

QMShows Independent Representative Opportunity

Six Figure Income from Home or Your Chosen Location

QMShows offers independent representatives the opportunity to earn a six figure income from home, from their own office or chosen location.

Stories Are Memorable - Businesses Need to Be Remembered.

Our product is simple to understand, easy to explain, and built around one of the oldest, most powerful truths in human communication.

From the oldest tales in history to the biggest blockbusters in theaters today, people inherently remember characters, places, objects, and journeys:

- **Adam and Eve** in the Garden.
- **Dorothy** on the Yellow Brick Road.
- **Luke Skywalker** fighting across the stars.

These narratives stay with audiences because they create powerful emotional impressions, and those impressions become lasting memories. Business works the exact same way.

People naturally tune out ordinary advertisements, aggressive sales pitches, repetitive slogans, and standard offers because they see thousands of them every single day. But when a business becomes part of an engaging story, it becomes impossible to forget:

- A **furniture store** can become the home of the "lucky couch."
- A **restaurant** can become the place where every single table holds a secret.
- A **pet groomer** can become the central setting for a story customers genuinely care about.
- A **home repair company** can become the calm hero in the middle of household chaos.

Story Creates Memory. QMShows uses this precise principle to help businesses stand out, cut through the noise, and remain unforgettable to their customers.

What QMShows Creates

QMShows collaborates with local and regional businesses to create short, cinematic story episodes where fictional characters, emotional twists, mystery, comedy, drama, and brand personality happen right in and around the business itself.

By integrating the client's actual location, products, services, staff, and customer solutions into an ongoing narrative, we turn the business into more than just a name in an ad—it becomes a landmark where something memorable happened. When people remember a business, they return to it, recommend it, and buy from it.

Versatile Production Styles

Our productions are tailored to match any client's specific goals, presentation preferences, and budget:

- **Live-Action Productions:** Featuring real people, business owners, staff members, or professional actors acting as the stars of their own attention-grabbing series.
- **Stylized Digital Formats:** Utilizing advanced 2D/3D animation, custom caricatures, digital avatars, or illustrated story episodes.

These stories continue as riveting, attention-commanding episodes, keeping viewers entranced and wanting more—just like a favorite television series with compelling characters that audiences simply must follow into the next episode. This is precisely why our creations make all the difference and far surpass anything else on the market. Ask yourself this question: are you more likely to remember a random, insignificant advertisement or a favorite ongoing TV series that you fell in love with? What we do is exactly like that favorite TV series.

The Mobile-First Advantage: Quantum Media's streaming content producer, QMShows, has developed hundreds of successful projects across a wide range of formats. Today, we are actively advancing our deep library of original concepts into the 9:16 vertical-screen formats that audiences use most—smartphones, tablets, and modern streaming platforms. We deliver mobile-first entertainment for the way people watch *now*.

The \$100,000+ Income Roadmap

A Premium 30% Commission Structure

Earning a six-figure income as a QMShows representative is an entirely achievable goal built on a straightforward sales model. To clear a **\$2,000 weekly income**, your target is to secure just **two flat-rate product sales per week**.

The Commission Pricing Matrix

Product Format (30-Second Vertical)	Client Price	Your Commission (30%)
The Cine-Scroll Ad <i>(Motion Graphic Novel Style)</i>	\$3,000	\$900
The Micro-Cine Ad <i>(Cinematic Mini-Movie Style)</i>	\$4,000	\$1,200

Weekly Sales Scenarios (Hitting the \$2,000+/wk Goal)

You have total flexibility to mix and match formats depending on your client's budget. Closing just two standard accounts a week instantly unlocks your target income level:

- **Scenario A: The Balanced Week (1 Cine-Scroll + 1 Micro-Cine)**
 - *Your Sales:* 1 Cine-Scroll (\$3,000) + 1 Micro-Cine (\$4,000) = \$7,000 gross volume.
 - **Your Weekly Paycheck: \$2,100** *(Goal Exceeded)*
- **Scenario B: The Premium Week (2 Micro-Cines)**
 - *Your Sales:* 2 × Micro-Cines (\$4,000 each) = \$8,000 gross volume.
 - **Your Weekly Paycheck: \$2,400** *(Goal Smashed)*
- **Scenario C: The High-Volume Week (2 Cine-Scrolls)**
 - *Your Sales:* 2 × Cine-Scrolls (\$3,000 each) = \$6,000 gross volume.
 - **Your Weekly Paycheck: \$1,800** *(Secure just one extra add-on or deal a month to maintain a strict \$100k+ pace!)*

Maximizing Your Revenue with Upgrades

To make scaling your paycheck even easier, we offer an **Add-On Menu** for clients who want to expand their campaigns (such as requesting accelerated delivery turnarounds, extra

custom revision rounds, or additional voiceover tracks). Every add-on upgrade chosen by the client automatically increases the total invoice and immediately increases your commission payout.

The math is simple, scalable, and highly rewarding: Secure just one Cine-Scroll ad and one Micro-Cine ad a week, and you are on track to earn **\$109,200 a year**.
