Volume 2, Number 2

April 1984

Ron was not a holy man, yet he embraced the teachings of Christ. I believe God sent Ron among us to teach us about friendship. Ron treasured friendships, he gave of himself and asked nothing. He believed there was good in everyone and he relied on his own faith and trust to bring out that good.

Ron's greatest fear in life was that he would forsake the faith and trust that others had in him. This fear was the essence of his spirit; it generated within him, a competitive drive to be the best friend anyone ever had. He was determined to be a better friend to you than you could be to him. He would not let you win in friendship, yet he could make you feel like a winner with the spirit of his friendship.

There are none among us who are not friends because of the friendship we have shared with Ron. He has made all of us better persons for having known him.

Let us not let our friendships die because Ron has left us; let us carry his fighting spirit within us and offer comfort to his family who gave him to us so unselfishly.

Patsy may not have understood why she must share him with so many others in life, but the memory of Ron's friendships and those he touched will forever comfort her and his sons, and she will teach them to know his love.

Let us all pray that this cloud of grief will be replaced by the joy and sunshine of Ron's memory; and that we too will carry the spirit of his love with the love of Christ for the rest of our lives.

Ron's work here is finished, he is on God's team now, and is the winner he so much wanted to be. The strongest among us will be forever awed by the spirit of this man, Ron Jeter; he taught us all.

# RULES

At the February monthly LRA meeting, it was decided that we contact Penn and request enough copies of their AARA Official Rules publication to distribute along with the LRA modifications to each LRA member. As soon as the copies are received, they will be made available at each LRA tournament.

## YOU MAKE THE CALL - "QUIZ"

1. Time Outs - In LRA 15 point matches, each team or player is allowed three (3) thirty second time outs. (True or False)
2. Equipment Time Outs - The only time an equipment time out is allowed is when a player or team is out of their regular time outs and the referee determines that an equipment change or adjustment is necessary for fair and safe continuation of the match; in this case, the referee may award an equipment time out not to exceed two minutes. (True or False)
3. Technical Fouls - The referee is empowered to add one point to the opponent's team score when in the referee's sole judgment, the player is being overtly and deliberately abusive. (True or False)
4. Body Contact - Body contact, particularly on the follow-through is an automatic hinder. (True or False)
5. Intentional Distractions - Deliberate shouting, stamping of feet, waving of the racquet, or any manner of disrupting the player who is hitting the ball is an avoidable hinder. (True or False)

# CHAIRMAN

In the last few weeks, there have been many questions regarding the future of the L.R.A. Well, just like everything else in life, we just didn't know how good we had it, until it is gone or taken away from us. Racquetball in Louisiana had it good, very good, due largely through the untiring efforts and the devoted commitment of Jeter. The sport, the L.R.A. and I personally, miss that big S.O.B., he checked out too soon. However, I also want to formally thank Jeter for doing all the hard work and laying the foundation for us to continue, grow and make the L.R.A. what it was meant to be-----  
An Association of Players, run by Players, not just one man.

As a matter of record, the Executive Committee met and decided not to replace the Director of our Association, yet. The L.R.A. Office will be open daily as usual, performing tournament results, answering questions and directing inquiries to the proper committee heads.

To refresh your memory, the L.R.A. is basically run by the Executive Board and thier committees. In the past, contrary to popular belief, all the decisions have been made by the voting power (Chairman, Vice-Chairman, Committee Chairmen, & Preferred Clubs) not by the director. Decisions came about through Ron's input, transferring information at the meetings and then voted by the above people. Therefore the L.R.A. will continue, as it did before, doing what it does best; helping the racquetball players and clubs prosper.

What is necessary at this time, is for us, to take what Jeter started and finish it. We will be making some unreasonable demands on you people and we are telling you up front. From the reaction of all those who care, there is a wonderful, positive attitude out there-----Let's keep our spirits and goals high!! If you want to help in anyway, Please call the L.R.A. Office, 504-346-8657 or anyone on the L.R.A. Board. The L.R.A. meetings have been and are always open to any player or club owner or representative who wishes to attend. SO COME OUT AND GET INVOLVED!!! GOOD LUCK!!!! & GOOD SHOOTING!!!!

Paul Bruno  
Chairman

# FINANCE

A complete review of the L.R.A.'s books has been completed by Ralph Theriot & Assoc., C.P.A. and everything is in good shape. The review is available at the L.R.A. Office for any member to look at.

We are already working on this years State Singles Championship and we need your input. Let us know if your interested in a banquet, dance, pros, or any certain hospitality. We need your response to insure the best State Championship ever.

## 1st ANNUAL MARDI GRAS CLASSIC

February 17,18,19

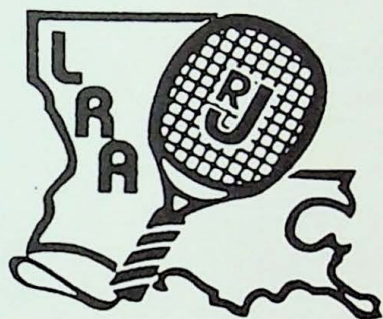

## FOUNTAIN OF YOUTH, Gretna

# WHAT HAPPENED

The L.R.A. voted and approved a new division for L.R.A. Tournaments-----BEGINNERS. The purpose of this division was to give new players an opportunity to try tournament play. NOBODY CAME!!!! It is up to you---L.R.A. Members & Club owners to get these new people to try this Beginners Division. Club Pros and Club Owners who do not encourage competition among these beginning players will eventually lose these players as club members. As L.R.A. members it is our responsibility to promote new membership. Find these NEW MEMBERS & INVITE them to play in tournaments!!!! Make it Work!!!!!!!

## NEW EMBLEM

Adopted by L.R.A. Executive Board in memory of Ron Jeter.

## STRANDEMO'S

**RACQUETBALL TIPS:**

The most common flaw in many player's forehand is the inadvertent use of the left hand during the set-up. Many players subconsciously touch their left hand to the racquet strictly out of habit. The consequences of this extra motion limit the player in getting his racquet back quick enough or far enough and results in a short, jab-type stroke.

## RULES

Answers to "You Make the Call Quiz"

1. True
2. True
3. False - The referee is empowered to "deduct" a point from the person being deliberately abusive.
4. False - Body contact is not necessarily a hinder, it is the referee's judgment decision.
5. True
