**Grasslands Sheep
Exhibition**

July 20th to 22nd, 2018

Humboldt, SK

2018 Grasslands Sheep Exhibition

The Saskatchewan Sheep Breeders' Association was established in 1909 by a group of sheep producers who wanted to improve the sheep industry in Saskatchewan. This group knew that by working together, they could promote the sheep industry, deal with significant issues & support each other in the raising of high quality breeding sheep.

Today, the SSBA has members from all over the province, producing purebred & commercial sheep. There are breeders of about 14 different purebred breeds of sheep as well as several crosses.

2018 is now the 41st year of holding the Grasslands Sheep Exhibition. We are all very proud to have been able to continue the legacy of what those in 1977 started. From Vanscoy, Assiniboia, Drake & now Humboldt, all the venues have all ended with the same result, of promoting the production & sale of high quality purebred & commercial sheep in Saskatchewan. We endeavor to keep the Grasslands Sheep Exhibition going for many more years and thank you all for attending the show and sale.

Ghostpine 3C	North Country Cheviot Birth Weight: 12 lbs June 26 Weight: 160 lbs 7E is one short but built correctly ewe lamb, she has strived with weight gain, as a baby beside mom, she was gaining .65lbs a day then weaned and on to a creep feed, was gaining 1.0 lbs a day. She is a sharp looking ewe & the first we have ever offered for sale. We are excited to see her go to someone else to help increase someone's flock as what her mom has done for our flock. 7E is a strong ewe lamb that will for sure bring someone a new friend, she is even halter broke & is not too crazy. She possesses the classic north country cheviot breed & build, from being short to the ground, the roman nose & the square box build.

This ram as a baby gained .75lbs a day just on his mom, once on feed, was gaining .95lbs a day. 3E is built like the old-style cheviots, which we strive to breed for. He has a great bone structure, even through his body & he shows off the roman nose. If you want a ram to bring some quiet behaviour into your flock, this is definitely the one for you, being a north country & quiet, that's something that doesn't happen often.

When their impact is more than their tracks.

The Wildlife Damage Compensation Program provides compensation to all Saskatchewan producers for the death or injury of livestock, fowl or specialty animals due to predation. Compensation is also available for alternative feed systems, stacked hay and forage damaged by big game. Producers must contact SCIC as soon as losses are noticed.

HERE FOR YOU YESTERDAY, TODAY, TOMORROW.

Since 1975, Peavey Mart stores have been active members of Western Canadian communities, and gathering places for neighbours to trade stories and advice.

More than 40 years later, there's still no place quite like Peavey Mart. We still have our home office and distribution centre in Red Deer. We serve Western Canada with 37 stores, including our newest locations in Brandon, Winkler, and High Prairie, as well as Online. We're proud to offer unique products, top brand names and down to earth service.
