

Kenneth,

I am a Republican candidate for Delegate for District 15. I am currently on the Montgomery County Board of License Commissioners and I am continuing to serve in this role but will immediately resign if I am elected. My experience serving on the Board will be very useful if I win. Because of my position and ethics concerns, I am publicly remaining neutral on this topic so I will not be able to participate in your survey.

As a Board member, you may already know that I do not influence the alcohol laws on the books. My role is to approve licenses and to listen and decide on cases where violations may have occurred. I should also note that because of broad interpretations of the state and local liquor laws, I am not accepting campaign donations from anyone who has a financial interest in the alcohol industry. Thank you.

Laurie Halverson
Candidate for State Delegate, District 15
