Your wedding venue

In the picturesque village of Sulgrave, set in charming gardens and surrounded by seasonal flowers and apple blossom, Sulgrave Manor can offer you the perfect backdrop for your wedding.

A unique heritage venue with bespoke indoor and outdoor weddings held in a beautiful Manor, Barn and private gardens. The Manor itself is a superb example of a modest manor house of Shakespeare's time and was once home to the direct ancestors of George Washington. The 16th Century house offers a warmly formal venue for both Civil Ceremonies and Partnership Ceremonies.

The CEREMONY

MANOR HOUSE

Enter the 16th Century Manor House and walk through landscaped gardens leading up to the stunning oak door. The classically beautiful setting of Sulgrave Manor is licensed for Civil Marriages and Civil Partnership commitments in the Great Hall of the Manor House, allowing seating for up to 75 guests.

As an extra touch, we offer private tours for weddings, allowing guests to view the entire house with one of our dedicated tour guides.

BARN & GARDENS

Couples can also share their ceremony or partnership in our Barn, which is designed to compliment the historic Manor House. Featuring modern facilities, it allows a ceremony for up to 100 seated guests.

Following the ceremony, your guests are free to roam and enjoy reception drinks, canapes and games on our stunning lawns and courtyard. Surrounded by lovely views, our gardens provide a wealth of backgrounds for memorable photographs in any season.

Couples are responsible for contacting the District Registrar for ceremonies.

“The team at Sulgrave was amazing & we loved the flexibility they allowed us to have there. We never felt we were dictated to about what we could do so our day felt truly unique.”

Charlotte & Simon

“The rooms & grounds looked stunning, the hard work you put in was amazing! Sulgrave Manor is a beautiful venue & if anyone asks me to recommend somewhere I will tell them about you.”

Judy - Mother of the Bride

The RECEPTION

The elegantly designed Barn with oak beams, timbered gallery and opening on to a charming terrace garden, allows you the flexibility to choose the style, theme and colour palette you want.

The Barn lends itself to the intimacy of the smaller wedding but will seat up to 90 guests for a wedding breakfast, using any caterer you desire. A marquee on the terrace can provide additional seating or drinks reception area for up to 120 seated guests, with a maximum capacity of 150 in the evening.

For larger weddings, our spacious lawns allow the option of a marquee or tipi giving a garden party atmosphere. We can also offer additional space hire for chill out areas, photo booths or creche.

We want our couples' weddings to be as stress free as possible, giving the reassurance of setting everything up the day before.
