AmPRO Clinic Set

The American Professional Racquetball Organization will be running an Instructor Certification Clinic July 19-21st in Orlando. The clinic is a 2 and a half day detailed program designed to give instructors the tools they need to become more effective teachers of the game. Over 20 hours of on-court and classroom instruction is included as well as quarterly updates via the AmPRO newsletter. This clinic is being hosted by the Orlando

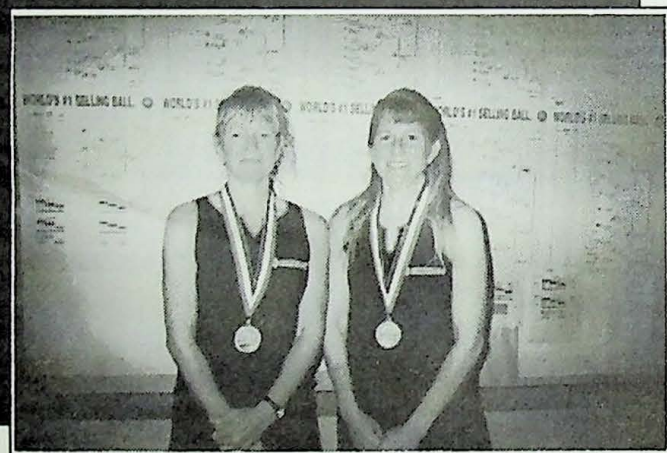

Fitness & Racquet Club. For more information on how your club's program can reap the rewards of a stronger instructional program call Mary Lyons at 904-241-6789.

Junior Jamboree

Ready to "heat up" for the summer!

The Junior Jamboree is designed as an instructional camp for junior racquetball players between the ages of 5 and 16. The kids get loads of great racquetball instruction by top players from around the state and have lots of fun "off court" time as well. The Jamboree will be hosted by the Orlando Fitness & Racquet Club on July 20th and 21st. If you're not able to participate you can still come along and help out - All ages are welcome. If you are interested contact Tracy Hunter at 941-591-8709.

Breakthrough Fitness presents

"Tip of the Month"

By Marcy Lynch, *THE FITNESS COACH*

Recently, I re-read *The Inner Game of Tennis*, I had read the book 15 years ago but I am amazed at how the information is as relevant as when I first read it. The piece I found particularly powerful is about how our own self-judgements prevent us from doing what we have trained ourselves to do. By simply releasing judgement and engaging in "mindful observation", we allow our natural abilities to emerge in a competitive situation, whether we are on the tennis or racquetball court.

In order to compete successfully, we must learn to trust our skills and abilities. Trust is best achieved when we "let go" rather than try to "control" our performance. Refusing to pass judgement on our own performance is a powerful way of letting go.

The next time you are on the court, play a game and observe/listen to your own inner dialogue. What kind of things do you say to yourself? How do you respond to errors, losses? Are you your own worst critic? Now play a second game and merely allow your game to unfold without judging that you are playing "good" or "bad". Observe what is happening as if you were watching and responding to a really interesting movie. How did you feel at the end of the game? What did you see and hear? Were you more or less critical and what did that feel like?

Being a "winner" requires acute self-awareness. In order to tune in to what is really going on, we must first let go of the judgements that take up our mental space. This requires courage and internal fortitude, but the payoff is the ability to play at or close to our potential on a regular basis. *Copyright Marcy Lynch 2002*

Eye - Eye - Eye... by Jay Caffey

On Thursday, January 17th I was playing racquetball during my lunch hour. I felt on top of my game. I was playing well and just enjoying myself hustling out there on the court. In the middle of a game I hit a soft z-shot that came off of the right side near the back wall to my opponent's forehand. I was on the left side just behind the service line watching him get ready to take his shot. He had a relatively easy choice of shots. Straight down the right side wall, cross court, pinch or a ceiling shot. He swung hard but the ball flew errantly off the strings and nailed me right in the eye. Fortunately I was wearing eyeguards - Ektelon Odyssey eyeguards and they most likely saved my eye.

I remember how loud it sounded as the ball hit my eye, like a 2 by 4 hitting me in the head. I immediately fell to the floor and lying there face down I remember thinking, "This is not good." "Please God, not my eye!" After a short time I remember rolling over and looking up at the lights - I could see! No double vision, no blurring only a slightly watery eye. I knew at that point that I would be OK and believe me, I was extremely thankful. My opponent told me to lie there because my eye was bleeding. I got up anyway and discovered that the blood was coming from a small cut that the eyeguard hinge had caused when the ball hit them. The right lens was still intact in the frame but the impact blew the other lens out and it was found unbroken leaning up against the front wall.

I suffered a little pain and an ugly eye from popped blood vessels. The eye cleared up in 8 to 10 days just like my optometrist (Dr. C. Steven Lancaster, O.D.) said it would. I have no doubt that I would have lost my vision in one eye if I had not been wearing my eyeguards. I have enjoyed playing this GREAT game regularly for 27 years and have always worn eyeguards even when warming up alone on the court. Take my advise and don't get caught on the court without them.... they really can save your eyes.

Florida Racquetball Association Tournament Ranking System

	Tournament Level					
	1-local	2-open	3-state	4-regional	5-invite	6-national
1st Place	30	50	150	250	300	600
2nd Place	20	30	100	150	200	400
3rd Place	15	20	75	100	150	300
4th Place	10	15	50	75	100	200
5th Place	5	10	25	50	75	100

*The FRA Currently provides all state rankings, using results provided by tournaments.

*FRA rankings reflect only points accumulated in indoor 4 wall events.

*Once a player reaches the "cut off" limit in a skill division, that player is no longer eligible to compete in that division and MUST move up to the next higher skill level. Players may NOT drop back down to a lower skill level once their ranking points drop below the cut-off limit.

Skill Division Cut Off Limits					
Division	Men	Women	Division	Men	Women
A	250	400	C	150	250
B	200	350	D	100	200

*Players ranked in the top 10 in any skill level may NOT compete in a lower skill level and will NOT be listed in the rankings.

*Cut off limits apply to skill level and age+skill level divisions.

*Once a player has won a skill division in a Level 3 event, he/she may NOT compete in that skill division in future Level 1-2-3 events. He/she may compete in the Level 4 event that year but must move up following that event. This rule applies to doubles and also applies even if the player has not reached the designated cut-off limit.

Crossing Over...

...to Racquetball

What does one tennis professional want to do as part of her workout? To enjoy her workout and to get into better shape. The tennis pro that I am referring to is **Gigi Fernandez**. Gigi is the winner of two Olympic Gold Medals for doubles in the 1992 and 1996 Olympics. She was also ranked number one in the world in doubles during the early 90's.

Needless to say, she is an extraordinary athlete and interested in pushing herself to the top of anything that she does.

My name is Chuck Rousenberg and I thought that some of you might be interested in hearing about someone from another sport that is taking a serious interest in our sport of racquetball. Gigi Fernandez is a member of the Harbour Island Athletic Club in Tampa and as the new racquetball and squash director, my name was given to her for a good game. She had played some

racquetball but had not gotten a real run around the court. She was looking for someone to "kick her b..." as she put it. So I did. The scores aren't important but she does want a rematch. Gigi is already a USRA member and has expressed an interest in competing in tournaments... after she gets a little better.

It's great that athletes of other sports are interested in racquetball as challenging and rewarding for their concentration as well as athletic ability to be tested and improved upon. We look forward to seeing Gigi at upcoming tournaments.

Club Profile

The Cypress Gardens Blvd. Health & Rec. Complex is a new approach to the fad of Fitness Centers.

Developed by Keith Ledger who has owned and operated the Health Club in Winter Haven for over 10 years wanted something more than the status quo fitness center. The present facility is located 2 miles east of Cypress Gardens on 3 acres of land near a small lake. Keith opened the brand new complex in September of 2001 in a building designed to meet the needs of his members and the local community. Keith was looking to create something more than a health club - one that would allow the community to have a full service recreation center. The facility contains 10,000 square feet of air conditioned floor space with Winter Haven's only 2 indoor, 4-wall air conditioned "state of the art" racquetball courts with wood floors and a full glass back wall for viewing.

In addition to the racquetball courts the complex has a 20' x 60' Aerobic/karate/Yoga/Exercise/ Ping-Pong area, a 40' x 50' exercise equipment area with free weights, machines, treadmills, exercise bikes and steppers. The complex also offers a nursery for babysitting children while parents work out. The Complex has men's & women's locker rooms with saunas & a steam room. There is a fully stocked Pro Shop by Ken Drew for all of your fitness & racquetball equipment needs and is currently working on a Juice/ Refreshment bar.

Ken is presently running the racquetball leagues & programs with the future development of all recreational activities for the entire complex. Future plans for the Complex include the addition of a heated outdoor pool, outdoor sand volleyball court, outdoor basketball courts, picnic pavillion, exercise/running trail with exercise stations, a climbing wall and horseshoe pits.

The Complex has numerous membership plans to meet individual, family or corporation needs on a day to day, monthly or yearly membership plan.
