

VN-KUD-J01

Hand Held Metal Detector

The hand held metal detector is a high-performance portable metal detector with multiple functions. It is widely used in train stations, bus stations, scenic spots, electronics factories, government, jewelry factories and other occasions, providing a safe work environment.

Functions

- **Sensitivity Adjustment**
Adjusts the sensitivity for detection zone as required.
- **Alarm**
Supports sound and light alarm, or vibration alarm for timely alert.
- **Standby Indicator**
When the green indicator light is on, it means that the device works normally.
- **Security Protection**
The device uses a weak magnetic field and complies with electromagnetic radiation standards to ensure that it is harmless to pregnant women and does not interfere with cardiac pacemakers, floppy disks, photographic film, and videotapes.

Dimensions (mm [inch])

Technical Specification

Overall Exterior Size	420 mm × 90 mm × 45 mm (16.5" × 3.5" × 1.8")
Packing Size	445 mm × 265 mm × 520 mm (17.5" × 10.4" × 20.5")
Net Weight	690 g (1.5 lb) (without battery)
Gross Weight	920g (2.0 lb) (with battery)
Power Supply	With rechargeable battery and charger
Power Consumption	0.27W
Operating Temperature	-20°C to +55°C (-4°F to +131°F)
Operating Humidity	0%–95%
Working Frequency	About 25 KHz
Certification	GB12899-2018 IEC 60068-2-1 IEC 60068-2-2 CE-LVD: EN62368-1 CE-EMC: Electromagnetic Compatibility Directive 2014/30/EU FCC: 47 CFR FCC Part 15, Subpart B
