

5TH ANNUAL SOCIAL SERVICE CONFERENCE

The Stories We Carry, The Strength We Share

Connected by Purpose, Strengthened by Community

LEARNING PATHWAYS

PREVENTION & PEER SUPPORT

*Building Wellness,
Sustaining Recovery*

Two spotlights in one pathway: from building wellness to sustaining recovery.

- **Prevention Spotlight:** Upstream strategies that build resilience and protective factors in families, schools and communities, including suicide and substance misuse prevention, adverse childhood experiences (ACEs) and mental health promotion.
- **Peer Support Spotlight:** Skills for walking alongside people at every stage, from first outreach and engagement while someone is deciding whether to seek help, through treatment, recovery, aftercare and reentry, plus workforce development for peer support workers: collaborating with other peers and care teams, sharing best practices, ethics and boundaries, certification and career growth, and self-care to prevent burnout.

VIOLENCE PREVENTION

*Creating Safe Homes,
Schools and Communities*

Recognizing, preventing and responding to violence of all types: school and student violence, bullying, domestic and intimate partner violence, dating violence, sexual violence, child abuse and neglect, elder abuse, and community and gun violence.

EDUCATORS

*Supporting Students,
Strengthening Schools*

Tools for teachers and school staff to recognize warning signs, support student wellbeing and bring prevention into the classroom.

OPIOID RESPONSE

From Prevention to Hope

The latest on fentanyl and opioids, from prevention and naloxone to treatment with medications for opioid use disorder.

TECHNOLOGY

Innovation in Care

Telehealth, data and digital tools that expand access and improve services, plus healthy and safe uses of technology, including online safety, social media and mental health, cyberbullying, and screen time and digital wellness.

CLINICAL PRACTICE

*Advancing Evidence-Based
and Culturally Grounded Care*

Behavioral health and treatment skills that blend evidence-based practice with cultural traditions.

SYSTEMS & COLLABORATION

Stronger Together

Partnering across agencies, courts and first responders so people get connected care.
