

INSURANCE AND PAYMENT OPTIONS

- Our office is out of network with ACA/ Market Place insurance plans.
- Our patients aging into Medicare can request current plans options for supplemental plans accepted.
- If you do not have insurance or do not have a plan that we are in network with, our client bill or Direct Primary Care (unlimited visits) payment plans would be options you can consider at our office. Please view our website, email, or call the office more information.

Nationwide Primary PPO Network. The PHCS Network for out-of-area access extends the PHCS Network outside a health plan's local service area.

Nationwide complementary PPO network. This network is also used for Workers' Compensation and Automobile Insurance programs.

PHCS Savility® PHCS Savility is MultiPlan's "virtual payer" primary PPO. PHCS Savility offers a number of features designed to behave to PHCS Savility Network Providers like a single payer network — a standard ID card format with the PHCS Savility logo in the upper left, a uniform claim submission process used by all Client/Users, one service line for all Clients/Users, and Client/User payment consolidated and forwarded to PHCS Savility Network Provider by MultiPlan. EOB/EOPs feature the PHCS Savility brand in the upper left corner.
