New Ranking System Update

The C.A.R.A. instituted a new and improved ranking system on September 1, 1995. The changes, based on input from many members, address the following issues:

1. situations where players won two very small tournaments and were required to move up to the next higher division
2. situations where those players who were required to move up a division stopped playing tournaments because they felt they were not ready to play in the higher division
3. situations where players are no longer able to compete at the skill level which they have attained because of advancing age
4. Situations where players have attained a ranking in a skill division but have not played tournaments for an extended amount of time

To facilitate integrating the old point system into the new one, each player's total points on record as of Aug. 31, 1995 were multiplied by .30. The points of record beginning Sept. 1, 1995 have been assigned using the new system.

More on the new ranking system is on page 3.

IRF World Senior Championships

Debbie Tisinger set a new personal record by winning her third straight championship at the IRF World Senior Championships held in Albuquerque over Labor Day weekend, while Mike Martinez brought home his second consecutive gold medal for winning the Men's 35+ division.

Debbie, who has had a spectacular year and won almost every tournament she has entered (including the National Singles in Houston) was very pleased with her accomplishment. Other finalists included Carlos Asunce, Darryl Warren, Mike Murphy, Jack Crowther, Micah Brown, Ken Moore, Antonio Pineros, Tony Duarte, Charlie Russell, Karen Schmidt, Nidia Funes, and Marion Russell.

**New Ranking System***(continued from page 1)*

The new point system was developed to address situations 1 and 2 (see page 1). A player will be allowed to enter, and even win, a number of tournaments in order to accumulate the total number of points which will make it mandatory for the player to move up a division. This should allow sufficient time for the player to gain the skills and experience needed to move up and feel comfortable in the higher division.

Rule number 13 in the Rules for Player Rankings in Singles has been included to resolve situations 3 and 4. This rule will allow older players to move down a division as their physical abilities decline and players who have been away from tournaments to return and be competitive.

The Rules for Player Rankings in Singles and the ranking point system follow:

1. Player must hold a current A.A.R.A. Competitive License and be an active member of the C.A.R.A. to be eligible to accumulate ranking points.
2. Points will be awarded only for play in tournaments sanctioned by C.A.R.A.
3. A player must win at least one (1) match in the division in order to be awarded points.
4. In a player enters an age division that is canceled and plays in another age division, any points earned may be assigned to the division entered at the player's request.
5. Player is ineligible to enter the novice division if points have already been earned in the novice division.
6. If a player is ranked in Open, AA, A, B,C, or D division, he/she is ineligible to play in a lower division.
7. A player may not accumulate points in any division in which he/she is not eligible.
8. It is the responsibility of each player to enter only a division in which he/she is eligible. Disregard of this rule may lead to disciplinary action by the Board of Directors of C.A.R.A., including suspension of eligibility to play in tournaments sanctioned by C.A.R.A.
9. A player ranked in Open, A, AA, B, C, or D division that wishes to play in a lower division due to injury must petition the Board of Directors of the C.A.R.A. in writing for a waiver of Rule #6.
10. The rankings will be maintained on a continuous twelve-month system.
11. No points will be awarded until the second round in drop down format (you must win a round to win points).
12. Points will be awarded in Round Robin format for first and second place only.
13. A player may petition the Board of Directors to be allowed to play in the next lower division if he/she has earned 15 or fewer points in the last five tournaments played.
14. When a player has been ranked in any division, but earns no points in that division or a higher division for one full year, he/she may again play in the next lower division.
15. The Board of Directors reserves the right to reclassify a player for due cause.
16. C.A.R.A. members will earn points in accordance with the following program:

	Winner	Second	Semi	Quarter
Round Robin (All Tournaments)	25	10	-	-
Group 1 (up to 8 players/teams)	30	20	10	05
Group 2 (9-16 players/teams)	40	25	15	10
Group 3 (17-32 players/teams)	60	40	20	13
Group 4 (over 32 players/teams)	100	50	25	15

A player/team will be automatically moved to a higher division when 1) the player/team accumulates 200 points, including 2 wins; 2) the player accumulates 250 points, including 1 win; 3) The player accumulates 300 points; 4) The player accumulates 200 points - including 1 win, and is one of the top three players in division (except AA) on August 31.

Editor's note: Sounds pretty confusing, huh? Well it really isn't. Basically we are now awarding points in accordance with the number of players in the division and allowing for players to return to tournament play by relaxing previous requirements.

Jack Hughes, President and "Keeper of the Rankings" submitted this fine article and spends countless (unpaid) hours of work in keeping these current and correct. Please refer any questions to him and by all means thank him for a job well done next time you see him!

Eric Klingman (Top) enjoys a small break with a big smile in between "donuts" (games) as he awaits his next opponent Andrew Grissom (Below).

Takes A Beating... But Keeps On Smiling!

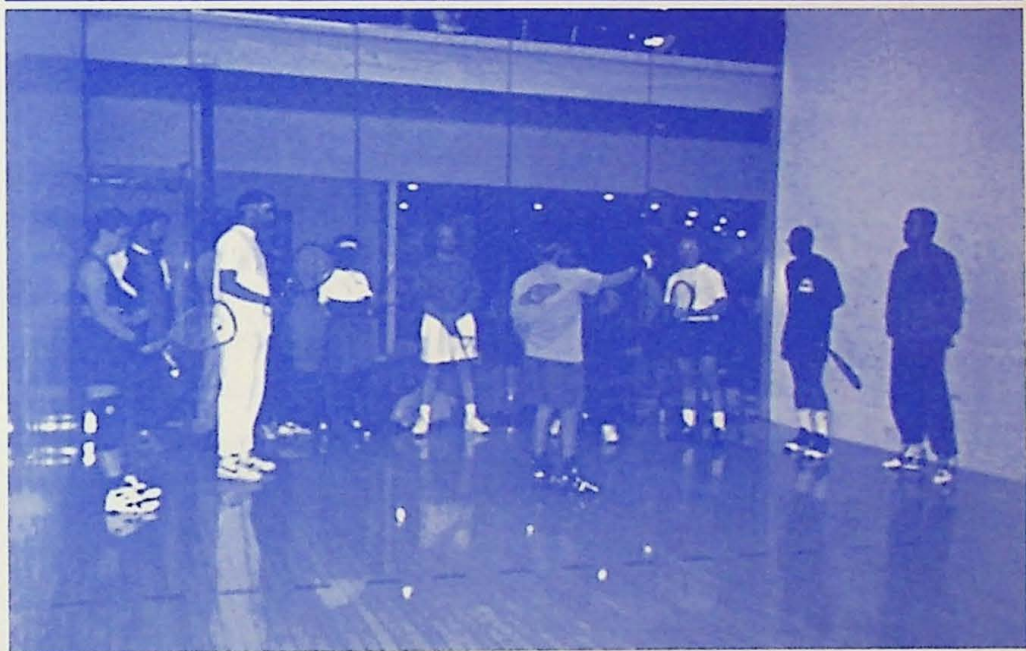

Eric Klingman cousin of Brian Mirich tournament organizer has never played racquetball except at the Pro Kennex Racquetball Series, where he learned by hit or miss on how to play racquetball. In the six tournaments in which Eric has played he has won one game and lost well over 25 games since most junior events are played on a round robin draw.

You might think a twelve year old kid would be depressed about getting a beating, but Eric says "I used to get frustrated and want to quit, but I realized that I never play and can't expect to beat kids who play twice a week."

Eric continued his great attitude in this event by losing five times (games) and collecting 3 more donuts. Parents and kids were very impressed that he always kept a smile and even jumped for joy when he scored in his final match of the day.

Hats off to a true sportsman who plays the sport for the fun of it. Maybe more of us should take on this attitude.

Ellis Shines Without Even Playing

Mr. Ellis explains why it is so important to control the pace of the game even if you are playing below par!

IRT Touring Professional (John Ellis) flew in from his new home in Columbus Ohio to teach free clinics to all player and guests. John coming off his first win as a pro was ready to pass along a few of his game winning tips to his fans and Friends.

He gave two clinics one for the juniors on Saturday morning followed by the adults only later that evening. These were not your ordinary clinics either for over an hour John answered questions and explained the importance of a slow game to compete at any level (yes believe it, John Ellis talking about a slow game). He went on to explain court position and shot selection, while everybody stood in awe, of how simple it sounded.

The only thing to do now was execute which John gave everybody a chance to do when he played everyone to a game to eleven. Both clinics totaled over 6 hours of racquetball fun and excitement as all the fans cheered against John to give up a few more points and allow the amateurs to win a game or two. After it was all said and done John played 33 games and lost none. You might say that is what he does and he should win, but 363 total points is a lot to score at any level.

The fans, Pro Kennex and Courtesy Sports thank a great person and player John Ellis for all his time and effort in helping make the tournament a huge success!

PLAYERS OF THE TOURNAMENT

Junior

Terry Durham

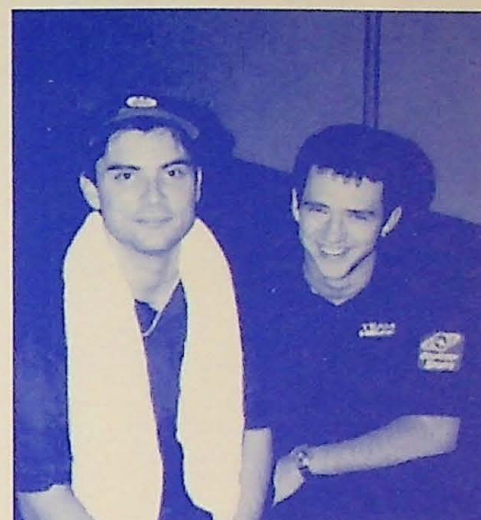

Terry dominated the pool of 6 players going undefeated to win the Boys 15 & Under division. Terry played very smart and has a great attitude, look for him to make a splash in the other men's divisions soon.

Women

Jackie Paraiso/Gibson

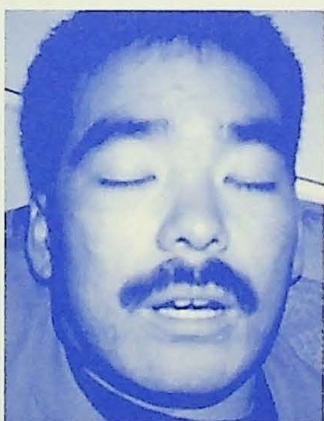

Jackie showed her true talent by crushing everybody in the women's singles and carrying her brother Joey to win the Mixed Doubles titles as well. Her performance may not be a surprise, but watching her execute the game to perfection is something else.

Men

Micheal Bronfeld/James Mullcock

Yes, we had to pick them both since James finally made it to an Open Singles final by beating Joe Pariaso in the semi's and Michael for winning Open Doubles with new partner Marko Perez. Micheal beat James in both singles and doubles to capture both titles and more Grand Prix Points.

Zonk!!! Out Cold after the event!

Mark Nomura better known as Ninja took hold of the reigns by doing all of the scheduling for the tournament and then worked during the entire event. Hats off to Ninja for an almost perfect draw (no ones perfect) and a great effort at the event as well. Totals for the week 100 hours worked and only one fifteen minute nap.

Photo's Needed... (Good ones at least)

Help! This news letter could be greatly improved with better pictures. Being that the current staff of one for this newsletter is busing with other things and really can't take a descent picture we would like you to bring your camera to the next event and take a few candid shots.

If we use you photo in the newsletter we will give you full credit along with a FREE Racquetball Gear T-shirt of your choice! Send all photos to Courtesy Sports, no later than Tuesday following the tournament.

Series*

*The Singles Special
Grand Prix #3*

Yes, this is the 3rd event of the series and is singles only, so all you double only people now is your chance prove to you peers that you still can cover the entire court.

The tournament is February 23-25 @ Schoeber's in Fremont. There will be full hospitality and many more age divisions so every one will be able to play two events.

Offhand will also be making a return so practice those ambidextrous skills.

Editor's Note: My apologies if I did not list your entire name--I am working from memory and results only listed last names!

Focus on Mike Murphy

Jackie Paraiso-Gibson approached me recently and asked me to do a feature on Mike Murphy, a player at her club as well as a national champion and competitor for many years. She submitted the following information:

Mike has been playing for years in the Police Olympics where he is known for several gold medals he has won in singles and doubles. In addition, he won first place in the 1995 Southern Cal. Metro Regionals, first place in the World Senior Championships, and lost in the quarters of the 1993 National Doubles, quarters in National Singles in 1993 and 1994.

Mike is Jackie's sparring partner when they are at home in San Diego at the Dinosaur Athletic Club. She says he's helped her game a lot (as a National and World champion and back on the Women's Pro Tour Jackie's no slouch herself!).

C.A.R.A. salutes Mike for his sportsmanship and accomplishments and especially, his love of the game.

1995 Caliente Open Submitted by Tony Cortes

The 3rd Annual Caliente Open was held at the Racquet Centre in No. Hollywood, August. 25-27. With many players holding out for the Masters Seniors in New Mexico and the Stockton Pro-Am, this was "the event in town". "Caliente", which means "hot" in Spanish, is exactly how it went on this weekend. Over 130 entries came together to enjoy one of the Southern Cal's best run tournaments. This "Y-Not Racquetball" event featured it's now-famous Carne Asada BBQ.

The Men's Open Division was a repeat of last years results with Adam Karp taking out Tony Jelso in two straight. Dina Moreland returned to action defeating Debbie Tisinger in the tiebreaker. Mixed Doubles went to Kevin and Debbie Tisinger over Moreland and Darryl Keene. A special Honorable Mention to Zach Miller and Erin Connolly. Both Juniors playing in the Mixed C Doubles Finals against Lucia Vugovic and Joy DeSantis. Half-way through the match Vugovic crumbled to the floor in great pain due to a knee injury. Unable to continue, a forfeit was awarded to the Juniors. The two Juniors then decided to split the trophies and awards. True sportsmanship!

Here are the results:

Mens Open: Adam Karp def. Tony Jelso • Mens AA: Kevin Watson def. Clint Abdalla • Mens A: Jonathan Dunn def. Andy Weisz • Mens B: Rick Merrill def. Dan Werchosky • Mens C: Keith Madison def. John Adler • Mens D: Greg Dorman def. Bernard Dorman • Mens 30+: Darryl Keene def. John Wong • Mens 40+: Tom Weniger def. Ernesto Garcia • Mens 50+: Jack Howard def. Charles Dryer • Womens Open: Dina Moreland def. Debbie Tisinger • Womens B: Anita Miller • Womens C: Tammy Card • Womens D: Jessica Cushman • Mens Open Doubles: Karp/Jelso def. Montano/Ascunce • Mens A Doubles: Fierst/Snyder def. Tisinger/Waldman • Mens B Doubles: Grahman/Gutierrez def. Merrill/Batdorf • Mens C Doubles: Macias/Gonzalez def. Eamer/Sharp • Mixed Open: Tisinger/Tisinger def. Moreland/Keene • Mixed C: Miller/Connolly and Vugovic/DeSantis • Boys 12/under: Zack Miller

A special thanks to everybody who came out and hope to see you again next year!

Karp/Sell Earn World Team Spots

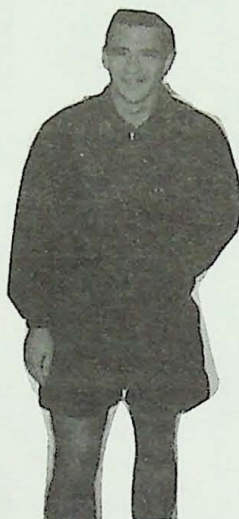

Southern Californians Adam Karp of Santa Ana and Bill Sell of Huntington Beach paired for the first time to win a third national doubles title for Sell and a first for Karp. A seasoned international competitor at age 36, the left-handed Sell and current U.S. Olympic Festival singles champion Karp, 23, defeated the #4 seeded team of southpaw Tod O'Neil of Dallas and Derek Robinson of Indianapolis. For their win Karp and Sell have been appointed to the 1996 U.S. World Championship team, which will defend the U.S.' claim to the world cup at the VIII World Championships next August (also in Phoenix).

Sure, the Lexington Hotel seemed to bump 90% of the people who had made reservations months before (including Kim Cameron and Rick Ramirez, left), as well as the Bronfelds, but everyone seemed to adjust and manage to have a great time anyway!

Between fierce poolside cribbage tournaments Charlie Yaqub (right) and Nancy Abram managed to win consolation in Mixed 40's

James Mulcock (right) and Jeff Mayorga made it to the semi's in Mens Open
