### **Microlife Institute Announces Request for Proposal**

2023-04-03

Atlanta,GA 4/3/23 - Leader in right-sized housing seeks construction services proposal for innovative housing program.

Microlife Institute ("Microlife") has issued a statewide request for proposals (RFP) to build ten (10) units of transitional housing for Hope Springs Housing, Inc. The RFP is posted to a publicly accessible drive for Microlife ([click here](#)).

All questions about the RFP must be submitted by April 10, 2023 and all proposals must be submitted by May 3, 2023. Both questions and proposals must be submitted by email to [projects@microlifeinstitute.org](mailto:projects@microlifeinstitute.org).

#### About Microlife:

The MicroLife Institute ([www.microlifeinstitute.org](http://www.microlifeinstitute.org)) is a national 501(c)3 non profit headquartered in Atlanta, GA. The Institute is a hub that connects individuals, policy makers, and professionals to rethink how we utilize space inside the walls of a structure and beyond. We build stronger communities through development projects and educational programming to elevate awareness of housing choice throughout the nation.

#### About Hope Springs Housing, Inc.:

Hope Springs Housing, Inc. ([www.hopespringshousing.org](http://www.hopespringshousing.org)) is a Georgia-based 501c (3) non-profit founded upon the principle that a housing-first approach will provide women a second chance to renew the bond between a rehabilitated mother and her dependent children by creating a safe and supportive home environment.
