USRA

annual national championships

The USRA conducts five national championships each year, to name the finest adult and junior competitors in singles and doubles, as well as to select the members of its national teams. National championships serve as qualifiers for either the adult U.S. National Team or Junior Team USA. Both teams compete internationally as representatives of the United States. Championships are held annually, at approximately the same time each year.

National High School Championships (March)

Established: 1988

Junior Team USA qualifier. Gold division winners earn a spot on the team, and qualify for goodwill tours abroad and international competition. Also encourages curricular development of High School racquetball (an overall "Team Championship" trophy is awarded).

National Intercollegiate Championships (March/April)

Established: 1973

Pre-qualifying at a Recognized Event is required.

U.S. National Team Qualifier. Gold division winners earn a spot on the team, and qualify for international competition through semi-annual "team trials." Also encourages curricular development of racquetball at the intercollegiate level (an overall "team championship" trophy is awarded).

National Singles Championships (Memorial Day Weekend in May)

Established: 1968

Pre-qualifying at a Regional Event is required.

U.S. National Team Qualifier. Men's and Women's Open semi-finalists earn positions on the team, and qualify for pool selection to international competitive squads. **International Qualifier.** When applicable, World Championship and Pan American Games teams are selected by their finishes at this event.

'98 RECORDBOOK • all the sport's champions & more ...

Also encourages development of racquetball as a lifetime sport, with additional competitive age divisions offered in five-year increments between 25+ and 80+. In 1998, the former Skill Level Nationals were incorporated into the National Singles event, enabling national calibre competition in rated "skill levels" for men and women certified in the "A" "B" "C" and "D" categories of play. An overall "state team championship" trophy is also awarded.

Junior Olympic Racquetball Championships (June)

Established: 1974

Pre-qualifying at a Regional Event is required.

Junior Team USA qualifier. Selected finishers (Semifinalists in 18- and 16-; Finalists in 14-) earn a spot on the team, plus qualify for goodwill tours abroad and international competition. Also encourages junior racquetball competition and the formation of state junior teams, (an overall state "team championship" trophy is also awarded).

National Doubles Championships (October)

Established: 1968

U.S. National Team Qualifier. Men's and Women's Open finalists earn positions on the team, and qualify for international competition through semi-annual "team trials." Also encourages development of racquetball as a lifetime sport, with additional competitive age divisions offered in five-year increments between 19+ and 80+. An overall "state team championship" trophy is also awarded.

U.S. OPEN (November)

Established: 1995

Pro Tour Showcase. Although not a national championship in its own right, this event was designed to provide a marquee event for the sport of racquetball, featuring competition among the top men's and women's pro tour athletes, plus amateur age & skill level competition. The pro competition, which made its debut in 1996, offers the largest cash award structure in the sport.

Don't Panic ...

If you are a World champion (team, senior or junior), you won't find your record listed in this particular offprint. We've revised our timetable for publishing that information, which will now appear in the separate 1998 Factbook — which is scheduled to appear in the September/October issue of RACQUETBALL. — Editor.

By special request ••• We've added doubles results for Junior Olympics as far back as was easily retrievable at press time. Results before 1990 will have to be researched before being added to the official national champions list, along with state affiliations. It's a considerable project, but we'll work on it for the next printing!
