HOW TO PROTECT YOURSELF FROM SCAMS

STOP – Don't give money or personal information to anyone if unsure.

Scammers will offer to help you or ask you to verify who you are. They will pretend to be from organisations you know and trust like, Services Australia, police, a bank, government or a fraud service.

THINK – Ask yourself could the message or call be fake?

Never click a link in a message. Only contact businesses or government using contact information from their official website or through their secure apps. If you're not sure say no, hang up or delete.

PROTECT – Act quickly if something feels wrong.

Contact your bank if you notice unusual activity or if a scammer gets your money or information. Seek help from IDCARE, report scams to Scamwatch and cybercrime to ReportCyber.

What you can do to protect yourself today:

1. Beware of anyone offering you easy money through investment or a job. Visit moneysmart.gov.au to avoid investment scams.
2. Check invoices and bills before paying, by independently calling the business on the publicly listed number.
3. Add steps to show who you are when you log into your online services. This could be a code sent to your phone, a token, a secret question or your face or fingerprint.
4. Never provide information, passwords, or codes over the phone or via text to anyone. Contact government, businesses, and banks through official channels.
5. Immediately report any suspicious activity to your bank.
6. If you need crisis services or emotional support, contact Beyondblue 1300 224 636 or Lifeline on 13 11 14.

National operation of DV intervention orders

Laws have been introduced across Australia so that all intervention orders (which are domestic violence-related) are nationally recognised and enforceable.

This means, wherever your order is issued, it will apply in all states and territories so that you are protected wherever you may be in Australia.

South Australia Police supports victims of domestic violence and attends domestic violence situations.

We give the highest priority to the protection and ongoing safety of victims and their children.

Domestic violence is a pattern of abusive behaviour by one person against another:

- in a couple relationship such as marriage or dating
- within a family across generations.

It occurs in all social, age and cultural groups.

Domestic violence includes:

- physical violence
- sexual violence
- emotional abuse
- verbal abuse
- property damage
- financial abuse
- threats to harm
- stalking.

Domestic violence is damaging to victims, their children, family and friends.

Where possible we try to hold the person responsible for the violence accountable for their actions.

Find out more about domestic violence on the 1800RESPECT website.

Dealing with Graffiti

Rapid and Continual Removal of graffiti is one of the best deterrents to stop graffiti returning to the site.

Painting over the graffiti is most effective way to remove the graffiti.

When the graffiti is removed by the "paint out method" be sure to match the colour of paint being used - as close as possible to the existing colour of the fence prior to the graffiti damaged.

Be sure to paint the graffiti over in a "block" formation and DO NOT follow the lines of the tag.
