Area Co-ordinator News

In March, the Honourable Carolyn Power our local State MP, graced our first meeting for the year. Carolyn recognised a few of our long-standing members shown at the meeting in the photo below.

Please note we will not be meeting in June owing to Caronavirus restrictions but will meet again September. Hope to see you there. In the meantime keep safe and keep socially-distancing. **Regards, Sesh**

Photo (L to R):

PROTECT YOURSELF KNOW THE SCAM

"I don't believe everything I'm told, do you?"

Anyone can be a target for scammers – so be on the look out. Scammers use sophisticated methods to take your money.

To learn how to **PROTECT YOURSELF** and **KNOW THE SCAM** visit www.scamwatch.gov.au

Report all scams to the police assistance line by calling 131 444.

Business Security

The following checklist will help you identify the strengths and weaknesses of your business' physical security.

Common vulnerabilities may be identified whenever your response is no.

BUILDING SECURITY

- Are all external doors and windows in good condition and professionally fitted?
- Are there good quality locks on all doors and windows at ground level?
- Are there good quality locks on each accessible door and window above ground level?
- Can internal doors be locked when the building is left unattended for long periods?
- Do you nominate members of staff to check that all doors and windows are closed and locked at the end of the business day?
- Do you have good visibility around the perimeter of your building?

- Do you have adequate lighting around your building during the hours of darkness?

CCTV

- Do you have your CCTV cameras regularly maintained?
- Do your CCTV cameras cover the entrances and exits of your building?
- Do you have CCTV cameras covering critical areas of your business such as server rooms or cash offices?
- Could you positively identify an individual from the recorded images on your CCTV system?

NEIGHBOURHOOD WATCH HELPING THE COMMUNITY

Neighbourhood Watch areas work against crime: the public are the eyes and ears for the police in our neighbourhood.

Keeping people informed, being observant and alert, is being proactive against crime.

The police can only be in one place at a time, and the area they cover is large. Any information the public can give Police helps in their investigations.

Home Security

An effective way of improving the security of your home, from the environment around the boundary to the high-value items contained within its walls, is to consider security measures for three strategic layers.

The three layers to think about are:

1. Perimeter
2. Exterior
3. Interior

This process can be applied to every type of home, from the bungalow style home with gardens, to town houses, and even single student rooms found in shared houses.

At each layer the aim is to implement good security measures which will deter the offender by making it harder and riskier for them to get in and out of your home.

Each of the following sections will provide you with helpful hints to make it harder for a burglar to penetrate each of these layers.

The preferred answer to all questions is YES. Any question answered with NO indicates a weakness in your home security.

PERIMETER

- Is the area around the house free from items that an offender could use to break in i.e. bricks, ladders, and garden tools?
- Are sheds, garages and outbuildings locked at all times?
- Have you trimmed trees and plantings to provide good surveillance from the road?
- Are vehicles at the premises secured with all belongings removed when not in use?

- If you have a garage, is it used to secure the vehicle(s) inside, instead of being used as a storage space?

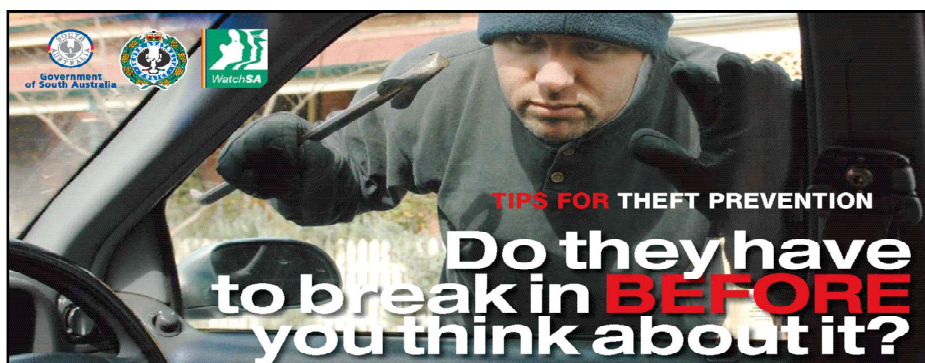

EXTERIOR

- Are doors kept locked with keys removed?
- Do you avoid leaving spare keys in accessible places, i.e. under plant pots, door mat or stone?
- When you are outside do you lock all doors and windows?
- Are ground floor and accessible windows closed and locked?
- If you have an alarm fitted, do you always use it?
- Do you have exterior security lighting fitted?

INTERIOR

- Do you use lights with timer switches when leaving the house unoccupied?
- Are items such as cash, car keys, laptops, jewellery and phones kept out of view and in a safe location?
- Do you avoid leaving high value items, including jewellery in obvious places, i.e. in jewellery boxes in the bedroom?
- Have you made a written and photo record of items of value?
- Have you marked valuable items with your driver's license number prefixed with the letter 'S' for South Australia using an engraver or ultra violet pen?
