Auctioneers notes: As you can tell, this is a BIG auction. You will WANT to see the pictures on the WEBSITE! I even had to put pictures into 6 different links-so if you didn't want something in one of the areas you can skip it! However, some pictures could have been put int 2 or more groups! So may want to quickly check them out! We even had to flat it out before we set an auction date! Because I wasn't sure how long it would take. David had worked as a fish and game warden and Maryba worked as security at a local store.
