VEHICLE SECURITY — THEFT FROM MOTOR VEHICLE

There are a number of valuable items that are a common target for thieves to steal from vehicles because of their value and ability to be sold for quick cash. These include:

- Laptops
- GPS devices
- Mobile phones
- Cameras
- Sporting and fishing goods
- Cash/wallets

To reduce your chances of becoming a victim of theft, please consider the following security tips.

- Ensure all valuables are removed from your vehicle or conceal them in the boot of the vehicle before arriving at your destination.
- Lock your vehicle doors and close windows.
- Install an audible alarm.
- At night park your vehicle in a well-lit area.
- Engrave your valuables with your driver's license number prefixed with 'S' for South Australia.
- Park your vehicle in a garage at night where possible.
- Avoid hiding a second set of keys in the vehicle - if the vehicle is broken into, they may find the keys and take the car as well as your valuables.
- Avoid placing bags and wallets on the passenger seat where they could be easily grabbed.

Thieves will look into vehicles to see what items can be easily stolen. Even a small amount of cash may be the catalyst for becoming a target. Ensure you conceal or remove all cash and valuable items from your vehicle.

For further information please go to www.carsafe.com.au

If you have any questions please contact the Police Crime Prevention Section at your nearest police station or visit www.police.sa.gov.au.

 **NHW HELPING
THE COMMUNITY**

WatchSA

Neighbourhood Watch areas work against crime: the public are the eyes and ears for the police in our neighbourhood.

Keeping people informed, being observant and alert, is being proactive against crime. The police can only be in one place at a time, and the area they cover is large.

Any information the public can give Police helps in their investigations.

Come to a meeting, see what we do and show support for your NHW area (details on front page).

HOME SECURITY

To reduce the opportunity for thieves to gain entry into your home, consider the following crime prevention security tips:

- Ensure appropriate keyed locks are fitted to all doors and windows.
- Even when you are outside, be sure to lock all doors and windows.
- Lock gates, garages and sheds when not in use.
- House keys, car keys and garage remote controls should be kept in a safe location. Thieves may use them to gain entry to your home or to steal your car.
- Install and activate an alarm system.
- Keep trees and bushes in front of doors and windows trimmed to avoid being used as hiding places.
- Lock all garden tools and ladders away securely so they cannot be used to break into your home.
- Don't leave valuables in obvious places. Thieves often target jewellery in jewellery boxes on bedroom dressers & other valuables in bedside drawers and cupboards.
- Break down packaging of expensive items and place it in your bin. Don't leave it next to your bin on the street.
- Lock your meter box to prevent thieves interfering with your power supply (contact your local electricity provider for more information).

Mark Valuable Property

- Use an engraver, ultra violet (UV) pen or microdots to mark property.
- UV pens are best used for items that cannot be engraved e.g. ceramics, antiques etc.
- Mark your valuables with your driver's licence number, prefixed by the letter 'S' for South Australia, e.g. S123456.
- Photograph jewellery with a ruler beside it to give an indication of the actual size.
- Record all details on a property record and keep this in a safe place.

For further home security crime prevention information please visit www.police.sa.gov.au or contact your local police station.
