Any requested and/or granted increase in fees is only valid for one year and will not become automatic for the following year. Though, a club may make this request year after year.

2.5 SIGN-UP

1. At least two people should be assigned for sign-up duties and be familiar with the procedure before the day of the event.

4. A rider's starting number may not be transferred, sold, or otherwise given to any other rider at any Enduro by the rider. If a rider is not satisfied with the row number that he receives, he will pay to re-enter and start at the next available position, as long as he does so before the first rider leaves (key time). After 12:00 noon on the day before the event, he must pay post-entry fee. Transferring of numbers will be reason enough for disqualification of both riders and loss of SERA Championship points and / or membership. A rider may, if the host club permits, ride on another rider's entry fee, and his row number.
5. Row 00 will be reserved as a moment of silence for our members who are no longer with us. Any SERA member rider may request a row number. This request must be in writing and be submitted with the application. The club will honor this request or will assign the rider the next available position. When an "A" rider pre-enters an event, and does not fill up a row, no other "A" rider in the same class can be placed on this row without the pre-entered "A" rider's permission. Only SERA members in good standing may request rows for themselves and/or other SERA members in good standing. These requests will be honored only until the time of the drawing.
6. Spectator map and route info.
7. ***SERA will automatically signup all AA riders by name, one per row between rows 20 and 30. The first event will be based on the previous year's results. The second and subsequent events will be based on the current SERA Overall Points for the year. If an AA rider shows up for the event then they will pay the pre-entry fee. If an AA rider doesn't show up, then they will be deleted from the event registration.***

2.6 RIDERS' MEETING

4. The SERA Club Council strongly recommends that you please do not litter the campgrounds as well as any other areas that you go during the event.
5. The SERA Club Council requires that the sponsoring club supply one sanitary toilet facility for approximately every 100 participants.

2.8 EQUIPMENT

A. Sound Testing

Riders will be required to have a properly secured muffler or silencer and pass the required SERA sound test and mechanical check. All bikes will be checked by a special Sound Team manned by a SERA club under the direction of the Rules Committee Chairman. No muffler or silencer shall emit a sound louder than listed in table below at a distance of 20 inches at a 45 degree angle to the end of the muffler by use of a decibel meter. The Sound Team may recheck any bike suspected of illegal muffler alterations and disqualify the bike for too much sound or no spark arrestor. A SERA member whose bike's sound level is 94, or below, and has a spark arrestor meeting the requirements will be eligible for a sound sticker. All bikes will be required to be equipped with a proper spark arrestor muffler to lessen the ever present hazard of fires caused by open or straight thru mufflers. Sound test requirements must be published in each club's flyer. Sound testing will be conducted on Saturday, 2 p.m. to 6 p.m. and on Sunday, 6 a.m. to 8 a.m. SEE AMA Rulebook for complete rule requirements.

C. Machines

A rider must finish the race on the same bike he/she started. Immediate disqualification will result from a rider changing bikes during a race.

2.9 TRAIL MARKING

1. Trail marking for all SERA events will consist of solid black arrows on standard 5" x 8" cards or alternative arrows if prior approved by the SERA Rules Committee. All 'Wrong Way' (W) and 'Danger' (X's) must be red on 5" x 8" white cards.
2. The course must be clearly and properly marked by the sponsoring club. The only markers visible to the rider shall be those markers that constitute part of the course being ridden in the event. Danger markers should be posted far enough in advance of a hazard to allow the fastest riders sufficient warning to stop. At each road crossing, the word 'Road' shall be marked on each side of the trail.
3. It is recommended that the host club not use different color trail arrows to avoid confusion along the trail. All host clubs should retrieve all course markers within two weeks following the conclusion of the event, or abide by whatever local regulations require.
4. A member of the promoting club should proceed over the course ahead of the first rider to see that all

- markers are posted.
5. When laying out the event trail, the host club should compute the mileage on one speedometer, which is deemed most accurate.
 6. Turn-marking major turns will be designated by one arrow prior to a turn pointed downward with another arrow pointed in the direction of the turn, halfway between vertical and horizontal.
 - a. Two arrows signifying the turn.
 - b. One arrow after the turn.

7. There shall be a mile marker every whole mile of the trail. The numerals shall be readable.

2.10 GAS STOP

1. The host club should position the gas stop approximately midway of the event course. But, there must be at least one Gas Stop per 45 miles. When racing laps, the Gas Stop Pit Area should be positioned after the scoring tent.
2. All gas containers must be of metal or UL approved plastic.
3. The extra rider's number provided in the packet will enable the gas cans to be placed in rows labeled in such a way as to be helpful to the rider when he arrives at the gas stops. The gas stop will be divided into (10) sections. These sections will be labeled 9,8,7,6,5,4,3,2,1,& 0 and arranged in descending order as the riders enter the gas stop. The cans will be placed in the section corresponding with the last digit in the rider's row number, i.e., if you are on row 03, 13, 43, etc. then your gas can will be at the station labeled #3.
4. Absolutely "NO SMOKING" will be allowed at the gas stop area. The sponsoring club should provide fire extinguishers. A first aid kit is also recommended to be made available.
5. A strict 5 mph speed limit will be enforced in the gas stop area.

2.11 SCORING

A. Championship Series

1. General
 - a. Points toward the Championship Series of the Southern Enduro Riders Association will be limited to SERA members in good standing only.
 - b. The championship will be determined by the accumulated points awarded to a rider, including his / her bonus (work) points, in 70% of the points paying events conducted during the year. If the percentage of races is not a whole number the next largest whole number will be used. A rider's best scores will count.
 - c. A member must have earned class points in at least 50% (rounded up) of the season's points paying events, including his/her bonus (work) points, to be eligible for yearend awards.
 - d. Any participant is eligible for Top 40 points.
2. All participating club members in active clubs will receive bonus points for working their club's event.
 - a. Bonus Points for Top 40, Overall B, Overall C and Overall Special Class shall be awarded as follows = 50 Points (30 points for single day workers)
 - b. Bonus Points for Class score shall be awarded as follows:
ALL Classes = 20 Points (12 points for single day workers)
3. Though, a club may expel a member and/or deny him bonus points if he or she did not fulfill his obligation to the club and/or its event, it will be the responsibility of the club president and referee to determine which Members receive points. A rider may receive bonus points from one (1) club only. All SERA members are eligible to receive a second work point score for working a second SERA event. This score will be based on the average of the rider's earned score in competition; this is the average of the 70% of races competed in minus the two worked event's bonus points.
4. In the event an error has been made in the points posted by the Points Steward, if a rider does not bring the error to the Points Steward's attention within two weeks after scores are posted, the points will stand as posted.
5. The following SERA points will be awarded on the basis of finishing positions at all Points-Paying events

during the event season. For Overall, Overall B, Overall C and Overall Special class:

Points Awarded											
Place	=	Points									
1 st	=	40	11 TH	=	30	21 ST	=	20	31 ST	=	10
2 nd	=	39	12 TH	=	29	22 ND	=	19	32 ND	=	9
3 rd	=	38	13 TH	=	28	23 RD	=	18	33 RD	=	8
4 th	=	37	14 TH	=	27	24 TH	=	17	34 TH	=	7
5 th	=	36	15 TH	=	26	25 TH	=	16	35 ^H	=	6
6 th	=	35	16 TH	=	25	26 TH	=	15	36 TH	=	5
7 th	=	34	17 TH	=	24	27 TH	=	14	37 TH	=	4
8 th	=	33	18 TH	=	23	28 TH	=	13	38 TH	=	3
9 th	=	32	19 TH	=	22	29 TH	=	12	39 TH	=	2
10 th	=	31	20 TH	=	21	30 TH	=	11	40 TH	=	1

6. Should there be a tie in the Overall or Class positions after all points are tallied (accumulation of the best scores from 70% of the total points paying events), the tie will be broken as follows, including bonus points.
 - a. Class Positions: The individual with the most 1st place finishes. If a tie still exists then the most 2nds, 3rds, and on until broken. If a tie still exists based on the best scores from 70% of the points paying events scheduled, the tie will be broken based on the most 1sts, 2nds, 3rds, etc. for all events. If a tie still exists, then use the cumulative results as follows: Top 40 for AA and A riders, Overall B for B riders, Overall C for C riders, and overall Special Class for Special Class riders. If a tie still exists, then use the last head to head competition to determine the winner.
 - b. Overall Positions: The individual with the highest overall (top 40) scores of the best 70% of the scheduled point paying events will be declared the winner. If a tie still exists, the next highest overall score will be added to each individual's points. This procedure will continue until the tie is broken. If a tie still exists then the last head to head competition will determine the winner.
7. There will be points paid to the winners in each of the classes, but those points will count only for Class placement, and not for Overall positions. Only Overall points as listed above will count toward the overall positions listed with the Points Steward.
8. Class positions will be determined by points acquired through class finish positions at each Points Paying event. Class points will be paid as follows:

Class Points Paid		
Place = Points	Place = Points	Place = Points
1 st = 15	6 th = 10	11 th = 5
2 nd = 14	7 th = 9	12 th = 4
3 rd = 13	8 th = 8	13 th = 3
4 th = 12	9 th = 7	14 th = 2
5 th = 11	10 th = 6	15 th = 1

9. A rider can acquire points in different classes, but cannot transfer points from one class to another. All points counted toward one class must remain in that class.
10. When a 'B' rider has accumulated 100 points and is advanced to the 'A' rider class, he will retain those points won in the 'B' class. When a 'B' 40+, 'B' 45+, 'B, 50+ or 'B' 60+ rider wins any class for the second time (not required to be consecutive years nor the same class), he will be automatically advanced to 'A' status and must compete in an 'A' class or an 'A' special class starting the next year.
11. Non-SERA members will not occupy top forty and class positions at any point paying event. They will be removed from the class and top forty positions by the Point Steward and the next SERA rider advanced in each case.
12. All riders must turn in scorecards, even DNF's, in order to receive class or championship points.
13. **SERA events that co-sanction with NEPG only.**
 - a. **SERA class positions for these events shall be determined by the class cutoffs enforced by the NEPG.**
 - b. **SERA overall positions for these events shall be determined by riders that complete the entire course (not stopping at the class cutoffs) gaining top overall SERA positions. If the SERA top 40 positions are not filled, the remaining overall positions shall be filled as per normal scoring conditions. (Ex.: If an event has 6 sections then the riders wanting top 40 points shall complete all 6 sections. The remaining**

overall positions shall be filled with riders that complete section 5, 4 and so on.)

B. American Motorcycle Association 'B' Rider Advancement

1. As stated in the AMA rules, "Advancement from 'B' rider to 'A' rider will be made as soon as the rider accumulates 100 points prior to July 1". SEE ATTACHMENT AT REAR OF ENDURO RULES: AMA ENDURO PROMOTION POINT CHART
2. SERA will allow a rider to continue to compete in the 'B' class (in SERA events) if he has been competing in that current SERA series, in the 'B' class, prior to his AMA 'A' class advancement and meets all requirements in c below. At the conclusion of that series year, this rider must start competing in an 'A' class.
3. Stipulations for SERA's rule over-riding AMA's rule are as follows:
 - i. The rider wishing to continue to compete in the 'B' class must write AMA immediately upon receiving his notification of 'A' Advancement. (See SERA President for further instructions.)
 - ii. The SERA President must submit an accompanying letter.
 - iii. At all AMA National and Regional Enduro events a SERA rider will receive SERA 'B' points in his respective SERA 'B' class while actually competing in his AMA mandated 'A' class. Upon completion of such an event, a SERA rider would be allowed to return to his respective SERA 'B' Class.

C. Results of the Race

1. ***Results of Race using manual scoring:*** All scorecards mylars / scoresheets will be posted by the host club 30 minutes prior to the trophy award presentation to allow proper time for protests and/or questions. The results will be final after the 30 minute period has elapsed from the time that the results are posted and may not be altered at a later date except by the AMA or District Appeal process.
2. ***Results of Race using electronic scoring:*** ***At the conclusion of each SERA adult event the top 3 Overall will be awarded and the C class will be awarded. The remainder of the event results will be validated and published online by the end of the following day, at which time there will be a 24 hour protest period. Any issues with the event results will be corrected during this 24 hour protest period. Once the protest period is over, the event results will be considered OFFICIAL and the awards will be taken to an event or mailed to the participant at the club discretion. The club can ship the awards to the participant, if the participant provides contact information.***

2.12 PROTESTS

1. Each SERA Club or Promoter will appoint a Referee who will be present and available at all times to act upon protests and/or other matters that might be appropriately handled by a person in this capacity. The Referee shall be the principal officer of any meet and shall act as general supervisor of all affairs but shall not attempt to carry out duties of any other official of the event.
2. Any rider competing in a SERA event may make a protest to the Referee regarding any matter relating to the event. The protest must be in writing and be accompanied by a protest fee according to the AMA Rulebook. Protests must be filed with the Referee not later than 30 minutes after the official results of the class are posted. If the referee decides in favor of the protesting party, he must refund the protest fee to the protesting rider. See AMA Rule Book for further information concerning protest.
3. Appeals (To a Protest) - All appeals to a protest must be made to the AMA according to the AMA Rulebook. There is a \$250 fee (\$500 for National) that is required when filing an Appeal to the AMA.

2.14 RIDER SAFETY

1. Clubs sponsoring a SERA point paying event are required to have an ambulance with trained EMT service during the entire race period and during practice.
2. Clubs should have a Safety Plan that establishes procedures for getting an injured rider out of the woods and to medical attention in as timely a manner as possible.
3. Clubs conduct a sweep (cleanup) of the trail system over the entire race course.

2.15 TROPHIES AND AWARDS

1. All classes are mandatory and will not be canceled. A minimum of three (3) trophies or awards must be available for presentation to the winners of each and every class; additional trophies are encouraged for larger classes.
2. In additions to trophies/awards, the top three (3) AA riders (to include overall winner) shall receive their entry money back from the sponsoring club, as a cash award.

2.16 FORMATS

A. Start Control Enduro Format

1. This format allows riders to ride into a check, wait for their number to flip, be scored and then motor on. Restart formats also use "transfer sections" to get riders from one "points taking" section to another. These are essentially "free time" sections in which there cannot be a check.
2. All 'Check-out' Checks will be scored by minutes and seconds, and are calculated from the top of the riders due minute. Scores will be tabulated by the actual number of minutes and seconds that a rider is late to an emergency check. Example: if you are due on minute 20, and come in at minute 21:30, your score is 1 'minute' and 30 'seconds': not 1 'Point' and 60 'Emergency Points'. The riders score will be an accumulation of minutes and seconds totaled together.
3. All check points will be located on a whole minute, and must be calibrated from the last mileage marker nearest that particular check.
4. Spot-checks, observations, or visuals may be established and located on any part of the course by the sponsoring club.
5. There will be a flip-card scoring procedure at all checks. With the exception of the start and restarts, the flip-card will be strategically placed at a 90 degree angle to the trail so that the rider may view the flip-card only after he has crossed the scoring line.
6. The sponsoring club will provide an efficient backup scoring system at each check. The backup system is used in case the rider loses his scorecard, the scorecard becomes unreadable, or in case there is a question in the rider's score.
7. It is the rider's responsibility to have their scorecard at each checkpoint and finish the event with it in

his possession. If a rider should lose or fail to have his scorecard scored and he wishes to have his score figured, the sponsoring club must use the backup system to compute the score. A penalty of 10% of his points lost will be assessed against the rider with a minimum of 1 point and any fractional points will be rounded off to the next highest whole number.

8. All scorecards shall be scored by class and posted in the campground immediately after the last rider finishes the event.
9. Checking stations will display the key time and accumulated mileage to the check. Checking stations will use the following flags which should measure at least 18" square and be diagonally separated. There shall be two flags, one placed on each side of the trail and positioned so as to be visible to the riders.
 - a. Secret Checks.....Red & White
 - b. Emergency Checks.....Green & White
 - c. Known Controls.....Yellow Flag
 - d. Observation Checks.....White Flag
 - e. Start Control.....Yellow & White
10. A rider shall be timed as having reached a checkpoint when such rider enters the checkpoint proper at the instant his front wheel shall arrived opposite the flag.
11. SERA recommends that all clubs use computer type checkpoint clocks. These clocks and/ or other accurate time-keeping devices used by the sponsoring club shall be checked and retained, while still running, following the event in a location to be readily available in case of protests.
12. The total score of a rider shall be based on all checkpoints up to and including the last legal timed checkpoint reached. The checkpoint at which the rider is disqualified shall not be considered in the scoring.
13. The starter's time shall be official. If any timing device fails, such checking station shall be considered an observation check only.
14. Start time shall be 9 a.m., unless club has requested alternate time due to conditions.
15. The rider's time will be recorded in minutes and seconds (or hundredth of a minute) upon his arrival at the emergency check. The following procedure shall be used to break a tied score:
 - a. The time taken at an emergency check shall be taken in minutes and seconds and in case of tied scores, the total emergency points lost at all emergency checks shall be used to determine the winner of the tied score. A rider shall be penalized one emergency point for each second EARLY or LATE AT THE EMERGENCY CHECK WHEN A TIE MUST BE BROKEN. In case a tie still exists, the emergency check closed to the end of the meet shall be used to break the tie.
 - b. If a tie still exists, the affected scores will be compared at the last legal timed checking station in a reversal method, and the first rider to score better at any check, including the last one will be declared the winner.
16. ***Any SERA rider who short cuts or breaks thru a scoring chicane/ribbon in the effort to advance themselves intentionally will be penalized 2 minutes for that section. Each check captain will document any rider that short cuts or breaks thru a scoring chicane/ribbon and the penalty will be assessed by the SERA scorer at the end of the event.***

B. Hare Scramble

1. Length of Hare Scramble course is recommended to be 8 to 10 miles; 5 miles is recommended as minimum length to make scoring easier by not having as many lapped riders.
2. Length of event will be determined by the host club. Temperatures, terrain conditions, and other special circumstances should be considered.
3. Format (total elapsed time or number of laps) must be announced at the riders meeting.
4. Each club must have a designated person with a flag marking the finish line before the chicane, not at the chicane possible 0-50 feet in advance of the chicane and state any rider passing after that point will be disqualified. Riders are to continue through the scoring tent in the order they crossed the finish line.
5. Each individual class will be started together separated by announced time interval.
6. Type of start is left up to the host club, but thought should be given to a format which will keep down confusion and clear the start area for the start of the next class. A moto-cross style start, live engine, should be used only if the start is on a moto-cross track with a starting gate.
7. The starting order is: AA, A Open, A Lite, A40+, A45+, A50+, A55+, B Open, B Lite, B40+, B45+,

Junior, B50+, B55+, 60+, C Class, C30+, C40+, 66+, Women. Host club must check riders at the starting line to ensure they start with the proper class.

8. Riders' numbers should be recorded at all spot checks in the order that riders pass through the check and then be turned in to scorers immediately after the race.
9. The race is over when the first rider on the lead lap finishes his/her required number of laps or total time pre-determined for the race to last. Each rider is finished the first time he/she enters the finish checkpoint after the leader finishes; finishing positions are then determined based on the total number of laps completed by each individual rider. Trophies and points may be awarded to DNF riders if appropriate. Finish positions will be determined by final lap finished by a DNF rider. DNF's will be figured based on finish positions.
10. Clubs must time all riders at the end of the finish lap to determine total elapse time from their start. This will be done for the purpose of determining the overall winner of each event. The top twenty (20) overall finishers will be awarded overall points.
11. If a "Gas Stop" is required, it should be easily accessible to riders during the event, but should allow the rider to get out of the way of other riders who are not stopping for gas on that lap.
12. ***Any SERA rider who short cuts or breaks thru a scoring chicane/ribbon in the effort to advance themselves intentionally will be penalized 2 minutes for that section. Each check captain will document any rider that short cuts or breaks thru a scoring chicane/ribbon and the penalty will be assessed by the SERA scorer at the end of the event.***

C. **Sprint Enduro**

1. A Sprint Enduro follows the rules for enduros with the following exceptions. There is a time limitation to complete the required test section or tests. Test sections should be 2-7 miles in length and may consist of various terrain including woods, motocross, manmade obstacles, grass tracks, and other off-road terrain.
2. All loops must be run in consecutive section order.
3. Riders will be informed on the number of sections or test that they must complete.
4. The riders test times will be recorded at the end of each test section, in minutes and seconds and at the end of the event all test scores will be totaled up and the lowest score wins.
5. At least two special tests with racers making multiple attempts on each test and the total, cumulative time being used for race results. I.e., the fastest rider wins. There will be no "drops" of special test times, all test scores count.
6. ***Any SERA rider who short cuts or breaks thru a scoring chicane/ribbon in the effort to advance themselves intentionally will be penalized 2 minutes for that section. Each check captain will document any rider that short cuts or breaks thru a scoring chicane/ribbon and the penalty will be assessed by the SERA scorer at the end of the event.***
