

## FROM THE PRESIDENT

As the year, 2019, comes to a close, a few thoughts with no order of importance:

A very big thank you to Ron Wetmore for all of the time and effort that went into the resurfacing of Devonshire's roads. This was a project that was two years in the planning and execution.

I haven't forgotten the support and cooperation that all of the residents gave during the installation of our new roads and throughout the year in making Devonshire the premier neighborhood in Kings Ridge.

To Mike Stich who has the never ending job of insuring that our landscapers do what they do.

To all of the Board members for their ongoing support and time in promoting Devonshire.

To Marie Mancuso, our neighborhood environmentalist, for reminding us to recycle as much waste as possible. Elsewhere on the website, you will find a list that was created by the City of Clermont of what can and what cannot be recycled.

To Sandy Swingle, appreciation for coordinating the decoration of the entrances to Devonshire at Christmas and throughout the year.

A few housekeeping requests to everyone: remember to keep your driveways tidy, mailboxes clean and yards, front and back, weed free and clean. Remember to pick up your dropped citrus.

Another problem that has been observed, the storm drains are **not** the place to deposit leaves, acorns and any other vegetation. We need to keep these drains flowing.

**Lastly, Nancy and I wish everyone a blessed holiday season and a healthy and prosperous New Year!**

Paul Hannon
