

# Be Empowered Farm Futures

## Exciting new things

Its begun .....

Our new site in Westerleigh is taking shape. We started with blades of grass in a field. Already we

have our fencing finished and the main Hub is about to be completed. See the pictures of the foundations being laid, the unit coming together, the roof proudly taking position and the windows and doors being fitted.

THE SUN SHINES .....

## Our new home!

## Things to sow:

Peas, broad beans, onion seeds, kale, beansprouts, wheatgrass

Coming Soon

Goat Walking

Animal Care

Wood Work

Small Animal Care

Our Christmas Meal

19 December 2019  
Christmas Snacks in  
the Nest, Page Park

# Gardening advice from RHS

## November:

Leaves are falling rapidly, and wind and rain are on the increase. Tender plants will need protecting from frost, gales and freezing rains. Move plants into the greenhouse, or into a sheltered spot, but if you can't, it is worth wrapping plants or pots. Remember winter can be a tough time for birds in terms of water and food, so keep supplies well topped up.

## Top 10 Jobs for the month:

Clear up fallen leaves - especially from lawns, ponds and beds

Raise containers onto pot feet to prevent waterlogging

Plant tulip bulbs for a spring display next year

Prune roses to prevent wind-rock

Plant out winter bedding

Cover brassicas with netting if pigeons are a problem

Insulate outdoor containers from frost - bubblewrap works well

Stop winter moth damage to fruit trees using grease bands around the trunks

Put out bird food to encourage winter birds into the garden

Use a seasonal bonfire - where this is allowed - to dispose of excess debris unfit for composting
