

ROLL OUT

COLORADO RACQUETBALL ASSOCIATION NEWSLETTER

CRA Names Roger Day-Davies as Executive Director

The CRA has chosen Roger Day-Davies as the new Executive Director to run the day to day operation of the organization.

Day-Davies will immediately begin work to organize the Colorado State Singles Championships in addition to handling the everyday duties assigned to him by the CRA Board of Directors.

Roger is an avid racquetball player who has been playing seriously for the past 11 years. He is currently 39 years old, and is looking forward to 40 so he can enter the Masters division. Before becoming involved in racquetball, Roger made his living as a professional downhill skier. He was on the skier's protour that included Europe along with the U.S. and Canada.

When Day-Davies became involved in racquetball, he jumped into it with both feet! He not only teaches the sport at Metro State College in Denver, but is one of the foremost experts in Equipment design, he has designed and evaluated racquets for various major manufacturers in the U.S. and abroad.

His goal as a player is to win the National Championships in singles and doubles in his age group.

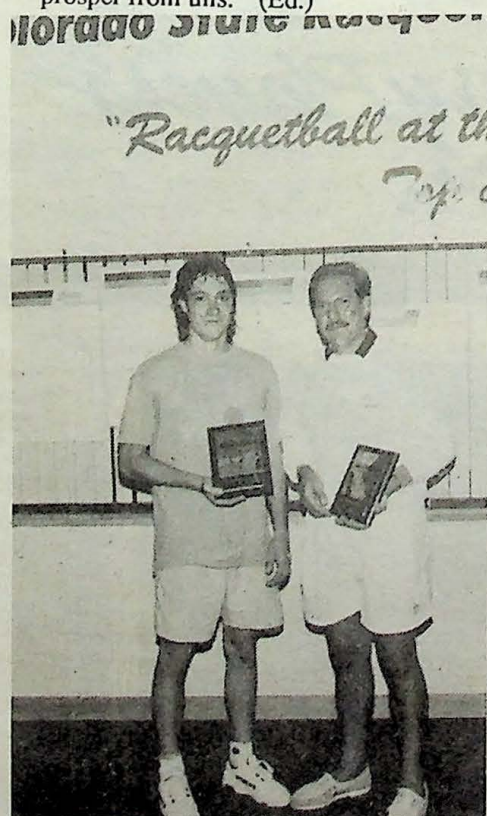

Personal goals for him as Executive Director of the CRA are to increase participation of racquetball at all levels. He plans to do this by establishing an open line of communication between (a) the players and clubs, (b) players and manufacturers, and (c) the CRA and the rest of the community "because we're all

in it together" according to Roger.

Other plans are to set up a telephone line directly to the CRA and increase income that will enable the CRA to provide more tools to assist players and racquetball directors such as computerized draws.

"I would like to see the CRA branch out into an area where we help the clubs attract new racquetball players and to find ways to show the general public the redeeming aspects of racquetball," quotes Roger.

"In working with Roger Day-Davies, I have found him extremely dedicated to the sport of racquetball. His relationship with the CRA board of directors is a winning combination and all racquetball players in the state will prosper from this." (Ed.)

An Interview with Mark Helton

Mark Helton is the number six rated singles player in the state. He and Tony Boscia are the back to back Colorado State Doubles Champions. Sponsored by Head Sports, he is also the Club "Pro" at the Highline Athletic Club located at 11 West Dry Creek Ct. (off South Broadway and Dry Creek Road, in Littleton, Colorado). Mark is originally from Kalamazoo, MI and has lived in Denver for the past 10 years. Currently employed at Martin Marietta, where he utilizes his BA degree in Aerospace Science, Mark is also a certified pilot. Debbie Helton, Mark's new bride of less than 6 months, also plays racquetball. They are the proud owners of three chinese Shar-Pei puppies.

Mark is one of the premier players in the state. His shots are explosive, and his defense at "getting the shots" is spectacular. He's not "flashy" like other players of his caliber tend to be, he's just a hard worker. In the State Doubles Championships, Mark showed a little "flash" by matching his partner's (Tony Boscia) behind-the-back return that drew gasps from the crowd. It was one of those "I can do it too, if I want to." shots. But normally, Mark would not have to resort to that shot, he would be there waiting for the best stroke.

Mark's stroke is the most consistent in the game. His forehand is

picture-perfect every time, and according to him, "It took a lot of practice to develop."

Recently *ROLLOUT* Editor, Tom Cordova, was able to talk to Mark at the Highline Athletic Club.

ROLLOUT: How long have you been playing and to what do you attribute your success?

HELTON: I've played about fifteen years. I credit my playing ability to the rapport that has been established between Highline (Athletic Club) and myself.

ROLLOUT: Rapport? What did that do for your stroke?

HELTON: Highline made it easy for me to develop my strokes through practice. I was free to play virtually anytime I wanted, including afterhours. There were times I would be hitting at three o'clock in the morning.

ROLLOUT: Is that what it takes? Practice and a good club?

HELTON: Absolutely! A club has to not only provide the courts, but programs and tournaments in order to keep racquetball players interested, then the sport can grow.

ROLLOUT: What else can be done to enhance the sport?

HELTON: Racquetball as a sport is in a slow spell now. It needs money to expand.

ROLLOUT: Money, for what?

HELTON: Money for tournaments. I have over 120 trophies now, but that doesn't mean a lot after they accumulate. Expenses for attending tournaments are high, and something is needed to offset them. Cash prizes are just the start.

ROLLOUT: Speaking of trophies, what was your most memorable win?

HELTON: Back-to-Back State Doubles Titles, without a doubt. Tony and I have worked hard to achieve these. We're both very proud.

ROLLOUT: Do you prefer singles or doubles?

HELTON: I have no preference of one over the other. Although, doubles is more popular than singles in the state now. A person must be a better player to be a doubles partner. This is due to the shot selection-you need to be able to place them anywhere you want.

ROLLOUT: What's your best shot?

HELTON: The forehand. Most people identify me with the forehand. My favorite forehand shot is a forehand reverse pinch.

ROLLOUT: Why do you play racquetball?

HELTON: The sport itself! There is a science to racquetball. It is easy to become good, but there is a fine line between good and excellence. This is what separates it from other sports. Some people never get a grip on some sports. It is easy to do in racquetball.

ROLLOUT: What about the competition?

HELTON: The competition makes it fun! I love to win, or better yet, I hate to lose. My favorite opponent is Tony Boscia. He forces you to put the ball away, or he'll tear you apart. He really helps my game.

ROLLOUT: What changes would you like to see in racquetball besides more money?

HELTON: I miss the tournaments in the mountains. There is nothing like playing at 10,000 feet.

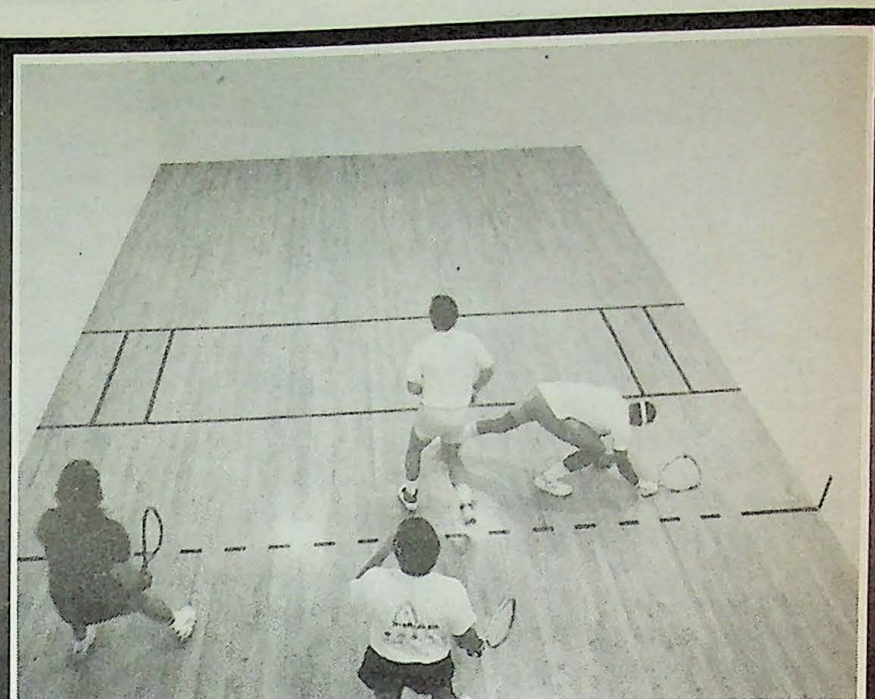

ROLLOUT: How long will you continue to play the game?

HELTON: I'll play until I quit having fun.

AARA News

By Luke St. Onge
Dear State and Regional
Directors,

It is my pleasure to report to you the highlights of the Board of Directors meeting held October 5th, 6th, and 7th at the United States Olympic Center.

1. The A.A.R.A. is no longer involved with "National Racquetball" magazine as its official publication. In order to serve its members more efficiently, the A.A.R.A. Board of Directors voted to withdraw from "National Racquetball" and begin publishing its own publication bi-monthly in September of 1990. The Board further approved publishing a "Preview" issue in the Spring of 1990. The A.A.R.A. publication will be sent to every A.A.R.A. member as part of the current \$10.00 membership fee.

2. Based upon final approval from the Racquetball Manufacturers Association, the A.A.R.A. and the R.M.A. will have two half-hour teaching videos available for distribution to the entire racquetball market in early 1990.

3. Established a Student Scholarship Program that will be effective September of 1990.

4. Agreed to pursue the developing of a high-quality racquetball poster to be distributed to the racquetball industry.

5. Accepted the audit of the A.A.R.A. Fiscal year 1988-89 by Ken Waugh and Associates, C.P.A.'s of Colorado Springs.

6. Further clarified the procedure for State rebates based upon the publication of State newsletters.

7. Welcomed the Oregon State Racquetball Association and the newly formed Washington Racquetball Association as A.A.R.A. affiliates. The Board appointed Hank Marcus as Region 15 Adult Commissioner.

8. Fully endorsed the Junior Development Program submitted by the Y.M.C.A.'s, Jewish Community Centers, and the United States Olympic Committee for the development of Junior racquetball players ages 8-14 in both organizations across the United States. It is estimated that the three organizations have committed an excess of \$180,000 in 1990 towards Junior development.

9. Adopted the Senior Olympics as an official program of the A.A.R.A..

10. Approved pre-preparation clinics for Teaching Certification; to prepare teachers wishing to take the Professional Association of Racquetball Instructors clinic.

11. Require all U.S.A. Racquetball Team coaches to achieve Teaching Instructor of P.A.R.I. Certification.

12. Approved Dallas as the site for the 1990 Junior Olympics.

13. Approved Salt Lake City as the site for the 1990 Ektelon/U.S. National Doubles Championships.

14. Approved New Competition format for the Twin Cities Olympic Festival in 1990.

15. Approved New Procedure in selecting the U.S. National Team members from the Intercollegiate Championships.

16. Approved expanded Referee Certification program.

17. Approved an aggressive program to expand the A.A.R.A. fundraising efforts in 1990.

18. Approved to lobby to have a Wheelchair Division as an exhibition sport in the 1990 I.R.F. World Championships in Caracas, Venezuela. In addition to the Wheelchair Division, the A.A.R.A. is actively seeking establishment of the visually impaired, and the Deaf Association in the Disabled Council.
