Racquetball in the Olympics?

by Earl Ward

Will racquetball ever be an Olympic sport? At the national level, they are really trying! But, all "states" must do their part in promoting racquetball at the state level first.

Minnesota needs to continue doing its part! This year the MSRA was represented by Patty Kaiser (V.P. - Membership) and Dave Schulenberg (Junior Program Director) who took the time (like formal participants) from their busy schedules to go and find out 'what its all about,' and boy did they find out!

The conference started out on Thursday, January 15 around 5 PM, with a two hour session on racquetball rules. "Boy, do we in Minnesota, sugarcoat avoidable hinders," Dave and Patty said. Dave and Patty found out that avoidable hinders really need to be called at all levels.

(NOTE - Lower levels, such as C's & D's need to given at least

a verbal warning and explanation). But, more on this will come in future newsletters, (If you need more information on this now, please give Patty a call.)

***In order to make
racquetball a bigger
success in
Minnesota, the MSRA
needs more help
from its members.***

The weekend was full of all day sessions on both Friday and Saturday. Lots, and lots of educational information. Patty and Dave met people from the 40 different states that were represented now. They have returned with many new ideas and philosophies.

For Ladies Only

by Cindy Tilbury

Ladies!! What can we do for you and your racquetball game?!?!? The MSRA has formed a group of people that are ready to work on programs for women, and we need your input. Our guess is that you need more women to play the sport, and specifically, enter tournaments! Any ideas you have on ways to improve this sport for ladies should be directed to Cindy Tilbury at the MSRA PO box address or phone number. And, let us know if you're already doing programs for racquetball women. Maybe we can help you out. Mark your calendars for April 10th & 11th for the Second Annual Women-Only Tournament. Location to be determined. Cindy Tilbury and Teri Grist will try to put that on again, unless someone else wants to host it this year. Call Cindy (593-9553) or Teri (653-0041) for an entry form.

From the Pres

by Greg Hayenga

I love this time of year! The clubs are busy, the racquetball courts are packed, and the tournaments are in full swing. I hope that others are experiencing the number of racquetball participants as what I am seeing. I also hope that racquetball manufacturers are receiving that 'shot in the arm' that the new, more powerful, 22" frames should be providing. However, the new inventions that continue to increase the power and speed of the game do not come without expense. The expense that I am talking about is front wall court damage, I don't think that court manufacturers ever thought that racquetballs would be pounding the surface at 200 mph. It's like taking a hammer and repeatedly hitting that drive serve spot on the front wall. Eventually, the surface fails. If you are a racquetball enthusiast and see this happening at your racquetball facility, please approach management and offer your help in fixing this problem. For many club owners, the popular fix is covering them with mirrors!

Congratulations to John Bandrup and Ev Eiken, this years' inductees into the Minnesota racquetball Hall Of Fame. A new traveling award was also presented to the Marvin Johnson (Hart's) family. This award will be given annually to a racquetball family who as a group have made racquetball an important part of their lives. Each year, the award will be presented in the name of Marvin Johnson.

Planning for the State Singles Tournament is already under way, as we as a board have a problem to solve. Some of you are already aware of the fact that the Burnsville Club no longer has it's two stadium courts and bleacher area. However, there are still enough courts to hold the State Singles Tournament under one roof. On the other hand, the Hiway 100 club still has its two stadium courts and bleacher area but lacks the number of courts necessary to conduct all matches at that site. Thus the issue: Do we conduct our State Tournament at a facility that allows us to all stay together but lacks the viewing and social area that we've been accustomed to? Or, do we move to a club that still offers the social and viewing areas that we enjoy, but requires us to conduct some early round matches at a second facility? It is a tough decision, one that the board is spending a lot of time trying to resolve. At the next board meeting we will make a decision and will hopefully have inserted information on this decision into this very newsletter regarding the tournament decision.*

On a final note, Patti Kaiser and Dave Schulenberg recently attended the USRA leadership conference held in Colorado Springs, Colorado. According to them, the conference was intense, with hours of racquetball seminars. If you have an opportunity, chat with Dave or Patti about the focus of our national organization.

*Editors Note: See enclosed State Singles Entry Form for final decision.

Olympics - con't

"Olympics" continued on page 5

In order to make raquetball a bigger success in Minnesota, the MSRA needs more help from its members. If you have an interest or a skill which could help to get more things done, give Patty a call at (612) 351-7349. The MSRA could use more volunteers in the areas of finances, advertising, rules commissioner, photography, and marketing to name

a few. Your interests, ideas, and services would be welcome! (Even if its only a few hours, the more the merrier!)

Let's not waste the time and efforts of Patty and Dave. Let's really move to help our State of Minnesota support the future of racquetball Olympic Racquetball!
