

Certification Review Course Opportunity

Why Get Certified?

To remain as competitive as possible, you must be certified! The bar continues to be raised in the security profession. Employers want to ensure they are hiring the most knowledgeable practitioners in the business. A professional certification from ASIS International has the backing and the credibility of the most preeminent professional security society in the world. Make an investment in your future and get certified in one of three areas:

- Certified Investigator (PCI)
- Physical Security Professional (PSP)
- Certified Protection Professional (CPP)
