NEW HAMPSHIRE RACQUETBALL ASSOCIATION

1st ANNUAL NHRA AWARDS BANQUET

1st ANNUAL N.H.R.A. AWARDS BANQUET
hosted by
The CLUB at GREENLEAF WOODS
Portsmouth, NH
April 1, 1989

We would like to express our sincere appreciation and gratitude to the staff, management and owners of The CLUB at Greenleaf Woods for the time and effort that they have devoted to make this event a tremendous success.

The 1st Annual N.H.R.A. Awards Banquet was conceived late in the tournament season (November); however, with the forming of an Advisory Committee which consist of a team loaded with enthusiasum, creativeness and hyperactivity, the banquet was spectacular.

Special guest were Paul and Maureen Henrickson. Paul is the New England Regional Commissioner and Director of the Massachusetts Racquetball Association. He gave an informative speech to those present covering the A.A.R.A., the Olympic Movement, News Media, and the upcoming Handi-cap tournament etc.

Leo Jolly served as master of ceremonys and did a wonderful job announcing the awards and presentations.

Pam Wright, Treasurer of the N.H.R.A. Advisory Committee, explained how the awards were decided upon and how the procedure of granting the awards will be next year (player's choice).

Hilda Torris, Secretary of the N.H.R.A. Advisory Committee, was recognized for the supurb job she did raising the money for this spectacular event. When Hilda approached you, she would greet you by not saying "hi, how are you", but "would you like to purchase a ticket to the 1st Annual N.H.R.A. Awards Banquet? You'll have a wonderful time and enjoy yourself along with supporting a wonderful organization". Hilda approached everyone and also assisted in 50/50 raffles held at some of the tournaments. The funds for having this event were derived from selling tickets and running raffles. Next year, don't be surprise if you see Hilda stationed at the Toll Booths.

Bill Bischoff, part owner/investor of The CLUB of Greenleaf Woods and also on the N.H.R.A. Advisory Committee, offered the use of the Gym to hold the banquet. Not anticipating that the Banquet would be such a success, over 230 tickets were sold. The gym was decorated with colorful bouquets of balloons nested in the basketball hoops with matching streamers all around the gym. Each table had a vase of fresh spring flowers. The gym was very trendy. A job well done by members of the Advisory Committee and Greenleaf's staff.

Rogers Sign Company, Rochester, NH donated the wonderful banner that was hung and displayed proudly on the gymnasium wall. Rick Rogers is the proprietor of the company and an avid racquetball competitor.

Bakers' Oven, Portsmouth, NH catered a delicious meal with all the trimmings. Ned Baker and his staff did a fabulous job.

Entertainment for the evening was performed by "Mirrors' Image", Massachusetts (band, D.J. & vocal). Everyone had an enjoyable time, dancing up a storm till 2:00 AM.

The grand finale wasn't programmed and totally unexpected; however, it was like adding the frosting to the cake. Lou Ferullo came prancing up to the podium, sporting part of an ELF costume (mask), doing impersonations of various N.H.R.A. members.

A Tribute to Kelley Beane

I'm sure that if there had been an award for "Best Come-Back of the Year" Kelley Beane would have received it. I'm not saying this simply because she my doubles partner, but because of what she has accomplished this past year. One day, ten months ago, we were planning a bike trip to the beach and the next day I saw her lying helplessly in a hospital bed with head injuries due to an accident the night before when a truck hit her as she was riding her bike. Probably one of the hardest lessons we have to learn in life is how things can change so quickly, and for me, this was devastating. To see Kell fun-loving, energetic, and so full of life -- now just thankful to be alive, yet not knowing what the results of all this would be, never mind if she would ever again play racquetball, her first love (Sorry Brian). But, for those of us who know Kelley, we know just how determined she can be and what happens once she puts her mind to something. To Kelley, I'm sure it was a slow process; spending time in the hospital, then at home trying to go for even a 5 minute walk without getting exhausted. But to the rest of us, she has improved rather quickly. As she worked on things during the summer month (for example: trying to regain her strength by weight training, regain flexibility and agility without losing her balance), there was much she had to deal with and is still dealing with, such as many doctor and dentist appointments, headaches, blurry vision, slow reaction time and lack of eye/hand coordination, just to name a few...

As Kelley talked about the up-coming tournament season she would say that she would be happy if she could play by January; to just take it slow and see what happened. Well, October came around and Kelley was on the court. It was a bad start but that just made her all the more determined. She has worked very hard throughout this season, taking home numerous trophies in both doubles and singles events, including a trip to Montreal, Canada where she won the Coupe B Tournament, bringing home \$200 and a Silver Cup. She also won two A tournaments and is now a qualified Open player!

Congratulations Kelley on a fine season! Thank you for showing us your determination, courage, spirit and love for the game of racquetball (as well as your patience with me for taking so much time off this season and not playing doubles). I'm proud to have you as my partner, but more importantly to have you as my special friend!

Thank you,

Kathy Alger
