

flashover, no visual impact

Features: the effect of water and fire

Projection angle: open and close state 30°~51°

Control protocols: DMX512, RDM

Data connection: 3p-XLR input / output

Channel: 17CH

Control mode: DMX512, manual, Auto, offline mode

Fixture protection: light source overheating /

overcurrent / overvoltage protection / air valve

release protection

Installation mode: flat, hanging, side hanging

Heat dissipation mode: forced air cooling heat

dissipation

Shell material: die casting aluminum and profile

aluminum

Light body color: dark gray coating, other colors

customizable

Working environment: -30 °C ~ 45 °C

Protection rate: IP65

Product size: 153×250×161mm

Packing size: 310×210×290mm

N.W: 3.9kg

G.W: 4.2kg

# WSF100PR

## 100W Pattern light

Power supply: AC100-240V 50/60Hz

Power consumption: 100W

Light source: 90W high integrated LED

Light efficiency: 75LM / W

Light flux: 6800 lm

Color temperature: 7500 K ± 300

CRI: ≥ 75

Color tolerance: ≤ 6.0 SDCM

Leakage current: < 10 mA

Extreme resistance: > 2 MΩ

Electrical safety class: Class I

Pattern plate: a single pattern plate, can change the

pattern inside; The pattern rotation is controllable;

Focus: manual focus, throwing distance of 1-12

meters

Optical angle: 20° / 30° / 45° optional (fixed lens)

Control protocol: DMX512, RDM (optional)

Digital display screen, automatic display DMX signal

is normal or not;

Built-in constant current power supply, power on is

working.

Built-in temperature control

# WSF100PR-V2

## 100W Waterwave Light

Power supply: AC100-240V 50/60Hz  
 Power consumption: 100W  
 Light source: 90W high integrated LED  
 Light efficiency: 75LM / W  
 Light flux: 6800lm  
 Color temperature: 7500 K ± 300  
 CRI ≥ 75  
 Color tolerance: ≤ 6.0 SDCM  
 Leakage current: < 10 mA  
 Extreme resistance: > 2 MΩ  
 Electrical safety class: Class I  
 Water plate: double water glass reverse movement, can be positive and negative rotation and speed control; Single Color  
 Focus: manual focus, throwing distance of 1-15 meters  
 Optical angle: 20° / 30° / 45° optional (fixed lens)  
 Control protocol: DMX512, RDM (optional)  
 Digital display screen, automatic display DMX signal is normal or not;  
 Built-in constant current power supply, power on is working  
 Built-in temperature control function, when the LED work overheating, intelligent reduce the output power of LED  
 With breathable valve, internal and external air pressure balance, glass surface heat without fog;  
 Multiple light projection can be spliced;  
 Installation: flat, hanging  
 Heat dissipation: profile aluminum radiator + fan cooling  
 Shell Material: Die cast aluminum and profile aluminum  
 Light Body Color: Dark gray coating, other colors can be customized  
 Working temperature: -30°C ~ 45°C  
 Protection rate: power built-in, the whole light structural waterproof IP65;  
 Product size: 204 × 240 × 250mm  
 Packing size: 330 × 265 × 245mm (single)  
 565 × 350 × 525mm (4pcs/ctn)  
 N.W: 5.95kg  
 G.W: 6.4kg/27kg(4pcs/ctn)

## 150W Pattern light

Power consumption: 150W  
 LED source: 150W highly integrated LED  
 Light efficiency: 90LM/W  
 Light flux: 13000lm  
 Color temperature: 7500K ± 300  
 CRI ≥ 75  
 Color tolerance: ≤ 6.0 SDCM  
 Leakage current: < 10mA  
 Insulation resistance: > 2m Ω  
 Safety grade of electrical appliances: class I  
 Color plate: 5 color + white, variable speed bidirectional flow, half color and rainbow effect, step / linear conversion color optional  
 Pattern plate: 1 × 4-6 pattern plate (optional), can be installed glass or metal patterns, with variable speed jitter effect, bidirectional variable speed flow effect (pattern can be customized)  
 Focus: manual focus, light distance 1-20 meters  
 Optical angle: 20° / 30° / 45° optional (fixed lens)  
 Control protocols: DMX512, RDM  
 Data connection: 3p-XLR input / output  
 Channels: 7CH  
 Control mode: DMX512 / manual control / Auto / offline mode  
 Automatic mode: single machine self-programming does not need console, according to the need to edit the effect program on the display board, save after independent memory, master-slave online synchronous operation. Digital display screen, automatic display of DMX signal normal or not  
 Fixture protection: light source overheating / overcurrent / overvoltage protection / air valve release protection  
 Multiple light projections can be spliced  
 Installation mode: vertical hanging, side hanging, inverted hanging  
 Heat dissipation mode: profile aluminum radiator + fan heat dissipation  
 Shell material: die casting aluminum and profile aluminum  
 Light body color: dark gray coating, customizable other colors  
 Working environment: -30°C ~ 45°C  
 Protection rate: external power supply, full light structural waterproof IP65  
 Product size: 263 × 245 × 250mm  
 Packing size: 340 × 260 × 258mm

## 150W LED Waterproof Floating Light

Power supply: AC100-240V/50-60Hz  
 Power consumption: 150W  
 Light source: 150W highly integrated LED  
 Light effect: 90LM/W  
 Optical pass: 13000lm  
 Color temperature: 7500K ±300  
 Color index: Ra ≥ 75  
 Color tolerance: ≤ 6.0SDCM  
 Leakage current: < 10mA  
 Insulation resistance: > 2m Ω  
 Safety grade of electrical appliances: class I  
 Color disk: 5 color films + white light variable speed  
 bidirectional flow, half color and rainbow effect, step  
 / linear conversion color optional  
 Pattern disk: 1 4-6 pattern disk (optional), can be  
 installed glass pattern sheet and metal pattern  
 sheet, with variable speed jitter effect, bidirectional  
 variable speed flow effect (pattern can be custom -  
 ized); 1 floating shadow disk, can make the pattern  
 produce fluttering effect  
 Focusing: manual focusing, lighting distance 1-10 m  
 Optical angle: 20°/ 30°/ 45°(focal lens-optional)  
 Control protocols: DMX512, RDM  
 Data connection: 3p-XLR/ input / output  
 Channels: 7CH  
 Control mode: DMX512/ manual mode control / Auto  
 mode / offline mode  
 Automatic mode: single machine self-programming  
 does not need console, according to the need to edit  
 the effect program on the lamp display board, save  
 after independent memory, master / slave online  
 synchronous operation. Digital display screen,  
 automatic display of DMX signal normal or not  
 Fixture protection: light source overheating /  
 overcurrent / overvoltage protection / air valve  
 release protection, multiple light projections can be  
 spliced  
 Installation mode: vertical hanging, side hanging,  
 inverted hanging  
 Heat dissipation mode: profile aluminum radiator +  
 fan heat dissipation  
 Shell material: die casting aluminum and profile

Power supply: AC100-240V 50/60Hz  
 Power consumption: 350W  
 LED source: 300W LED module  
 Light efficiency: 80LM/W  
 Light flux: 24000lm  
 Color temperature: 7200K ±100  
 CRI ≥ 72  
 Color tolerance: ≤ 6.0SDCM  
 Leakage current: < 10mA  
 Insulation resistance: > 2m Ω  
 Safety grade of electrical appliances: class I  
 Color plate: 1×7 color + white color plate, can achieve bidirectional speed change, half color and rainbow effect, (red / orange / yellow / green / skyblue / purple / pink)  
 Pattern plate: 1×(6+1) pattern plate, forward and negative rotation, adjustable speed, with pattern jitter function and rotation function  
 Prism: a prism, rotating in both positive and negative directions, adjustable speed, customizable 3 prism or 4 prism  
 Focus: linear focus, luminous distance 1-35 m  
 Optical angle: linear zoom, 11° - 45°  
 Control protocols: DMX512, RDM  
 Data connection: 3p-XLR input / output  
 Channels: 11CH  
 Control mode: DMX512 / manual control / auto mode / offline mode  
 Automatic mode: single machine self-programming does not need console, can edit effect program on display board according to need, save independent memory after saving  
 Light protection: light source overheating / overcurrent / overvoltage protection / air valve release protection  
 Installation mode: flat, hanging, side hanging  
 Heat dissipation mode: heat conduction copper tube radiator + fan heat dissipation  
 Shell material: die casting aluminum and profile aluminum  
 Light body color: dark gray coating, customizable other colors  
 Working environment: -30°C ~ 45°C  
 Protection rate: IP65  
 Product size: 420×340×410mm  
 Packing size: 570×370×370mm  
 N.W: 20kg  
 G.W: 21.5kg

# WSF350WPR

## 350W Waterwave Light

Power supply: AC100-240V 50/60Hz  
 Power consumption: 350W  
 LED source: 300W LED module  
 Light efficiency: 80LM/W  
 Light flux: 24000lm  
 Color temperature: 7200K ±100  
 CRI ≥ 75  
 Color tolerance: ≤ 6.0SDCM  
 Leakage current: < 10mA  
 Insulation resistance: > 2mΩ  
 Safety grade of electrical appliances: class I  
 Color plate: 1×7 color + white color plate, can achieve bidirectional speed change, half color and rainbow effect, (red / orange / yellow / green / skyblue / purple / medium blue)  
 Waterwave plate: double waterwave plate, forward and negative rotation, adjustable speed  
 Focus: linear focus, luminous distance 1-35 m  
 Optical angle: linear zoom, 11°- 45°  
 Control protocols: DMX512, RDM  
 Data connection: 3p-XLR input / output  
 Channels: 8CH  
 Control mode: DMX512/ manual control / auto mode / offline mode  
 Automatic mode: single machine self-programming does not need console, can edit effect program on display board according to need, save independent memory after saving  
 Light protection: light source overheating / overcurrent / overvoltage protection / air valve release protection  
 Installation mode: flat, hanging, side hanging  
 Heat dissipation mode: heat conduction copper tube radiator + fan heat dissipation  
 Shell material: die casting aluminum and profile aluminum  
 Light body color: dark gray coating, customizable other colors  
 Working environment: -30°C ~ 45°C  
 Protection rate: IP65  
 Product size: 420×340×410mm  
 Packing size: 570×370×370mm  
 N.W: 20kg  
 G.W: 21.5kg

# WSF450PR

## 450W Pattern Light with Zoom

Power supply: AC100-240V 50/60Hz  
 Power consumption: 450W  
 LED source: 400W LED module  
 Light efficiency: 80LM/W  
 Light flux: 29000lm  
 Color temperature: 7200K ±600  
 CRI ≥ 72  
 Color tolerance: ≤ 6.0SDCM  
 Leakage current: < 10mA  
 Insulation resistance: > 2mΩ  
 Safety grade of electrical appliances: class I  
 Color plate: 1×7 color + white, can achieve bidirectional speed change, half color and rainbow effect, (red / orange / yellow / green / skyblue / purple / pink)  
 Pattern plate: 1×6 + 1 pattern plate, forward and negative rotation, adjustable speed, with pattern jitter function and rotation function  
 Prism: a prism, rotating in both positive and negative directions, adjustable speed, customizable 3 prism or 4 prism  
 Focus: linear focus, luminous distance 1-35 m  
 Optical angle: linear zoom, 11°- 45°  
 Control protocols: DMX512, RDM  
 Data connection: 3p-XLR input / output  
 Channels: 11CH  
 Control mode: DMX512/ manual control / auto mode / offline mode  
 Automatic mode: single machine self-programming does not need console, can edit effect program on display board according to need, save independent memory after saving  
 Fixture protection: light source overheating / overcurrent / overvoltage protection / air valve release protection  
 Installation mode: flat, hanging, side hanging  
 Heat dissipation mode: heat conduction copper tube radiator + fan heat dissipation  
 Shell material: die casting aluminum and profile aluminum  
 Light body color: dark gray coating, customizable other colors  
 Working environment: -30°C ~ 45°C  
 Protection rate: IP65  
 Product size: 420×340×410mm  
 Packing size: 570×370×370mm  
 N.W: 20kg  
 G.W: 21.5kg

# WSF350PR-V3

## 350W Pattern Light Fixed Zoom

Power supply: AC100-240V 50/60Hz  
 Power consumption: 350W  
 Light source: 350W LED  
 Light flux: 26000lm  
 Color temperature: 7200K ±100  
 CRI ≥ 75  
 Color tolerance: ≤ 6.0SDCM  
 Leakage current: < 10mA  
 Insulation resistance: > 2mΩ  
 Safety grade of electrical appliances: class I  
 Color plate: 5 colors + white can achieve bidirectional speed change, half color and rainbow effect, (1 light yellow / 2 skyblue / 3 orange / 4 green / 5 medium blue)  
 Pattern plate: 1×(6+1) pattern plate, forward and negative rotation, adjustable speed, with pattern jitter function and rotation function  
 Focus: manual focus, lighting distance 1-40 m  
 Optical angle: 10°/ 20°/ 30°/ 45°optional  
 Control protocols: DMX512, RDM  
 Data connection: 3p-XLR input / output  
 Channels: 7CH  
 Control mode: DMX512/ manual control / auto mode / offline mode  
 Automatic mode: single machine self-programming does not need console, can edit effect program on display board according to need, save independent memory after saving  
 Fixture protection: light source overheating / overcurrent / overvoltage protection / air valve release protection  
 Installation mode: flat, hanging, side hanging  
 Heat dissipation mode: heat conduction copper tube radiator + fan heat dissipation  
 Shell material: die casting aluminum and profile aluminum  
 Light body color: dark gray coating, customizable other colors  
 Working environment: -30°C ~ 45°C  
 Protection rate: IP65  
 Product size: 260×339×341mm  
 Packing size: 370×350×305mm  
 N.W: 11.5kg  
 G.W: 12.5kg

# WSF1000PR

## 1000W Pattern light

Power supply: AC110-240V 50/60Hz  
 Power consumption: 1000W (1200W optional)  
 LED source: 800W LED module  
 Electrical strength: 1.5KV  
 Insulation resistance: > 2m Ω  
 Color temperature: 7600K ±600  
 Light flux: 61500 lm  
 CRI > 72 (higher CRI is optional)  
 Safety grade of electrical appliances: class I  
 Color plate: 7 colors + white (customizable), Color function: forward rotation, inversion, rainbow water, adjustable speed  
 Pattern plate: 2×(6+1) rotating pattern plates with rotation  
 Pattern rotation: forward rotation, inversion, pattern fixed point, adjustable speed  
 Focus: linear focus  
 Optical angle: 5.5°- 50°(linear zoom)  
 Control protocols: DMX512, RDM  
 Data connection: 3p-XLR input / output IP67 water - proof power supply and signal connector, anti-UV core material  
 Channels: 18CH  
 Control mode: DMX512/ manual control / auto mode / offline mode  
 Automatic mode: single machine self-programming does not need console, according to the need to edit the effect program on the display board, save after independent memory, master / slave online synchronous operation.  
 LCD screen, easy to control and view all kinds of lighting information  
 Fixture Protection: full fixture structural Waterproof IP65  
 Built in temperature control function, when the light source is overheated, the output power of the light source can be reduced intelligently.  
 Multiple light projections can be spliced  
 Installation mode: vertical hanging, inverted hanging  
 Heat dissipation mode: heat pipe radiator + fan heat dissipation  
 Shell material: die casting aluminum and profile aluminum  
 Light body color: dark gray coating, customizable other colors  
 Working environment: -30°C ~ 45°C  
 Product size: 550×466×489mm  
 N.W: 42kg

## 700W Pattern light

Power supply: AC110-240V 50/60Hz  
 Power consumption: 700W  
 LED source: 600W LED module  
 Electrical strength: 1.5KV  
 Insulation resistance: > 2mΩ  
 Color temperature: 7700K  
 Light flux: 44730 lm  
 CRI: ≥ 70 (higher CRI is optional)  
 Safety grade of electrical appliances: class I  
 Color plate: 6 colors + white(customizable),forward rotation, inversion, rainbow water, adjustable speed  
 Pattern plate: 2×(6+1) rotating pattern plate, forward rotation, inversion, pattern fixed point, adjustable speed  
 Focus: 0-100% linear focus  
 Optical angle: 5.5°- 50°(linear zoom)  
 Control protocols: DMX512, RDM  
 Data connection: 3p-XLR input / output IP67 water - proof power supply and signal connector, anti-UV core material  
 Channels: 18CH  
 Control mode: DMX512/ manual control / Auto mode / offline mode  
 Automatic mode: single machine self-programming does not need console, according to the need to edit the effect program on the display board, save after independent memory, master-slave online synchronous operation.  
 LCD screen,easy to control and view all kinds of lighting information  
 Fixture Protection: full structural Waterproof IP65  
 Built in temperature control function, when the light source is overheated, the output power of the light source can be reduced intelligently.  
 Multiple light projections can be spliced  
 Installation mode: vertical hanging, inverted hanging  
 Heat dissipation mode: heat pipe radiator + fan heat dissipation  
 Shell material: die casting aluminum and profile aluminum  
 Light body color: dark gray coating, customizable other colors  
 Working environment: -30°C ~ 45°C  
 Protection level: IP65  
 Product size: 528×466×489mm  
 N.W: 40kg

## LED 1200W Waterproof Pattern Light with Zoom

Power supply: AC 110-240V/50Hz~60Hz  
 Power consumption: 1200W  
 Light source : 1000W LED module  
 Electrical strength: 1.5KV  
 Insulation resistance: > 2m Ω  
 Working temperature:-30 °C ~ 45 °C  
 Color temperature: 8000K  
 Luminous flux: 69000 lm  
 Ra:71 (optional high display finger)  
 Safety grade of electrical appliances: class I  
 Color plate: 7 colors + white light (customizable)  
 Color function: forward rotation, inversion, rainbow water, adjustable speed  
 Picture disk: 2 6 x 1 rotating pattern plates with rotation  
 Pattern rotation: forward rotation, inversion, pattern fixed point, adjustable speed  
 Focusing: linear focusing  
 Optical angle: 6 °- 60 °(linear zoom)  
 Control protocols: DMX512, RDM  
 Data connection: 3p-XLR/ input / output IP67 waterproof power supply and signal connector, anti-UV core material  
 Channels: 18CH  
 Control mode: DMX512/ manual mode control / Auto mode / offline mode  
 Automatic mode: single machine self-programming does not need console, according to the need to edit the effect program on the lamp display board, save after independent memory, master / slave online synchronous operation.  
 LCD screen, display lamp information in all Chinese, easy to control and view all kinds of lighting information  
 Fixture Protection: full Lamp structural Waterproof IP65  
 Built-in temperature control function, when the light source is overheated, the output power of the light source can be reduced intelligently; multiple light projections can be spliced  
 Installation mode: vertical hanging, inverted hanging  
 Heat dissipation mode: heat pipe radiator + fan heat dissipation  
 Shell material: die casting aluminum and profile aluminum  
 Fixture body color: dark gray coating, customizable other colors  
 Working temperature:-30 °C ~ 45 °C  
 Protection rate: IP65  
 Dimension size: 571 × 466 × 489mm  
 N.W:45kg

# WSF300LP

## 4300LM Waterproof Digital Laser Projector

- Power supply: AC100-240V 50/60Hz
- Power consumption: 300W
- Light source: laser
- Light source life: 20000 HRS
- Chip parameters: DLP DMD / S600 1920×1080
- Luminous flux: 4300 LM
- Dynamic Contrast: 20000:1
- Uniformity: 85% (not less than 80%)
- Display Color: 30 BITS (1.073.000.000 COLORS)
- Compatible with 24 BITS
- Color Gamut: 85% NTSC
- Display ratio: 16:9 compatible 16:10 AND 4:3
- Projection ratio: 1.06-1.74
- Trapezoidal correction: Vertical: ±40°
- Focal length range: 60-300 inches
- Support Resolution: Up to 1920×1200
- HDTV Inclusive: 480I 480P 576I 576P 720P 1080I 1080P
- Interface: HDMI USB RJ45
- Projection direction: desktop forward projection, rear projection, lifting forward projection and rear projection
- Power on automatic power on: support power on their own power on
- Focus: electronic focus
- Light Body Color: dark gray
- Working environment: -20°C ~ 40°C
- Protection rate: IP65
- Product Size: 415×372.4×459mm
- Packing size: 585×400×315mm
- N.W: 20.6kg
- G.W: 21.6kg

# WSF120WX

## 3×40W 1M Waterwave Light

- Power supply: AC100-240V 50/60Hz
- Power consumption: 120W
- Light source: 3×40W 4-in-1 highly integrated OSRAM LED(customizable single color)
- Color temperature: White light 6500-7000K
- RGB band: R620-630/G520-530/B450-455
- CRI: > 90
- Leakage current: < 10mA
- Insulation resistance: > 2mΩ
- Safety grade of electrical appliances: class I
- Dimming curve: built-in Dim0-Dim255 reset curve, low DMX numerical dimming smooth, no jump flashover, no visual impact
- Light angle: 120°
- Control protocols: DMX512, RDM
- Data connection: 3p-XLR input / output
- Channels: 6CH
- Control mode: DMX512/ manual control / Auto mode / offline mode
- Fixture protection: light source overheating / overcurrent / overvoltage protection / air valve release protection
- Installation mode: flat, hanging, side hanging, polishing
- Heat dissipation mode: fixture body dissipates heat by itself
- Shell material: die casting aluminum and profile aluminum
- Light body color: dark gray coating, customizable other colors
- Working environment: -30°C ~ 4 °C
- Protection rate: IP65
- Product size: 1026×80×182mm
- Packing size: 1120×150×225mm
- N.W: 8.5kg
- G.W: 9kg

**Also Available in 80W & 60W**
