

An abstract graphic design featuring a large, solid blue sphere in the lower right foreground. Behind it are several overlapping, semi-transparent blue spheres of varying sizes, creating a sense of depth. The background is a complex, interwoven pattern of thick, light-colored rope or cable against a dark, maroon-colored field. The overall composition is dynamic and layered.

Announcing an aluminum racquet with the advantages of lightweight fiberglass.

The Wilson Advantage.

Quick and light as fiberglass. Tough and durable as aluminum.

Fiberglass. For years the pros have said you can't beat it for quickness and lightness in racquetball. Aluminum? A slow second in their eyes.

Now that's all past history, because Wilson is making some history of its own. The Wilson Advantage. An aluminum racquet with the advantages of lightweight fiberglass and the advantages of durable aluminum. A racquet that's quick and light as fiberglass, tough and durable as aluminum.

Wilson's advantage: Select 6.

To pick up a Wilson Advantage, you'd swear it's fiberglass. With a comparable weight—255 grams—it feels light, it moves quick. The secret

is Select 6, a lightweight aluminum alloy. This advanced material gives you a racquet that weighs less than most other aluminum racquets—amazingly, with equal durability. Quick and light as fiberglass, but designed to take fast-paced abuse, it's the best of both worlds. Test-play the demonstrator model at selected pro shops. And see why it's called the Advantage.

Wilson®

Wilson and Advantage are registered trademarks that distinguish the fine products of the Wilson Sporting Goods Company.

WHAT SOME PEOPLE DO TO THEIR FEET IS SIMPLY SHOCKING.

You slam them down. Twist them. Slam them down again. And then you wonder why your feet hurt and ache so much.

It's because the poor soles need cushioning. And no single design of athletic shoe can all by itself give you the cushioning, support, and comfort which an active foot demands.

That's why Scholl developed Pro Comfort® Sports Cushions.™ Thin, lightweight shock absorbing insoles made from a revolutionary material called Poron®, that fit comfortably and easily

in your shoes. Sports Cushions actually absorb twice the court- and road-shock that sponge or latex does. And they breathe, to keep feet feeling cooler and drier.

Pro Comfort Sports Cushions from Scholl. They're guaranteed for the life of your shoes. To help you stay foot-loose and blister-free. And that's the name of the game.

support for your game

Dear Racquetball Players,

Welcome to this American Amateur Racquetball Association (AARA) sanctioned event. The American Amateur Racquetball Association is recognized by the International Amateur Racquetball Federation as the National Governing Body of Racquetball in the United States and is devoted exclusively to you—the amateur, grass-roots player.

By participating in an AARA event you are insuring yourself of participating in a top quality tournament, with the added value of qualifying for National Amateur Ranking points, that have been in effect for the past year.

We trust that you will have a great time this weekend and that we will see you at many future AARA tournaments.

Best Wishes,

Luke St. Onge
Executive Director

JA00

THE ONLY WAY TO BEAT A KILLSHOT IS TO WEAR ONE.

We built our new racquetball shoe to help you make more killshots more often.

So we named it the Killshot.

It's designed to improve two things on the racquetball court: Comfort and performance.

The open toe design gives more room and comfort to your forefoot.

The mesh uppers let your feet breathe naturally.

Insoles are made from leather for increased durability.

And the wrap around cup rubber sole gives you extra traction for quick lateral moves.

It's a lightweight, tough shoe that'll last a long time. And help make sure you're making the killshots.

Instead of diving for 'em.

Beaverton, Oregon

The one part of your game that never has an off day.

Rely on it. When all your shots are working. And when they're not.
Because even on those days your game's more off than on, the
Penn® Ultra-blue racquetball performs. Shot after shot.
Game after game. Whether your style is power or finesse.

This ball is so lively, consistent, and durable, we back it
with the guarantee no one else offers: If any Penn ball
should fail before the label wears off, return it to the place
of purchase or to Penn for two new balls.

Ask anyone who plays it. Once you try Penn, you won't
go back to anything else. Because even if you're off, it's on.

Penn Athletic Products Company, 200 Mail
Boulevard, Monroeville, PA 15146.

Nautilus CONDITIONING

Ask yourself this: Could you as a tournament player or "weekend warrior" obtain the SAME results in cardiovascular conditioning, muscular strength and flexibility in HALF the time you now devote to training?

In reality you can probably **DOUBLE** your current results in **LESS THAN HALF** of your present conditioning time.

Nautilus high-intensity, full-range exercise stimulates large-scale increases in the three areas of physical conditioning subject to training effect. Dramatic improvement occurs more rapidly than previously thought possible.

Maximum training time *per week* . . . *less than two hours!*

Now ample time may be devoted to skill training — as it should be. But of critical importance, you are stronger, faster, possess greater endurance and are more resistant to injury than ever before.

STAYS FRESH LONGER.

Rollout® Bleu™ Racquetballs have the same fresh liveliness the 300th time you play with them as they do the first. That's because AMF Voit puts the zip in the rubber walls of the ball, instead of pressurizing them.

If you've ever played with pressurized balls you know they start out strong, but go "dead" quickly. Not Rollout Bleus. You get the same true rebounds game after game after game. And chances are, you'll buy balls less often.

All that liveliness is easy to keep your eye

on, too, because our bright blue is the most visible color on indoor courts. No wonder Rollout Bleus have been chosen for hundreds of tournaments since 1977. And they keep on outselling nearly every other brand.

For a sample Rollout Bleu Racquetball and a copy of our booklet, Racquetball for Winners, send \$2 to AMF Voit. Next game, freshen things up.

Santa Ana, California 92704

This Tournament Is AARA Sanctioned

All players reaching the quarterfinals will receive national amateur ranking points. Here's how it works:

Until this past year, if a racquetball player wanted to measure his abilities against his peers it was only possible in a haphazard, tournament by tournament manner. There was no official way to compare top players on the East Coast, for instance, with top players on the West Coast--unless they actually faced off on the court. Then along came the AARA National Ranking System--the first attempt to cure this persistent problem in racquetball.

The system is the brainchild of Pete Talbot, AARA state director for New Jersey and manager of Yogi Berra's Hall of Fame Racquetball Club in Fairfield, New Jersey. Based on AARA sanctioned events, all players reaching the quarterfinals receive national amateur ranking points, which are fed into a computer. Using the point system outlined below, players are then periodically ranked in their division. The rankings are published in Racquetball magazine, the official publication of the AARA.

One final note regarding the 1979-1980 season's final rankings (which appear elsewhere in this program). As last season was the initiation of the ranking system, no doubt there were a few players who for one reason or another did not have the opportunity to play in enough AARA tournaments to accumulate the ranking points which would accurately reflect their abilities. Therefore, their names may not appear in this year's rankings. But as those players find more time to participate, and as the competition grows not only in number but also in spirit, becoming a nationally ranked player will inevitably become increasingly difficult. So, we extend our hearty congratulations to those who were ranked this year, as they'll be the first in a long line of winners. A new season is underway and we wish the best of luck to all players.

National Ranking System

(1) Club Tournament Plus B-C & Novice Events		(3) Open Tournament		(5) Regionals and AARA Designated Events	
1st	10 TP	1st	50 GP & 50 TP	1st	100 GP & 100 TP
2nd	5 TP	2nd	30 GP & 30 TP	2nd	50 GP & 50 TP
3rd	3 TP	3rd	5 GP & 20 TP	3rd	30 GP & 30 TP
4th	1 TP	4th	3 GP & 15 TP	4th	20 GP & 20 TP
5-8	1/2 TP	5-8	10 TP	5-8	5 GP & 15 TP
(2) Closed State Tournament		(4) Open AARA State Tournaments		(6) Nationals	
1st	20 GP & 20 TP	1st	50 GP & 50 TP	1st	500 GP & 500 TP
2nd	10 GP & 10 TP	2nd	30 GP & 30 TP		GMNC Automatic
3rd	8 TP	3rd	10 GP & 20 TP	2nd	200 GP & 200 TP
4th	5 TP	4th	5 GP & 15 TP	3rd	100 GP & 100 TP
5-8	3 TP	5-8	10 TP	4th	75 GP & 75 TP
				5-8	50 GP & 50 TP

TP—Tournament Points (awarded for all divisions of play)
 GP—Gold Points (only awarded for Open, Seniors, Masters, and Golden Masters; not for B, C, etc.)
 GMNC—Grand Master National Champion
 Doubles winners divide the points as listed above.

See Tournament Director for level of this tournament.

Non-Slip Suede Leather For Winning Racquetball

The Champion Tigergrasp racquetball glove grips tight even when wet from perspiration. It's the specially tanned leather that makes the difference. Thin yet durable, this unique leather is also super soft. Elastic back keeps the palm smooth and the position of the Velcro tab allows unrestricted wrist action. Available in white, red, blue, canary, green and apricot. All sizes for men and women. Players are very enthusiastic about the Model 696.

extend, the lucky recipients membership for one year.

A great gift, that lasts the whole year.

SEAMCO "BLUE 600"

A Smashing New Idea
in a Racquetball!

It's Official...
It's the Racquetball
adopted by the

This new pressureless ball has the look and performance of a champion. Off the wall, "Blue 600" responds with a consistent bounce, coupled with lively action—play after play. Whether you play with a power game or a ceiling game you are always in control. Brilliant blue color gives it high indoor visibility, too. Has the unique distinction of bearing the seal of the USRA. And that's official. Next time, put Seamco "Blue 600" into play and see what it does for your game. It's a blast! It's the ball control players can appreciate!

Why be an AARA member?
*The following is an excerpt from a letter to a
questioning potential member.*

THE AARA

1. Is a not-for-profit, charitable, educational, membership organization incorporated under the laws of Illinois and Tennessee since 1968;
2. Has been a viable force in the promotion of the sport from 50,000 participants in 1968 to 10.5 million in 1979 - (Neilsen ratings, 1979);
3. Conducts local, state, regional and national championships in both singles and doubles since 1968;
4. Conducts local, state, regional, and national championships in both singles and doubles for men and women in the following categories: 10 and under, 13 and under, 15 and under, 17 and under, open, 30 +, 35 +, 40 +, 45 +, 50 +, 55 +, 60 +, 65 +;
5. Has crowned over 250 National Champions;
6. Has complied with all requirements to become a National Governing Body under the Amateur Athletic Act of 1978 including the 20% active players clause, equal rights clause, definition of amateurism and the players' right to grievance;
7. Has over 20,000 dues paying members; projected 1980 membership to exceed 60,000;
8. Is a membership organization with 90% operating funds derived from yearly membership dues;
9. Publishes *Racquetball*, a monthly communications magazine;
10. Embraces the Olympic ideals and movement;
11. Charter member in the International Amateur Racquetball Federation along with twelve other countries' national governing bodies. The IARF has applied for membership in GAIF and soon to the IOC;
12. Has local, state, and regional representatives and organizations throughout the United States with a paid National Staff located in Memphis, Tennessee;
13. Initially made application to the USOC (United States Olympic Committee), under the Amateur Sports Act of 1978, in January of 1979;
14. Will participate in the World Racquetball Championships slated in the United States for the Fall of 1981;
15. Has and actively conducts a Junior development program - since 1972;
16. Has and actively conducts an Intercollegiate program - since 1972;
17. Has applied for tax deductible status under (510-C) of the Internal Revenue Code;
18. Plans a European tour of American National Amateur Champions to Europe under the auspices of the European Racquetball Federation in the Summer of 1981;
19. Will supply a clinician and team to the organization of American States Sports Development project for touring North and South America;
20. Will conduct National Team and Metro Championships in the Summer of 1981;
21. Offers an excellent insurance program to its members;
22. Offers discounts on racquetball equipment and racquetball books to its members;
23. Offers membership in International Travel Card at reduced rate for its members;
24. Established National Amateur Rankings in all divisions, in 1979;
25. Has been instrumental in the following major developments in racquetball:
 - A. Drafting and acceptance of a players' Bill of Rights;
 - B. Is an open and free market place for manufacturers;
 - C. Has established a Junior Council patterned after the USTA's Council;
 - D. Required safety equipment for players;
 - E. Conducts open business meetings;
 - F. Is strictly an amateur organization having no contact with professional players;
 - G. Has a duly elected Board of Directors;
 - H. Has an open financial statement;
 - I. Has been instrumental in organizing and founding the newly created International Amateur Racquetball Federation;
 - J. Lobbied for the 1978 Amateur Sports Act;
 - K. Is the chief clinician for the President's Council on Physical Fitness; conducted five clinics reaching over 20,000 people;
 - L. Developed and is presently participating in "Racquetball without the Walls" project which will bring racquetball to over 1,000,000 elementary and high school children in 1980. Projections of this program are to reach an excess of 3,000,000 children in 1981.

I hope that the information included in this letter will be of interest to you and will influence you in your decision to become a member of the AARA. Your dues support these and other programs.

Regards,

Luke St. Onge

Luke St. Onge
Executive Director

It's your competition you're supposed to run into the ground. Not your shoes.

So, get into a pair of Tuffs.

Tuffs are put together so they won't fall apart under all that twisting, darting, plunging and lunging. For openers, Tuffs

have high-traction gum rubber soles that are all but bulletproof.

And stitching. No other racquetball shoe has anywhere near as much. 3 rows of it in the toe alone.

RUN YOUR OPPONENT RAGGED. INSTEAD OF YOUR SHOES.

Plus, the uppers and lowers are stitched together – as well as cemented – all the way around.

Sole separation? Not very likely.

Tuffs are comfortable, too. With a special air-channeled innersole and super thick heel padding.

And now there are three new ways to get tough on the court. Whether it's racquetball, handball, squash or any other wood surface sport. A new hi-top Tuffs for extra support. A new leather Tuffs. And a wicked new nylon and suede style that's white and red and tough all over.

All three are available at quality shops now. Get a pair. Then go tear up the courts. Without tearing up your shoes.

Foot-Joy

TUFFS. THE TOUGHEST SHOES IN RACQUETBALL.

"If you want the best in Racquetball... Head has it all!"

Steve Strandemo

Steve Strandemo, Head Racquetball Touring Professional/Instructor, says, "Pick the racquet that suits your game and let Head quality engineering do the rest."

HEAD COMPOSITE RACQUETS. The GRAPHITE EXPRESS[®] racquet combines graphite and fiberglass for strength, lightness, and unbelievable power. The ENDURO[®] has an aluminum reinforced fiberglass core construction for power and durability. Both feature the open throat design that reduces twisting.

HEAD METAL RACQUETS. The PROFESSIONAL[®] is used by more Head Touring Pros for its outstanding power and control. It uses high-strength aluminum for devastating power. The MASTER[®] is made with a lighter, more flexible aluminum extrusion for superior racquet control and quickness.

HEAD RACQUETBALL BAGS. Specially engineered for travel and small lockers, Head Bags are available in navy blue and chocolate brown. All are washable and contain wet-pockets.

RACQUETBALL ACCESSORIES. Look to Head for the best in accessories, too. The Head racquetball shoe features a canvas-and-mesh upper molded to a skid-resistant crepe rubber sole. The Head Plum[®] ball and deerskin gloves add to your enjoyment and skill. Our eye guard adds to your protection. See your authorized dealer for equipment that will help you play your best.

We can make a difference in your game.
