*U*nbound is a professional dance company based out of Columbia, S.C. founded in 2008 by Susan Hancock and Caroline Lewis-Jones. Unbound is a way of moving with no boundaries. We are raw, undefined, athletic, meaningful, literal, and passionate. We provide dancers the artistic freedom to express themselves through movement without constraint.

We are unbound by definition, we have no limits, we are daring. Our souls are fearless. We are ordinary people who love something so much that we are willing to reveal our inner most feelings to inspire others to do the same.

It is our pursuit to leave an impact on the dance community, and our audiences alike--with the will to live stronger, love harder, and desire a greater existence.

“WE DON’T SEE OURSELVES JUST AS DANCERS, BUT AS CATALYSTS FOR OUR PASSION, FOR LIFE, THROUGH DANCE.”

Why do we so infrequently not want to be the people or artists we are, but so frequently strive to be something we are not? This question is what drives us, confuses us, and inspires us. We seek the answer through Unbound.

TTU

Last fall, after an 11-year hiatus, Unbound presented “ONE”, a show about community, togetherness, giving back to the people around us, and the spirit of being human. On August 26 + 27, 2022, we return with (in)finite -- an organic continuation that explores the concept of time. We are continuing on our journey--collaborating with artists, producing thought-provoking work, and striving to inspire and connect.

As a non-profit organization, support from our community businesses is vital to our success. Thank you for considering Unbound Dance Company as a non-profit partner.
