### ST. TAMMANY PHYSICIAN NETWORK PRIMARY CARE LOCATION

The St. Tammany Physician Network Primary Care has announced their newest location at Money Hill on Highway 21. This is NOT an urgent care facility. It will provide primary care services and the hours of operation are Monday - Friday 8 am - 5 pm. It is preferred to have an appointment and same day appointment are available. In addition to primary care services, they also provide lab draws and imaging. If St. Tammany Health System provides your primary care services, this is a convenient location to be seen and have basic imaging and lab work.

### Online Payments Through Zelle

The Online Payment option has been utilized by members and the Board is happy to offer this option for timely payment of the annual dues. Some residents have still not sent in their dues payments and we encourage you to do so before any late fees are assessed.

### USDA & Nuisance Alligator Hunter

The Board contacted USDA about an alligator sighting and they referred it to a Nuisance Alligator Hunter. The alligator has been killed and the Officer also put out several lines with bait to catch any other alligators. No other alligators were found and this alligator must have travelled between Lake Cormorant and Lake Crane because sightings were on both lakes. So there is no more alligator activity.
