

Angst Movie: Connecting to Area Resources

In addition to the panelists, the East Cobb and surrounding area includes numerous mental health professionals. As this is not an exhaustive list, you may also refer to the Cobb County School District Family Resource Database with over 1,000 agencies and providers available to school staff, parents and the community at large with a wide range of resources, including mental health. To access these resources, visit [The Family Resources Website](#) where you are able to search by service type, agency name, or zip code.
