"Dedicated to promoting the game of Racquetball"

Vol. 24  
no. 1

## PRESIDENT'S NOTE

By the time you get this, your entry for State should already be in my mailbox so I am not going to spend a lot of time writing about it, even though this is early February and State is the only thing on my mind. If your entry has not been turned in yet, shame on you; you are missing one of the best tournaments in the history of racquetball.

There are still a few things I would like to write about and would love to have some feedback. Some are fun, some are not, but we need to discuss them.

What did you do on your winter vacation? If you even had one, you are one up on me. Mine was spent working. Yeah, sure, I was at the United States Olympic Training Center in Colorado Springs, hanging out with some of the greatest athletes in the world, going out to dinner, climbing Pike's Peak, looking at beautiful scenery; but it wasn't a vacation, I promise. I was at the USRA annual leadership conference held for state presidents and other leaders in our sport. John Davis and I spent over ten hours a day attending classes and seminars discussing the current state of racquetball as well as the future of the sport. We also had a chance to hold some informal meetings with other state presidents until the early morning hours to get an idea of what problems other states are experiencing. By the end of the conference, one definite conclusion could be drawn: **WE NEED TO INCREASE MEMBERSHIP!** Racquetball, as a whole, is on the upswing. The number of recreational players in the United States is over eight million. However, membership in the USRA is down.

Unfortunately, someone somewhere said that the only reason to join the USRA is if you play in tournaments. This could not be further from the truth. The USRA is for everyone who plays racquetball, not just tournament players. Do you believe that every one that is a member of the USGA or the USTA plays tournaments? Everyone that plays racquetball should be a member of the USRA as well as their state affiliate. Over the next few months, you are going to see an aggressive campaign around Louisiana to make this a reality. The USRA's goal for this year is to raise membership by 15%; the goal of the LRA is to double existing membership. I believe this is a realistic goal.

I know there have been some rumors afloat about why we

discussed at length, and I am still not sure I can give you an exact reason why we are not hosting the event. Without getting into the gory details, the USRA basically decided last year that any regional that had less than 200 entries would not be granted a regional this year; we had 176 entries. The logic behind this was to make the bigger Regionals bigger and more prestigious thus making Nationals bigger and more prestigious. You may or may not agree with this, but just like a loyal member of Congress, we may not agree with our superiors, but we have to support them.

You still have several choices on where to go for the regionals: Northwest Fitness, Houston TX, April 16, 17, 18, 1999 and YMCA, Birmingham, AL, April 30, May 1, 2, 1999. While there will be many people driving to Houston, I am in the process of getting some group rates on flights to Birmingham. If you're interested, please call me or ask me at State. I still expect a big turnout at Nationals, even if it takes a little longer to get there.

---

## EXTRA, EXTRA!!!

---

In case you haven't seen the huge billboards or heard the catchy campaign slogans, Jim Garner is running for the Board of Directors of the USRA. Who is Jim Garner you may ask? Jim is the current President of the Alabama Racquetball Association as well as a former club owner. He loves racquetball, runs most of the tournaments in Alabama, and is a very good friend of the LRA. He and his son Jeff, one of the top Open players in the country, have traveled to many of our tournaments, or if you have had the pleasure of playing a tournament in Birmingham I am sure you have seen him there.

On behalf of the Louisiana Racquetball Association, I would like to extend my support for Jim and I would like to encourage everyone to vote in the upcoming election. Be sure to look in the next Racquetball Magazine for your ballot. I know Jim's position on the Board will be beneficial to the sport of racquetball as well as our state organization
