

Robertson County Fair
Springfield, TN
2026 MWFA RULES

Any 1980 and newer 2 wheel drive car / minivan / mini truck / mid-size SUV.

NO full-size trucks or SUVs.

All vehicles must be stripped of all glass, plastic, headlights, taillights, and anything else that could fall off during the derby.

All vehicles must remain stock.

Do not alter bumpers in any way.

Factory bumper shocks must remain in factory location if used.

No welding on bumpers.

You may double strand 9 wire the bumpers in 2 locations per bumper.

NO WELDING anywhere besides the driver's door.

You may weld 6 inches per vertical seam on driver's door only.

All other doors must be seat-belted shut, wired, or chained shut in 4 places per seam.

Batteries may be left in stock location or moved inside to the passenger floor or seat area.

Battery must be covered and not moving.

If factory gas tank is in front of the axle, you may leave it there.

If it is behind the axle, you must move it to the rear seat area.

Factory or aftermarket tanks may be used but must be completely secured.

Hoods, tailgates, and trunks may be wired or chained in 4 places total.

Sheet metal to sheet metal only.

Nothing to frame.

If you remove trunk or tailgate, you lose those chain or wire points.

Rear seat bar may be added, welded post to post.

2x6 for side bars Max ONLY. 4x4 for cross bars Max ONLY.

installed but no legs to sheet metal.

This is only for driver safety, not to strengthen the vehicle.

Driver's door may have a plate welded on the outside for driver safety.

DOT tires only.

Stock wheels only with no metal added.

All wheel weights must be removed.

Only tubes and air allowed inside tires.

⚠ These rules are to the point. Do not read anything into them.

You can only do what is listed — nothing more.
