TYPICAL REQUEST

3-4 Week Turnaround

Builds cannot be started until both the study protocol and eCRF guidelines are available.

All builds will be based upon study protocols and eCRF guidelines. Site specific requests will be charged extra upon approval.

All build prices are initially determined by the build type and will increase based on complexity, the number of visits, and the number of procedures. Each build request will be analyzed, and a price quote will be provided. Approval of the quote is required before starting the build.
