***Thank you for taking this opportunity to be a HERO
to children within our community!***

All proceeds raised will benefit Friends of Kids with Cancer, a St. Louis based organization dedicated to delivering smiles and joy to children and families affected by childhood cancer. Friends volunteers make regular rounds at Siteman Kids, the cancer treatment facility within St. Louis Children's Hospital, delivering meals, games, toys, and many other items to children and families, aiming to soothe the pain and worry during treatments. This organization has been instrumental in providing support to countless families since its inception in 1992. "It's the generosity and thoughtfulness of organizations like Friends of Kids with Cancer that have helped brighten our path on some of the darkest days." – Christina, Marshall's mom
