Dear Robin Peak

On behalf of the Charity and the team here at LNAA, I would like to personally thank you so much for your recent donation of £165.00

Your support is so vital at this present time given the situation regarding Covid-19. These last few months have been completely unprecedented for us all, and we hope you and your loved ones are staying safe and well during this incredibly difficult time.

Thanks to the support of kind-hearted people like yourself, our Ambucopter and crew continue to respond to 999 calls across the two counties and our crew have taken delivery of full Personal Protective Equipment to ensure the safety of our patients, and of course, to protect themselves. During the month of June our crew responded to 72 lifesaving missions and treated 52 different patients. 20 people were taken to 4 different hospitals and 5 advanced clinical interventions were carried out on scene.

All Community fundraising activities and talks remain cancelled and we continue to review what activities we can / can't do as the government advice changes. All of our shops have been temporarily closed, however we are now looking to potentially restart operations sometime in July, with a phased approach, to ensure that robust safety protocols are in place for our volunteers and staff first before we can open to the public.

Naturally our income has and will continue to be severely impacted and that is why I am so thankful for your donation. Patients' lives still depend on us being there and your continued support is so appreciated.

From all of us at the Lincs & Notts Air Ambulance thank you for enabling us to remain committed to supporting our communities during this time of uncertainty.

Stay safe and well

With best wishes,

Karen Jobling  
Chief Executive Officer
