

CLIMATE CONTROL

Virtually invisible insulation. Enhance comfort and efficiency year-round with 3M™ Thinsulate™ Window Film Climate Control.

- Helps provide increased insulation performance much like upgrading single pane to double pane and double pane to triple pane windows
- Helps improve comfort during cold winter months
- Heat rejection helps provide comfort and energy savings in the summer months
- High visible light transmission film
- Helps extend the life of furnishings by significantly reducing harmful UV rays, the largest cause of fading
- Comprehensive warranty from 3M

Heat Gain Reduction	35%
Visible Light Reflection (interior)	12%
Visible Light Reflection (exterior)	15%
UV Rejection	99.9%
Residential Warranty	Limited Lifetime
Commercial Warranty	15-year

Application of this film is less expensive than actually replacing all the glass, and the results rival or match the performance, and appearance, of new glass. Easier and more affordable than replacing your windows, 3M™ Thinsulate™ Window Films is an efficient, cost effective way to meet your window insulation needs.

Thinsulate, insulation for your windows.
