*Building Dreams*

So yes, we manage. We develop. We innovate and we grow. And we build — we're always building.

And what it all adds up to — what matters most — is building a brighter future, and a sense of self-worth and pride, for the people and communities we are so honored to serve.

That's the impact Biggs can have on this world. And it's extraordinary!

## We're different — and proudly so.

In a world of parity and market clutter, we've found there is three simple values that set us apart

### Integrity guides US.

We seek to be fair, trustworthy, and honorable in every situation.

### Vision drives us.

We believe that our efforts can make the world - neighborhoods, communities, cities, and regions - a better place than we found it.

### Kindness inspires US.

It's not about apartments, houses, or residences. It's about home. A place to feel safe, valued, and dignified.

### Overall Goals

To build a brighter future for the communities we serve.

To foster pride and enrich the lives of those impacted by our work.

To remain unified in our vision to achieve great things for ourselves and those around us.

To exceed expectations and promises every day

## Guiding Principles

We commit to engage with one another, contributing our experiences and information for the betterment of our team

We commit to respect one another and trust that others' decisions reflect common goals.

We commit to approach our work with honesty, integrity, and passion.

We commit to maintain good faith in the actions and decisions of our team and community partners, regardless of the outcome.

We commit to continual growth in our communication, systems, and education.
