

## **Level One Course Description**

Combat Tracking Level-I course is our Basic Combat Tracking course, and a prerequisite for enrollment in to Combat Tracking Level-II and III. This was developed By David Scott-Donelson for Military / Police / Security and Corrections Personnel operating in non-permissive environments, to include Command Staff and Divisional leaders who require a basic understanding of tactical tracking and its operational capabilities.

Our courses cover the basics of tactical tracking, locating, and identifying spoor, following a track line, and tactical tracking operations. Additionally, all our courses can be custom tailored to meet your specific operational needs. Many of our Tactical Tracking courses incorporate several of our individual blocks of instruction related to Firearms Training, Combat Trauma Care, Tactics, and Land Navigation etc.

5 Day 50 Hour Course Content Includes:

- Basic Tracking Techniques
- The Rules of Tracking
- Dynamics of a Footprint
- Action Indicators
- Visual Tracking Indicators
- Roles of a Tracking Team
- Tactical Formations and Scenarios
- Lost Spoor Procedures
- Encounter / Direct Action Drills
- Conducting the Follow-Up
