

NDAA and TAA Compliance Statement

February 12, 2024

At Viruni Technology PTE. LTD., safeguarding your security is our utmost priority. As an end-to-end surveillance solutions provider based in Singapore, we take pride in aligning with the National Defense Authorization Act (NDAA) and the Trade Agreements Act (TAA) to ensure the highest standards of cybersecurity and compliance for our valued customers.

In response to the perceived cybersecurity risks addressed by the Interim Final Rule of the NDAA for the Fiscal Year 2019, Viruni Technology PTE. LTD. Is unwavering in its commitment to providing products compliant with NDAA Section 889 and TAA alignment. Our dedication extends beyond mere compliance - it is embedded in our approach to cybersecurity, ensuring that our products meet the rigorous standards required for government and defense applications.

We take pride in emphasizing that all our product research, development processes take place in Singapore. This not only underscores our dedication to quality but also assures our customers that every Viruni product is crafted with precision and reliability.

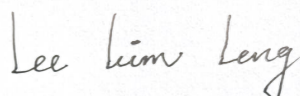

Our relationship with our customers is built on a foundation of reliability, integrity, and consideration for their specific needs. We want you to have complete confidence in the security solutions we provide. Viruni does not have OEM, ODM, or JDM relationships with the vendors listed in the NDAA, ensuring transparency and reinforcing the trust you place in us.

Viruni's commitment goes beyond offering products; it extends to providing NDAA Section 889 and TAA compliant solutions. We are dedicated to keeping you informed with regular updates on our compliance product list, which will be readily available on our website. Your peace of mind is not just our goal; it's our promise to you.

If you have any questions or concerns regarding NDAA compliance, TAA alignment, and Viruni, please do not hesitate to contact us. Your trust is invaluable, and we are here to provide the support and information you need. Thank you for choosing Viruni as your partner in security.

Lee Kim Leng
