

SUN CONTROL – PRESTIGE INTERIOR

Let in the light. Not the heat. Superior comfort and clarity with 3M™ Sun Control Window Film Prestige Series.

- High visible light transmission providing excellent aesthetics
- Infrared rejection providing energy savings and enhanced comfort*
- Low interior and exterior reflectivity enhances views while maintaining exterior appearance
- Non-metalized film with no signal interference and no chance for corrosion
- Helps extend the life of furnishings by significantly reducing harmful UV rays, the largest cause of fading
- Comprehensive warranty from 3M

Aesthetics. Comfort. Energy savings. Protection. Take sun control to a whole new level for your building. Sunlight streaming through windows can create excessive heat, uncomfortable hot spots and glare. These issues may impact energy costs, tenant comfort and retention and, ultimately, your bottom line.

Beauty and performance that metallic films can't match.
