

Remnant of Grace Outreach Ministries, Inc.

Ministerial and Deaconate Ordination

Training Module

Course requirements

Listed below are the requirements needed to enter the ordination program. One of the purposes for having these requirements is to filter out applicants that have no business applying.

- Must have been a Christian for at least three years.
- Must be of outstanding reputation within your church.
- Must have the pastor's approval before applying.
- Must have a good credit report, as it will be checked.

The requirements in this manual are the ones set by the Board of Directors and Ministerial Licensing Committee that need to be satisfied before an ordination can be issued. These requirements will be divided into different levels depending on the type of ministerial credential or church officer certification. Currently we offer 1) Commissioned Minister 2) Licensed Minister and 3) Ordained Minister and training for church officers.
