COLORADO RACQUETBALL ASSOCIATION NEWSLETTER

LOCKER ROOM TALK

- **Skipping Out** – Skipping out of tournaments and not paying for the entry fee and/or CRA memberships is not a good idea. Names will be published of those who are caught.
- **National Racquetball** – *National Racquetball Magazine* merges with *Racquetball in Review*. All new and renewal members of the AARA will be offered *National Racquetball Magazine* and *Racquetball in Review* for \$5.00 for 12 issues. This offer will only be made to new and renewal members and not to any non-AARA members. As you can see, the \$5.00 is \$19.00 off the current newsstand price and close to an 85% reduction in price to our membership.
- **Colorado Games Update** – Due to complications beyond the control of the Colorado Racquetball Association the Colorado Games racquetball competition is being rescheduled for a future date.
More information will be forthcoming.
- **A Note of Interest** – SURPRISE, SURPRISE !! One of your fellow racquetball players, Bruce Hawkins, Jr., has joined the U.S. Navy. We have watched him change considerably in the 9 years since he started playing racquetball. Bruce will be training to become a navigator on a nuclear powered submarine, starting with boot camp in San Diego on Feb. 8, 1988. We wish him well and may God bless him.
- **Racquetball on Wheels** – Wheelchair racquetball athletes who are looking for a game should contact John Foust at 750-3210. John is currently in the process of compiling a list of area players for distribution. Look for the list in future issues of ROLLOUT.
- **"Mr. Wallyball"** – Joe Garcia is on a quest to become "Mr. Portable Court," if he has his way. Mr. Garcia recently showcased his portable racquetball court at the Santa Anita Fashion Shopping Center in Arcadia, California, and by best estimates, had over 200,000 people stop by to watch top Open and Pro Players put on exhibition matches throughout the week long event. This is the kind of exposure racquetball needs.
- **Athletes Named** – Jim Cascio and Diane Green have been selected as Male and Female Athletes of the Year and will represent racquetball against other NGB athletes for the USOC Sportsman and Sportswoman of the Year. The athlete of the year in each sport will be announced in the general media in January and will be featured in the February issued of "The Olympian" magazine.

Colorado State Doubles Championships

The International Athletic Club/Aurora was the host site for the 6th Annual State Doubles Championships, September 23-27, 1987. Reflecting Colorado's growing interest in doubles play, the 149 competing teams more than doubled the number that competed in the first state doubles championships in 1982. Dan Schliebe, tournament director, and his committee of Deb Gridley, Mary Rodriguez, and Sue Ruhl took care of all details.

The tournament was loaded with excellent and exciting play. Men's Open Doubles winners were Danny Rodriguez and Doug Zirkel defeating Tony Boscia and partner Mark Helton. Danny Rodriguez, from the Flatiron Athletic Club in Boulder is a second time winner in the State Doubles having won in 1986 with partner Eric Hanson. Doug Zirkel is a past state singles champion. They were tested by Boscia, the 1987 State Singles Champion and Helton, an excellent doubles contender.

Men's A found Lou Smario and Steve Hulet of Rallysport in Boulder and last year's runner-up team, the winners, defeating Bronko Lemke and Kerry Givens, a new Aurora Athletic Club team.

In the Men's B category, Larry Crock and Gary Mellott were first, Dan Sweltz and Mike Silvestain, second. Men's 35+ found Jim Riggan and Doug Sieverson on top defeating Tony Merckol and Cliff Lopez. John Mooney and Allen Bartok took first in the Men's 45+ over Paul Ryan and Sid Peretti in a hard fought match.

The Women's Open Doubles winners were Linda Loughrey and Diane Adams defeating Gail Valentine and Kathy Wil-

liams. Linda was the 1986 State Doubles Champion with partner Sherry Armstrong, out this year with a shoulder separation. Diane is the 1987 State singles Champ. Gail Valentine is new to Colorado racquetball from Hawaii and Kathy Williams is a long time tough racquetball contender.

In a grueling competition, Ingrid Bakke and Beth Roellgen finally pulled out the win over Karen Tarwater and Pat Riggan in the Women's A. Women's B category saw Kim Olmsted and Cindy Gardelli defeat Kristi Peterson and Julie Seed in a hard fought match.

The mixed Open Matches were won by Debbie Wilcox-Stalker and Barry Riddle over Diane Adams and Tony Boscia. Mixed A found the team of Canel-la/Raspick in first, Chrisman/Durbin, second. The team of Peterson/Seten defeated Burnett/George in the Mixed B competition.

A very special thank you goes to Murray Distributing Company for providing Stroh's and Winterbrook Seltzer Water to players and to PENN for providing tournament balls and pictures as souvenirs for all first and second place winners. Players were also grateful for the products provided by Mountain High Yogurt, Mi Ranchito Tortilla Chips and the Rainbow Grocery. Thank you's also go to Andrex Insulation, Fleet Feet/Aurora Mall, Schuster Chiropractic, All Stars Bar and Grill, Union Central Life Insurance, Remax, Gridley Insurance, Tom W. Hanson, CPA, Caldonia's Bar-B-Que, Head Racquet Sports, and A.M.E. Grips and Products. Without the aid and support of these sponsors, the success of the

Colorado State Doubles Championships could not have happened.

PRESIDENT'S MESSAGE

Rules?

by Sherry Armstrong

Did you know that in competitive racquetball the ref must wait until the player is ready to call the score? Or, wait. Is it - the score is called 10 seconds after the server is ready? Or, ... the server serves after the ref and opponent nod their heads? Oh! I'm just so confused!

Sure am glad that I am not alone. A lot of players are confused about the rules - especially when it comes to refereeing... Making the right call.

Surprisingly enough, there are many open players that do not know the rules. No wonder that some of the beginner players fear refereeing a match. I guess that it is not as easy as one may think.

As in any sport there are rules to learn. The referee's job is very important. You know that a ref can be a factor in the winning or losing of a game and possibly a match. Then why don't the majority of the players take a little more interest in learning the rules and trying to make good and accurate calls?

The new rule book is just now being distributed. Please take the time to read the book and then apply what you learned in a referee setting.

I sincerely believe that we have a long way to go to assure good refereeing in our tournaments. It is every player's responsibility to help to improve the situation. If you have any questions, comments or creative thoughts about the referee concept please contact the CRA. Together we can work to make "Racquetball at the Top of the Nation."

CRA office notes:

The CRA office is located within the office/store of the Award and Sign Connection. The new office is located at 6880 S. Dallas Way, Englewood, CO 80155. The new phone is 799-8979.

We would like to welcome Mary Lou "Bunky" Lundberg as the Coordinator for the racquetball association. She has been a great asset to the office as she handles most correspondence, mailings and just about everything else.

CRA Board Adopts New Policies

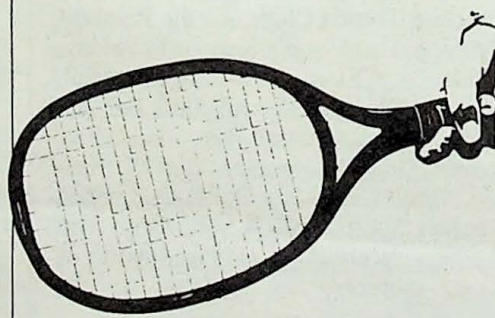

At the November 10th meeting the CRA board voted to institute two new significant policies regarding players who fail to pay entry fees and also a serving rule for mixed doubles.

The new mixed doubles rule reads as follows; In all skill divisions of mixed doubles, except Open, men may not serve drive or hard-Z serves to the female opponent. Violation is a non-appealable fault serve. This rule does not affect use of the soft-Z, lob and half lob serves. The rule is effective Jan 1, 1988. This is a CRA rule only and will be in effect at all CRA/AARA sanctioned events.

The other motion discussed and passed pertains to players who enter tournaments, yet fail to pay the entry. Effective immediately any player who fails to pay an entry fee at any CRA/AARA sanctioned event will be put in a position of being suspended from play for one year from date of infraction. Players will be invoiced the cost of the entry, plus a penalty, and will have 10 days to pay. The names of those suspended will be issued to tournament directors of sanctioned events.

In addition the motion gives CRA board members the right to disqualify any player, regardless of whether it's first round or finals, who has somehow slipped into a tournament while on suspension.

Club managers and racquetball coordinators will soon be receiving more detailed information on both policies.

Tournament Director's Corner

Many tournament directors take phone entries and accept entries without payment under the assumption they will be paid for at the tournament. For the most part that's true but there are still those individuals who persist in taking advantage of the situation. As a tournament director you have three basic choices: (1) No more phone entries, (2) accept entries with payment only, (3) put the hammer on the abusers of the system.

As a suggestion tournament directors might find it helpful to attach a pre-printed form (see example) to the unpaid players score card designating the amount owed (be it entry or membership) and that

the amount must be paid prior to playing the first round. This is especially helpful in locating those players who somehow forgot to check in at the tournament desk but always seem to be at their court ready to play.

Players often wonder how entry fees get so high. There are many contributing factors but you can bet your boots unpaid entry fees have their long range effect. No club wants to run a tournament and lose money, and they shouldn't be put in that position. For the betterment of all tournaments let's take a positive step to stop the freeloaders.

*If you have ideas on how to run a better tournament or are a player and have suggestions on things you'd like to see at tournaments please feel free to send your suggestions to the editor in care of the ROLLOUT.

In order to finalize registration as quickly as possible no player will play first round unless they have checked in at the registration desk and all fees have been paid.

Quizno's Pro-Am

The Quizno's Pro-Am Racquetball Championships have come and gone. The winners are home dusting their trophies or counting their money. The losers are plotting their revenge for next year. This event was the first of it's kind in Colorado with Pro-Doubles competition. Some fantastic racquetball was seen in both the Mens and Womens Pro-Doubles divisions. Bobby Rodriguez and Jack Nolan played extremely well together and won the Mens Pro-Doubles over Gerry Price and Dirk Zeller. In the Womens Pro-Finals Wielheesen and Adams beat Callihan and Haller. There were some great matches throughout the draw, from the round of 16 in the Men and in the 8's in the Women. We also saw some spectacular players from other states that came in to play in the Pro's.

The Pro-Am also had 20 different amateur divisions. This is the most divisions offered and filled in a while. The most exciting was the mens Golden Masters 55+. There was a draw of 8 players in that division. This just proves that racquetball is a game you can play all your life.

Through the work of many supportive sponsors, Quizno's, Boulder Sport Beer, Footer's Catering and numerous others, this event came off with great competition, hospitality, and lots of fun for all who played or came to spectate. We at Racquet World expect the next tournament March 9-13 in '88 will be bigger and better than this one. With all your support as players and the sponsors' help, we can easily have the best tournament ever in Colorado.

• **Here today...gone tomorrow** - That's about how long Wyoming stayed a region 12 member. At the AARA National Board of Directors meeting Wyoming was reinstated in region 13. That makes twice now that Wyoming has been part of our region and then pulled.

• **Referee's** - Suggestion to referee's. When calling a match never repeat more than once the phrase "possible match point, or possible game point." Think about it. The poor fool has enough problems as it is.

1987 National Doubles Championships

Over 360 teams competed in 28 divisions in the 1987 U.S. National Doubles Championships at the Arizona Athletic Club in Tempe, Arizona, October 22-25. The U.S. Nationals, sponsored by Diversified Products and Penn Athletic Products Company, found Dan Obremski, Pittsburgh, Pennsylvania, and Doug Ganim, Worthington, Ohio, overpowering Andy Roberts, Memphis, Tennessee, and Tim Anthony, Gahanna, Ohio, 15-13, 15-10, defending their 1986 National Championship Title.

In the Women's Open final, history repeated itself once again as defending National Champions, Mona Mook, Sacramento, California, and Trina Rasmussen, Sacramento, California, outlasted Diane Green, Altamonte Springs, Florida, and Julia Pinnell, Winter Park, Florida, 15-11, 14-15, 11-5.

Both Open winners will represent the United States at the World Racquetball Championships slated for Hamburg, Germany, August 5-12, 1988.

What's My Ranking?

One of the many services the AARA offers to its members is to act as a clearing house for all the sanctioned tournaments held across the United States. The results of these events (about 800 per year) are recorded by the tournament directors and sent to the national office where they are compiled and used to produce the national rankings.

Every tournament is pre-designated at a particular level ranging from closed state tournaments (Level 1) up to the National Championships (Level 6). Last May your board of directors voted to adopt a revised point value system for the rankings based upon reported tournament activity, and increased player demand for a National Invitational category (a new Level 5). The new system emphasizes the State Championships (Level 3), the Regionals (Level 4) and the National Events by awarding greater point values for these as compared to the usual Open Tournaments (Level 2). Please note the new point values for each level as they are listed at the end of this article.

As a reminder, here is a quick review of how the rankings are produced. Each tournament director is asked to fill out the appropriate forms after their event. These forms list the top eight finishers in each division. Each place, 1st through 8th, is awarded a designated point value and each player receives that number of points. The points are cumulative and are kept current by deleting any that are over one year old. For example, points earned in October of 1985 will be deleted as of

November 1, 1986. This allows us to maintain an active record of player performance.

Up until 1984 the national office attempted to handle the tournament load by itself. For the past two years the American Racquetball Handicapping System (ARHS) in Minnesota had been the official ranking organization for the AARA. ARHS served us well but very recently they closed their doors and once again the national office will be processing these results in house. By the time you read this, the transition of records (no small task) should be complete and the rankings should be up to date.

With regard to these rankings, there will always be arguments as to their validity. Some players accumulate lots of points as their states offer a greater number of sanctioned events over a year's time. This produces an obvious quantity vs. quality debate. But one thing is for certain; just about everyone checks the rankings published in *Racquetball In Review* and in the *Tournament Programs* searching for their own name.

We are always looking for a better, but still cost effective and practical, way to rank our players nationally and we are open to your suggestions. In the meantime, if you feel your points are not correct there are probably reasonable answers as to why: misspelled names, misplaced results, unreported tournaments, etc., do produce inaccuracies. Give us a call at (303) 635-5396 and we will do the best we can to straighten it out so that your ranking is a correct one.

Czupor Named Junior Regional Commissioner

The development of Colorado junior racquetball has been very good over the past few years. That development can be attributed, for the most part, to two hard working individuals - Marianne Czupor and Helen O'Connell. Based on this the AARA has appointed Marianne as Region 12 Junior Regional Commissioner.

With Helen still helping out and the addition of Patty Hawkins to the CRA Board our junior programs look to have a bright future.

Junior Update

We are thrilled to announce that Colorado has been chosen to host the 1988 EKTELON U.S. NATIONAL JUNIOR CHAMPIONSHIPS, June 24th-29th. The site selected is the Sportsclub in Lakewood, and we hope to make a good showing on behalf of the Colorado Juniors. Last year's TEAM COLORADO finished eighth in the Nation. This year's event gives us the tremendous opportunity to build a large and strong TEAM COLORADO. The time to start is NOW, and we encourage anyone from players, to parents, to racquetball directors to let us know how we can help you organize your junior programs.

We recently mailed a letter and questionnaire to Athletic Directors in the State regarding junior programs, rosters, and high school clubs. We have received a number of positive replies and hope everyone will respond soon. Once the list is compiled, we will be able to keep everyone informed of all junior activities. The 1988 tentative schedule of junior events is as follows:

- THE WORLD JUNIOR RACQUETBALL CHAMPIONSHIPS, Dec. 27-30, in conjunction with the Junior Orange Bowl in Miami, Florida. Call Marianne, 422-5703 for entry forms and information. (THIS IS A GREAT CHRISTMAS VACATION AND FUN TOURNAMENT!!)
- RACQUETBALL CAMP, Dec. 28 - Jan. 1 at Inverness Racquetworld. This is a week-long program offering instruction, video taping, etc. from 9 a.m.-noon, Monday thru Friday. Call Dirk Zeller at 790-7777. Cost of the camp is \$50 and we hope to offer more camps leading up to Junior Nationals.
- JUNIOR RACQUETBALL WORKSHOP, Jan. 10th at the Plaza Athletic Club in Thornton, from 2:00-5:00 p.m. Clinics, round-robins, instruction, and refreshments will be offered. Cost is \$3 and the workshop is open to all juniors, 6 to 18 years of age. Call Marianne Czupor at 426-6161 for information and sign-up.

Fund-raising activities for TEAM COLORADO will include another 50/50 CASH raffle at the International Athletic Club's SWINGERS Tournament in December. Candy bars are still available to give you energy between matches. We accept any/and/all donations!!!!

Junior Nationals Awarded to The Sports Club

Yet another major racquetball event is headed to the Rockies. The 1988 Ek-telon/U.S. National Junior Championships have been awarded to the Sports Club in Lakewood. The tournament, set for June 24-29, will feature the top junior players from throughout the United States.

Congratulations to Randy Lindbal and CRA board member Marianne Czupor who were both very instrumental in bringing the tournament to Denver.

And last, but certainly not least, the High School National Championships are scheduled for March 11-15 in Indiana. We would like to send several teams from local high schools to represent our State. More details to follow.

For questions and/or information regarding Junior Racquetball contact Marianne Czupor, 422-5703 or Patty Hawkins, 650-5963.

Colorado Ranks Fourth in AARA Members

Racquetball is alive and well in Colorado. Based on the October state ranking report Colorado was fourth nationally in total AARA members trailing only California, Florida and New York. Of the states mentioned Colorado is the least populated of the group.

A hearty congratulations goes out to Sherry Armstrong, the CRA Board and all of our players for showing the rest of the nation that Colorado can still be considered a hot bed of racquetball.

Racquetball at the Top of the Nation

AFTER 3,307 CHAMPIONSHIPS, THERE WAS ROOM FOR IMPROVEMENT.

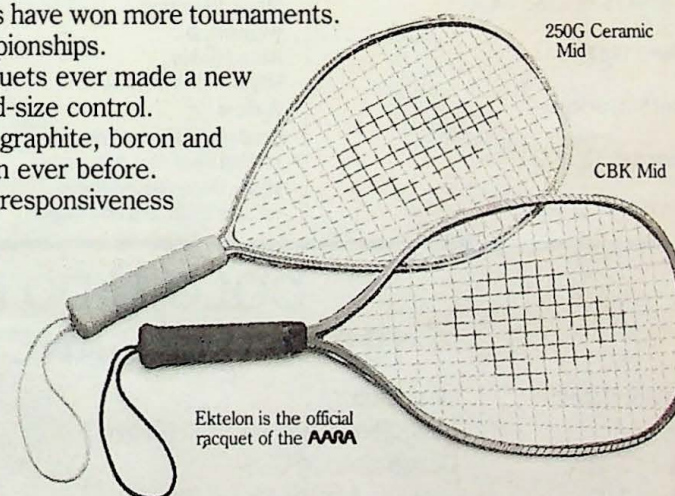

The Ektelon CBK® and 250G™. No racquets have won more tournaments. More AARA national titles. Or more pro championships.

And now Ektelon gives the winningest racquets ever made a new level of performance. Mid-size power. With mid-size control.

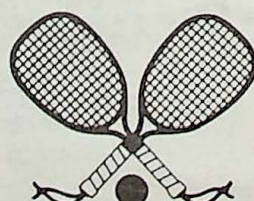

The new CBK's larger frame and patented graphite, boron and Kevlar® construction give you more power than ever before. And the new 250G's bold design combines the responsiveness of graphite with the added control of ceramic.

The new Ektelon CBK Mid and 250G Mid. Because no matter how often you win, there's always room for improvement.
