

SUN CONTROL – CERAMIC

Control the sun with ceramics with 3M™ Sun Control Window Film Ceramic Series.

- Keeps you cool by rejecting up to 80% of the sun's heat-producing infrared rays
- Non-metallised film comes in a natural tone to provide amazing clarity.
- Significantly blocks the amount of harmful UV rays that cause fading, helping to extend the life of your furnishings
- Rejects up to 59% of the heat coming through windows
- Manufactured with a scratch-resistant coating to ensure clear views
- Films allow 30% to 50% of the natural light into the space
- Includes a comprehensive warranty from 3M
