WHERE HAVE ALL THE WOMEN GONE???

Where have all the women racquetball players gone? This question seems to be asked at every tournament. The league nights and mini tournaments are thriving, but the open tournaments lack sufficient draws.

The N.H.R.A./A.A.R.A. Advisory Committee would very much like to find a solution to the above dilemma. One suggestion; a New Hampshire Womens Open Tournament and/or a tournament that would run 2 days (Friday/Saturday) instead of three. How about a tournament where you receive a discount if you play a single and mixed division which would draw Women into the single divisions.

We obviously are going to need your help with these ideas. Please let the advisory members in your club know. We know you are out there, so please help us by talking to those women playing in your respective clubs. With more encouragement, we can get the women playing again.
