

Sl.No	Topic	Contents
1	Jmeter	What is Performance Testing ?
		Uses of Performance Testing
		JMeter Installation
		Build JMeter Test Plan
		JMeter Test Plan
		Test Plan Elements
		JMeter Test Plan
		JMeter Thread Group
		JMeter Controllers
		JMeter Listeners
		JMeter Timers
		Configuration Elements
		Pre-Processor Elements
		Post-Processor Elements
		JMeter Functions
		Running the tool
		Analyzing Test Results
2	Gatling	Introduction to Gatling
		Installation of Gatling
		Fundamentals of Gatling Scripting
		Purpose of API Load Test
		Integrating API Test Scripts to Gatling
		CSV Feeders
		Gatling Load Simulation Design
		Basic Load Simulation
		Ramp Users Load Simulation
		Fixed Duration Load Simulation
		Running Gatling Tool
		Adding Assertions to our Gatling Scenario
		Gatling Results Analysis
